Aramox 9-32mm Self-Adjusting Wrench Set (2-Piece)

Instruction Manual

1. Introduction

Thank you for choosing the Aramox 9-32mm Self-Adjusting Wrench Set. This manual provides essential information for the safe and effective use of your new tools. Please read these instructions carefully before operation and retain them for future reference.

2. Product Overview

The Aramox Self-Adjusting Wrench Set includes two universal wrenches designed to adapt automatically to various bolt and nut sizes. These tools feature a quick-release function and ergonomic non-slip handles for comfortable and efficient operation.

Image 1: The Aramox 9-32mm Self-Adjusting Wrench Set, showing both wrenches and an example of their application in automotive repair.

2.1 Package Contents

- 1 x Large Self-Adjusting Wrench
- 1 x Small Self-Adjusting Wrench

3. Specifications

Feature	Description
Product Type	Self-Adjusting Wrench Set
Brand	Aramox
Model Number	Aramox730edbg6oi
Material	Metal
Application	Universal (9-32mm)

Operating Mode	Automatic
Finish Type	Powder Coating
Handle Design	Two-color non-slip handles

4. Setup

The Aramox Self-Adjusting Wrench Set requires no complex setup. The wrenches are ready for immediate use upon removal from their packaging. Ensure the wrenches are clean and free from any debris before first use.

Image 2: The two self-adjusting wrenches included in the set, showing their distinct sizes and ergonomic handles.

5. Operating Instructions

These self-adjusting wrenches are designed for ease of use, allowing for one-hand operation and automatic adaptation to various fastener sizes.

1. **Select the Appropriate Wrench:** Choose between the large or small wrench based on the size of the bolt or nut you intend to work on. The large wrench typically handles larger sizes, while the small wrench is for smaller fasteners.
2. **Position the Wrench:** Place the jaws of the wrench over the bolt or nut. The self-adjusting mechanism will automatically grip the fastener as pressure is applied.
3. **Apply Pressure:** Apply firm, steady pressure to the handle in the desired direction (tightening or loosening). The quick-release function ensures a secure grip without manual adjustment.
4. **Release:** Once the task is complete, simply remove the wrench from the fastener. The jaws will release automatically.

These wrenches are versatile tools, ideal for a wide range of applications including plumbing, carpentry, mechanical work, and gardening tasks.

Image 3: A detailed view of the self-adjusting jaws on both wrenches, highlighting their gripping mechanism.

6. Maintenance

Proper maintenance ensures the longevity and optimal performance of your Aramox Self-Adjusting Wrench Set.

- **Cleaning:** After each use, wipe the wrenches clean with a dry cloth to remove dirt, grease, or debris. For stubborn

grime, a mild detergent and water can be used, followed by thorough drying.

- **Lubrication:** Periodically apply a light coat of machine oil to the pivot points and jaw mechanisms to ensure smooth operation and prevent rust.
- **Storage:** Store the wrenches in a dry environment, away from excessive moisture and corrosive substances, to prevent rust and damage.
- **Inspection:** Regularly inspect the wrenches for any signs of wear, damage, or loose components. Do not use damaged tools.

7. Troubleshooting

If you encounter issues with your Aramox Self-Adjusting Wrench Set, consider the following common solutions:

- **Wrench not gripping:** Ensure the jaws are clean and free of obstructions. The self-adjusting mechanism relies on a clear path to engage the fastener.
- **Difficulty in operation:** Check for any rust or debris in the moving parts. Apply lubrication as described in the maintenance section.
- **Damage:** If a wrench is visibly damaged (e.g., bent jaws, cracked handle), discontinue use immediately to prevent injury.

For issues not resolved by these steps, please contact Aramox customer support.

8. Warranty and Support

For information regarding warranty coverage, product support, or to purchase replacement parts, please refer to the documentation provided at the time of purchase or visit the official Aramox website. Keep your purchase receipt as proof of purchase.
