4. MAINTENANCE AND CARE

Proper care will extend the life and appearance of your Moimhear platform bed.

- **Fabric Care:** The linen fabric is stain-resistant. For spills, gently blot with a clean, damp cloth. For more stubborn stains, use a mild fabric cleaner suitable for upholstery, testing on an inconspicuous area first.
- **Frame Care:** Wipe the wooden and upholstered surfaces with a soft, dry cloth to remove dust.
- **Hardware:** Periodically check all screws and bolts to ensure they remain tight. Retighten as necessary to maintain stability.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners or strong chemical solutions, as these can damage the fabric and finish.

5. TROUBLESHOOTING

If you encounter any issues with your bed, please refer to the following common solutions:

- **Bed Wobbles:** Ensure all assembly hardware (screws, bolts) are securely tightened. Check that the bed is placed on a level surface.
- **USB Ports Not Working:** Verify that the bed's power cable is fully plugged into a live wall outlet. Check if the outlet itself is functional by plugging in another device.
- **Squeaking Noises:** This can often be resolved by tightening all frame connections. Ensure slats are properly seated and secured.

If problems persist after attempting these solutions, please contact customer support.
