

Lynnoland L220028P6

Lynnoland 6-Light Matte Black Farmhouse Chandelier Instruction Manual

Model: L220028P6

1. SAFETY INFORMATION

Please read and understand all instructions before beginning installation. Failure to do so may result in electric shock, fire, or other injuries that could be hazardous or even fatal. Keep these instructions for future reference.

- Always disconnect power at the main circuit breaker panel before beginning installation.
- Consult a qualified electrician if you have any electrical questions.
- This fixture is intended for indoor use only.
- Ensure all connections are secure and properly insulated.
- Do not exceed the recommended wattage for bulbs.

2. PRODUCT OVERVIEW & COMPONENTS

The Lynnoland 6-Light Matte Black Farmhouse Chandelier features a rustic and industrial design with 6 simple lamp arms. The fixture is constructed from solid metal with a matte black finish, offering a classic and versatile aesthetic suitable for various rooms.

Included Components:

The chandelier comes with all necessary accessories for installation. **Bulbs are NOT included.**

Figure 2: Illustration of included components for the chandelier.

- Chandelier body with pre-assembled lamp arms
- Splicing rods (4 total for adjustable height)
- Mounting plate and hardware
- Instruction manual

3. SETUP & INSTALLATION

This chandelier is designed for easy installation with pre-assembled lamp arms. Simply unfold the arms to complete the main assembly. Detailed instructions are provided in the included manual.

3.1. Unfolding Lamp Arms

Pre-Assembled Black 6-Light Chandelier

Figure 3: The lamp arms are pre-assembled and only require unfolding.

The lamp arms are pre-wired and pre-assembled. Gently rotate and unfold each arm into its desired position. Ensure they are evenly spaced for optimal appearance.

3.2. Adjustable Height

The chandelier's height can be adjusted from 17.5 inches to 47 inches using the included splicing rods. This allows for customization to fit various ceiling heights and lighting needs.

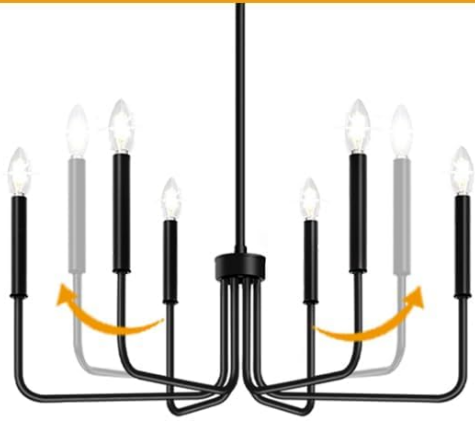

Figure 4: Adjustable height mechanism using splicing rods.

3.3. Ceiling Compatibility

The chandelier is designed with a flexible ceiling adapter, allowing it to be installed on both flat and sloped ceilings.

Q: Why choose us?

A: Upgraded no-assembly light

Ours

No assembly required

Others

Bad assembly process

4. OPERATING INSTRUCTIONS

4.1. Bulb Requirements

This chandelier requires 6 E12 base bulbs (not included). It is compatible with various bulb types, including incandescent, LED, CFL, and halogen bulbs, up to 60 watts per bulb.

Figure 6: E12 bulb base compatibility.

4.2. Dimmability

The fixture is dimmable when installed with dimmable E12 bulbs and a compatible dimmer switch (neither are included). Ensure your chosen bulbs and switch are rated for dimming functionality.

5. MAINTENANCE

5.1. Cleaning

To clean the fixture, ensure the power is off. Wipe with a soft, dry cloth. Do not use abrasive cleaners or solvents as they may damage the finish.

5.2. Bulb Replacement

Always turn off the power before replacing bulbs. Allow bulbs to cool completely before handling. Replace with E12 base bulbs of the appropriate wattage (max 60W per bulb).

6. TROUBLESHOOTING

6.1. Light Not Turning On

- Check the circuit breaker to ensure power is supplied to the fixture.
- Verify that bulbs are correctly installed and not burnt out.
- Ensure all wiring connections are secure.

6.2. Flickering Lights

- Ensure bulbs are fully screwed into their sockets.
- If using dimmable bulbs, confirm compatibility with your dimmer switch.
- Check for loose wiring connections.
