Nespresso GDV2-BR-BK-NE

Nespresso Vertuo Pop Black 110V Coffee Machine User Manual

Model: GDV2-BR-BK-NE | Brand: Nespresso

1. INTRODUCTION

Welcome to the Nespresso Vertuo Pop experience. This manual provides comprehensive instructions for setting up, operating, maintaining, and troubleshooting your new coffee machine. Designed for convenience and versatility, the Vertuo Pop delivers a perfect cup of coffee with naturally formed crema every time.

2. IMPORTANT SAFETY INFORMATION

Please read all instructions before using the appliance to prevent the risk of fire, electric shock, personal injury, or damage to the machine.

- Do not immerse the appliance, power cord, or plug in water or other liquids.
- Ensure the voltage specified on the appliance matches your local mains voltage.
- Keep the appliance and its cord out of reach of children.

- Unplug the machine when not in use and before cleaning.
- Do not operate any appliance with a damaged cord or plug.
- Use only Nespresso Vertuo capsules with this machine.

Included in the box: Vertuo Pop machine, welcome capsule kit, and user manual.

4. INITIAL SETUP

Follow these steps for the first use of your Vertuo Pop machine.

1. **Unpack:** Remove the machine from its packaging and place it on a stable, flat surface.
2. **Rinse Water Tank:** Remove the water tank and rinse it thoroughly with fresh drinking water.
3. **Fill Water Tank:** Fill the water tank with fresh drinking water and place it back on the machine.
4. **Plug In:** Plug the machine into a grounded power outlet. The button will blink as the machine heats up.
5. **First Rinse:** Place a container (at least 0.5L) under the coffee outlet. Press the button three times quickly to start the rinsing cycle. The machine will dispense hot water. Repeat this process twice.

5. OPERATING INSTRUCTIONS

5.1 Brewing Coffee

1. **Turn On:** Press the button once to turn on the machine. It will heat up, and the button will glow steady white when ready.
2. **Open Head:** Lift the lever to open the machine head.
3. **Insert Capsule:** Insert a Nespresso Vertuo capsule with the dome side down.
4. **Close Head:** Close the machine head by pushing the lever down until it locks.
5. **Place Cup:** Place a cup of appropriate size under the coffee outlet.
6. **Start Brewing:** Press the button once to start brewing. The machine will automatically recognize the capsule and brew the coffee according to its barcode.
7. **Eject Capsule:** After brewing, the machine will automatically eject the used capsule into the used capsule container.

KIT DE BOAS-VINDAS INCLUSO

12 cápsulas, com diferentes estilos de café, desde espresso, double espresso e gran lungos

6. MAINTENANCE

6.1 Daily Cleaning

- **Drip Tray and Cup Support:** Remove and clean the drip tray and cup support with a damp cloth.
- **Used Capsule Container:** Empty and rinse the used capsule container daily.
- **Water Tank:** Rinse the water tank with fresh drinking water.
- **Machine Surface:** Wipe the machine surface with a soft, damp cloth. Do not use abrasive cleaning agents.

6.2 Descaling

Descaling is crucial for maintaining your machine's performance and coffee quality. Nespresso recommends descaling every 3 months or after 400 capsules, whichever comes first. Refer to the full descaling instructions in the separate descaling kit manual or on the Nespresso website.

6.3 Capsule Disposal and Recycling

Nespresso is committed to sustainability. All Nespresso aluminum capsules are recyclable. Collect your used capsules in the provided recycling bag and return them to a Nespresso boutique or designated collection point.

Nespresso offers a simple recycling program for used aluminum capsules.

7. TROUBLESHOOTING

If you encounter any issues with your machine, refer to the table below for common problems and solutions.

Problem	Possible Cause	Solution
No coffee flows	Water tank empty; Machine not heated; Blocked coffee outlet.	Fill water tank; Wait for button to glow steady white; Perform a rinsing cycle.
Button blinking rapidly	Machine needs descaling; Error.	Perform descaling procedure; Contact Nespresso Customer Service.
Coffee is cold	Cup not preheated; Machine not fully heated.	Preheat cup with hot water; Wait for machine to fully heat up.
Water leaking	Water tank not correctly positioned; Drip tray full.	Ensure water tank is securely in place; Empty and clean drip tray.

9. WARRANTY AND SUPPORT

9.1 Warranty Information

Your Nespresso Vertuo Pop machine comes with a limited warranty. Please refer to the warranty card included in your product packaging for specific terms and conditions, including coverage period and exclusions. Keep your proof of purchase for warranty claims.

9.2 Customer Support

For any questions, assistance, or to order Nespresso capsules, please contact Nespresso Customer Service. You can find contact details on the official Nespresso website or in your machine's packaging. Nespresso offers dedicated support to ensure you enjoy your coffee experience.

10. SUSTAINABILITY INITIATIVES

Nespresso is a certified B Corporation, meeting the highest standards of verified social and environmental performance. We are committed to using business as a force for good, improving lives and landscapes through coffee.

RECICLAGEM

A reciclagem Nespresso é simples e pensada para você.

Basta coletar suas cápsulas usadas na sacola que fornecemos e, quando estiver cheia, nos enviar de volta.

Nós cuidaremos do resto.

Nespresso is proud to be a Certified B Corporation, reflecting its commitment to social and environmental responsibility.
