PACKAGE CONTENTS

- EENOUR Mini Golf Laser Rangefinder
- Waterproof Carry Pouch
- Carabineer
- Microfiber Cloth

- USB C-Type Cable
- User Guide (this manual)

SETUP

Charging the Battery

The EENOUR U800 rangefinder comes with a built-in 650mAh rechargeable lithium-ion battery. Before first use, ensure the device is fully charged.

1. Locate the USB-C charging port on the device.
2. Connect the provided USB C-Type cable to the rangefinder and a compatible USB power source (e.g., computer USB port, wall adapter).
3. The battery indicator on the device will show charging status. A full charge supports approximately 20,000 measurements.
4. Once fully charged, disconnect the cable.

Initial Power On

Press the measurement button to turn on the device. The LCD display inside the eyepiece will illuminate.

OPERATING INSTRUCTIONS

Basic Measurement

1. Look through the eyepiece.

2. Aim the crosshairs at your desired target.
3. Press the measurement button. The distance will be displayed almost instantly (approx. 0.064s).

EXTREMELY FAST MEASUREMENT

Modes and Features

The EENOUR rangefinder offers several modes to assist with various golfing scenarios. Use the mode button (often labeled 'M') to cycle through these functions.

- **Scan Function:** Allows for continuous measurement as you pan across multiple targets, quickly distinguishing

distances of obstacles.

- **Pin-Lock with Pulse Vibration:** When targeting a flagpole, the device will vibrate and provide a visual confirmation once the flag is locked, ensuring accurate measurement to the pin up to 273 yards away.
- **Slope Compensation:** This technology calculates and displays the compensation distance, accounting for uphill or downhill terrain, providing a more accurate "plays like" distance. The side indicator light illuminates only when in no-compensation mode, making it legal for tournament play.
- **Speed Measurement:** Measure the speed of moving objects.
- **Horizontal and Vertical Distance Measurement:** Provides both horizontal and vertical components of the distance.

ALL FEATURES YOU NEED

All you need are targeted in it,
satisfying your daily use or the tournament.

Optical System

The rangefinder features multi-coated optics LCD lenses with 85% high transmittance, reducing reflected light and brightening the image for a clear sight. It offers 6.5X magnification and a 7° field of wide view.

MAINTENANCE

- **Cleaning:** Use the provided microfiber cloth to gently clean the lenses and the body of the rangefinder. Do not use abrasive materials or chemical cleaners.
- **Storage:** Store the device in its waterproof carry pouch when not in use to protect it from dust, moisture, and impacts.
- **Battery Care:** Recharge the battery regularly, even if not frequently used, to maintain battery health. Avoid fully

discharging the battery for extended periods.

- **Water Resistance:** The device has a waterproof rating (IP54), meaning it is protected from splashing water from any direction. However, do not submerge the device in water.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Device does not power on.	Low or depleted battery.	Charge the device using the provided USB C-Type cable.
Inaccurate measurements.	Lens is dirty; target is too far or too small; unstable aiming.	Clean the lenses with the microfiber cloth. Ensure stable aiming. Target a larger object if possible.
Display is dim or unclear.	Low battery; dirty lens; environmental conditions.	Recharge the battery. Clean the lenses. Use in appropriate lighting conditions.
Flag-lock not working.	Multiple objects in view; target too far.	Ensure the flag is the primary target and there are no significant obstructions. Try scanning slowly.

SPECIFICATIONS

- Model:** U800 Black
- Product Dimensions:** 9.45 x 5.51 x 3.45 cm
- Item Weight:** 136 g (0.3 lbs)
- Measurement Range:** 3-875 yards
- Accuracy:** +/- 0.5 yard
- Magnification:** 6.5X
- Lens Transmittance:** 85%
- Battery:** 650mAh Rechargeable Lithium Ion (included)
- Laser Class:** Class 1 (Human Body Accessible Output Power: 1mw)
- Water Resistance Level:** Waterproof (IP54)
- Material:** Rubber
- Color:** Black
- Sport:** Golf, Hunting
