## Hot Wheels HMM34

# Hot Wheels Torque Terror Color Shifters Monster Truck

## USER MANUAL

### Introduction

---

This manual provides instructions for the Hot Wheels Torque Terror Color Shifters Monster Truck, model HMM34. This toy vehicle features a unique color-changing ability when exposed to different water temperatures. Please read this manual carefully to ensure proper use and enjoyment of your product.

### Safety Information

---

**Manufacturer Recommended Age:** 3 years and up.

Always supervise children during play, especially when using water. Do not ingest any parts of the toy. Keep away from open flames or extreme heat sources. Ensure water temperatures are safe for children's hands.

### Setup

---

- Unboxing:** Carefully remove the Hot Wheels Torque Terror Monster Truck from its packaging.
- Inspection:** Before first use, inspect the toy for any damage or loose parts. If any damage is found, do not use the toy and contact customer support.
- Prepare Water:** For the color-changing feature, prepare two separate containers of water: one with cold water (preferably ice-cold) and one with warm water (not hot enough to scald, typically around 32°C / 90°F).

Image: The Hot Wheels Torque Terror Monster Truck, featuring its initial purple and green design, ready for the color-changing action.

## Operating Instructions

The Hot Wheels Torque Terror Monster Truck changes color based on water temperature. Follow these steps to activate the color-shifting effect:

1. **Cold Water Activation:** Dip the monster truck into the cold water. Observe as the vehicle's color transforms.
2. **Warm Water Activation:** Dip the monster truck into the warm water. The vehicle's color will shift back to its original state or to a different color, depending on the model.
3. **Repeat for Dynamic Play:** You can repeatedly switch between cold and warm water to see the color changes occur over and over again.

*Note: The speed and intensity of the color change may vary based on the temperature difference between the water and the toy.*

## Maintenance

- **Cleaning:** After use, rinse the monster truck with clean, cool water to remove any residue.
- **Drying:** Thoroughly dry the toy with a soft cloth or allow it to air dry completely before storage to prevent water spots or mildew.
- **Storage:** Store the toy in a clean, dry place away from direct sunlight and extreme temperatures to preserve its color-changing properties.

## Troubleshooting

Problem	Possible Cause	Solution
Color change is not noticeable or slow.	Insufficient temperature difference between water baths.	Ensure cold water is very cold (add ice) and warm water is sufficiently warm (but safe for handling).
Toy appears dull or stained after use.	Residue from water or improper drying.	Rinse thoroughly with clean water and dry completely after each use.

## Specifications

- **Brand:** Hot Wheels
- **Model Number:** HMMH34
- **Product Dimensions:** 2.63 x 5.5 x 6.5 inches
- **Item Weight:** 0.988 ounces
- **Manufacturer:** Spin Master
- **Recommended Age:** 3 years and up
- **Barcode (UPC):** 0194735127344
