4. WEARING INSTRUCTIONS

Follow these steps for comfortable and secure wear:

- Lacing:** Ensure laces are threaded through all eyelets.
- Fit:** Slide the foot into the shoe. The heel should sit comfortably at the back, and there should be a thumb's width of space between the longest toe and the front of the shoe.
- Tightening:** Pull the laces evenly to achieve a snug, but not overly tight, fit. Double-knot for security during active play.
- Ankle Support:** The mid-top design provides ankle support; ensure the laces are tied securely around the ankle area.
