## SETUP INSTRUCTIONS

### 1. Installing Your iPad

1. Carefully align your iPad with the case.
2. Gently press the iPad into the protective shell until it is securely seated. Ensure all ports and buttons are accessible.

### 2. Connecting the Bluetooth Keyboard

1. **Turn ON the keyboard:** Locate the power switch on the keyboard and slide it to the "ON" position. The indicator light will briefly illuminate.
2. **Activate Bluetooth on your iPad:** Go to your iPad's Settings, then select "Bluetooth" and turn it on.
3. **Enable pairing mode on the keyboard:** Press the "Connect" button on the keyboard for 3 seconds. The Bluetooth indicator light will start flashing, indicating it's in pairing mode.
4. **Select the keyboard on your iPad:** On your iPad's Bluetooth device list, "Bluetooth Keyboard" will appear. Tap on it to connect.
5. **Confirm connection:** Once connected, the Bluetooth indicator light on the keyboard will stop flashing and remain solid for a moment, then turn off to save power. Your iPad will show "Connected" next to "Bluetooth Keyboard".

6. **Switch input method (if needed):** Press "Control + Space Bar" on the keyboard to switch between different input methods/languages.

## OPERATING INSTRUCTIONS

### Backlit Keyboard Features

The keyboard features 7 vibrant backlight colors and 3 levels of brightness adjustment, allowing for comfortable typing in various lighting conditions.

- **Changing Colors:** Press the **Light Bulb** key to cycle through the 7 available colors.
- **Adjusting Brightness:** Press the **Sun** key (often combined with Fn key) to adjust the brightness levels.

Figure 4: The 7-color backlit keyboard allows for typing in dark environments.

## Auto Sleep/Wake Function

The case supports automatic sleep/wake functionality. When the case is opened or closed, your iPad will automatically wake up or go to sleep, conserving battery life.

**Note:** To ensure the auto sleep/wake function works perfectly, remove the magnetic keyboard from the case when closing the cover. The keyboard's magnets can interfere with the iPad's sensors.

# AUTO SLEEP/WAKE FUNCTION

**Q: How to get Auto Sleep-Wake function?**

**A: Turn ON the "Set-Display & Brightness-Lock/Unlock"**

Full Protection

Thin & Light

Easy to installation

Strong Magnetic

**Portable**

**Drawing**

Figure 7: Multiple Usage Modes: Typing, Viewing, Portable, and Drawing.

The keyboard is equipped with a built-in rechargeable Lithium-Ion battery. Use the provided Type-C cable to charge the keyboard.

- Connect the Type-C cable to the charging port on the keyboard.
- Connect the other end of the cable to a USB power adapter (not included) or a computer's USB port.
- The charging indicator light will illuminate during charging and turn off once fully charged.
- A full charge typically takes 3-4 hours and provides over 90 days of continuous use (based on average usage).

## PROTECTIVE FEATURES

The BOBOLEE Keyboard Case is designed to provide comprehensive protection for your iPad.

- **Shockproof Design:** The case features a soft TPU inner shell with a honeycomb grid pattern cushion. This design helps to dissipate heat more effectively than standard cases and provides protection against drops and scratches.
- **Built-in Pencil Holder:** A dedicated slot keeps your Apple Pencil or stylus securely in reach. (Note: Pen is not included).

<b>Keyboard Backlighting</b>	RGB, 7 colors, 3 brightness levels
<b>Battery Type</b>	1 Lithium Ion battery (included)
<b>Charging Time</b>	3-4 hours
<b>Continuous Use Time</b>	More than 90 days

## TROUBLESHOOTING

### Keyboard Not Connecting via Bluetooth

- Ensure the keyboard is turned ON and fully charged.
- Make sure Bluetooth is enabled on your iPad.
- Press the "Connect" button on the keyboard for 3 seconds to enter pairing mode.
- If "Bluetooth Keyboard" does not appear, try turning your iPad's Bluetooth off and on again, then repeat the pairing steps.
- If previously paired, try "forgetting" the device in your iPad's Bluetooth settings and re-pairing.

### Auto Sleep/Wake Function Not Working

- Ensure the keyboard is removed from the case when closing the cover. The keyboard's magnets can interfere with the iPad's sleep/wake sensors.
- Check your iPad settings: Go to Settings > Display & Brightness > Lock/Unlock and ensure it is enabled.

### Keyboard Backlight Not Working

- Ensure the keyboard is sufficiently charged.
- Press the **Light Bulb** key to turn on the backlight. Repeated presses will cycle through colors.
- Press the **Sun** key (possibly with Fn) to adjust brightness.

## MAINTENANCE

- 
- Keep the keyboard and case clean by wiping with a soft, dry cloth.
  - Avoid exposing the product to extreme temperatures, direct sunlight, or liquids.
  - Do not attempt to disassemble or repair the keyboard or case yourself, as this will void the warranty.

## **WARRANTY AND SUPPORT**

---

BOBOLEE provides dedicated customer support for its products. If you encounter any issues or have questions regarding your Keyboard Case HK-T102, please contact BOBOLEE customer service. We offer 24-hour direct after-service contact to assist you.
