OPERATING INSTRUCTIONS

Adjusting Mattress Height

The STORKCRAFT Petal Mini Crib features an adjustable mattress support base with 3 height options. Adjust the mattress height as your child grows to ensure safety and ease of access.

- **Highest Position:** For newborns and infants who cannot push up on their hands and knees.
- **Middle Position:** For infants who can push up on their hands and knees but cannot stand.
- **Lowest Position:** For toddlers who can stand. Always use the lowest position once your child can stand to prevent climbing out.

To adjust the height, carefully remove the mattress and mattress support. Re-position the support to the desired height level, ensuring all hooks and fasteners are securely engaged.
