Skywin VR Tracker Straps and Belt System (1+4 Bundle)

INSTRUCTION MANUAL - MODEL: 5060974383429

Introduction

The Skywin VR Tracker Straps and Belt System is designed to enhance your virtual reality experience by providing secure and comfortable full-body tracking. This 1+4 bundle includes a waist belt, two hand/leg straps, and two foot straps, compatible with HTC Vive, Vive 3.0, 2.0, and Ultimate Trackers. These straps are engineered for durability and precision, allowing for seamless movement in applications like VRChat, fitness programs, and motion-based games. Please note that HTC VIVE Trackers are sold separately.

Package Contents

Your Skywin VR Tracker Straps and Belt System (1+4 Bundle) includes the following components:

- 1 x Waist Belt
- 2 x Hand/Leg Straps
- 2 x Foot Straps

Setup Instructions

Follow these steps to properly attach your VR trackers to the Skywin straps:

Easy Set up

Figure 1: Attaching a VR tracker to a strap. The image shows a hand holding a black VR tracker and screwing it into the mounting point on a black strap.

- 1. Prepare the Straps:** Ensure each strap is clean and free from debris. The straps feature a universal mounting screw for your VR trackers.
- 2. Attach the Tracker:** Carefully screw your HTC Vive Tracker onto the mounting point located on each strap. Ensure it is securely fastened but do not overtighten to avoid damage.
- 3. Adjust for Fit:** The straps are designed with strong Velcro and adjustable buckles to provide a snug, non-slip fit. Adjust each strap to comfortably fit the intended body part (waist, hands/legs, feet).

Waist Belt Setup

GAME LONGER WITH SKYWIN TRACKER BELT

Figure 2: Detailed view of the Skywin Tracker Belt, highlighting reinforced stitching, silicone anti-slip material, and high-grade Velcro for secure and comfortable wear.

Place the waist belt around your waist. Adjust the buckle and Velcro closures to achieve a firm but comfortable fit. The belt features reinforced stitching and silicone anti-slip material to prevent movement during intense VR sessions.

Hand/Leg Straps Setup

TRACKER STRAPS & HAND STRAPS

EASY SET UP

Figure 3: A hand strap with a VR tracker attached, demonstrating how to secure it to the body. The image shows a hand wearing the strap with the tracker.

Secure the hand/leg straps around your wrists or ankles. The adjustable Velcro ensures a snug fit for various body types, preventing the trackers from slipping or sagging.

Foot Straps Setup

The foot straps are designed to be worn over your shoes or socks. Adjust them tightly enough to prevent rotation or slippage during movement, ensuring accurate foot tracking.

Video Guide: Setup and Usage

Video 1: This video demonstrates the setup process for the Skywin VR tracker belt and Vive tracker straps for full-body tracking, showing how to attach trackers and wear the straps.

Operating Instructions

Once your trackers are securely attached to the Skywin straps and worn on your body, ensure they are properly calibrated within your VR system (e.g., HTC Vive software). The lightweight and versatile design of these straps allows for accurate movement tracking in every direction, providing an immersive full-body experience.

FULL BODY TRACKING

For VR Enthusiast

Figure 4: A VR enthusiast demonstrating full-body tracking with the Skywin straps, showing natural movement and immersion.

The breathable and padded materials ensure comfort even during extended gaming sessions, while the anti-slip construction maintains tracker stability. This allows you to focus on your VR experience without concerns about equipment shifting.

Maintenance and Care

To ensure the longevity and performance of your Skywin VR Tracker Straps, follow these maintenance guidelines:

- **Cleaning:** Hand wash the straps with mild soap and cold water. Do not machine wash or use harsh detergents, as this can damage the materials and Velcro.
- **Drying:** Air dry the straps completely before storage or reuse. Avoid direct sunlight or high heat, which can degrade the fabric and elastic components.
- **Storage:** Store the straps in a cool, dry place away from direct sunlight when not in use. Ensure Velcro is clean and not stuck to itself or other fabrics to maintain its adhesive quality.
- **Inspection:** Periodically inspect the straps for any signs of wear and tear, such as frayed edges, loose stitching, or weakened Velcro. Replace any damaged straps to ensure optimal performance and safety.

Troubleshooting

If you encounter issues with your Skywin VR Tracker Straps, consider the following:

- **Trackers Slipping:** Ensure the straps are adjusted snugly to your body part. The Velcro should be firmly secured. For foot straps, try wearing them over shoes for better grip.
- **Discomfort:** If straps feel too tight, loosen them slightly. The padded design should provide comfort; if not, re-adjust their position. Ensure no skin is pinched by the buckles.
- **Inaccurate Tracking:** Verify that your VR trackers are securely screwed into the strap mounts and are not loose. Ensure your VR system's calibration is up-to-date and correctly configured for full-body tracking.
- **Strap Wear:** Over time, Velcro may lose its grip. Regular cleaning and proper storage can extend its life. If severely worn, consider replacing the affected strap.

Specifications

Feature	Detail
Model Number	5060974383429
Package Dimensions	7.28 x 4.69 x 3.11 inches
Item Weight	10.2 ounces
Included Components	1 Belt, 2 Hand Straps, 2 Foot Straps
Compatible Devices	HTC Vive system, Oculus Quest 2 (with appropriate trackers)
Special Feature	Sweatproof, Anti-slip Silicone Grip, Reinforced Stitching
Connectivity Technology	Not applicable (straps for trackers)
Manufacturer	Skywin
Date First Available	March 3, 2023
