AMADA HOMEFURNISHING AMFS21

AMADA HOMEFURNISHING Floating Shelves (Model AMFS21) Instruction Manual

Thank you for choosing AMADA HOMEFURNISHING. This manual provides essential information for the safe and correct installation and use of your new floating shelves.

1. SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Failure to follow these instructions may result in injury or damage to the product or property.

- **Maximum Weight Capacity:** Each shelf can hold up to 40 lbs (18.1 kg) when installed correctly. Do not exceed this weight limit to prevent shelves from falling or breaking.
- **Proper Installation:** Ensure the shelves are securely mounted to a suitable wall structure. Use appropriate tools and hardware for your specific wall type.
- **Overloading:** Avoid placing heavy items on the edges of the shelves or concentrating weight in one area. Distribute weight evenly.
- **Children and Pets:** Keep children and pets away from the installation area during assembly. Do not allow them to climb on or hang from the installed shelves.
- **Tools:** Always use appropriate safety gear, such as eye protection, when using power tools.

2. PRODUCT OVERVIEW

The AMADA HOMEFURNISHING Floating Shelves (Model AMFS21) are designed to provide both storage and decorative display options for various rooms. This set includes three shelves of varying lengths, featuring a rustic grey finish and elegant metal brackets.

Key Features:

- **Versatile Design:** Suitable for bedrooms, living rooms, bathrooms, and kitchens.
- **Sturdy Construction:** Made with MDF boards and durable metal brackets.
- **Space-Saving:** Utilizes vertical wall space for organization and display.
- **Elegant Aesthetic:** Vintage-inspired metal vine design adds a decorative touch.

3. INCLUDED COMPONENTS

Before beginning installation, please ensure all components are present and undamaged. If any parts are missing or damaged, contact customer support.

- 3 x MDF Boards (Small: 11.42", Medium: 14.17", Large: 15.75" in length; 5.91" deep, 0.59" thick)
- 6 x Metal Brackets
- 24 x Plastic Wall Anchors
- 36 x Fixed Screws

Tools Required (Not Included):

- Pencil
- Level
- Power Drill
- Hammer (for drywall anchors)
- Measuring Tape

4. SETUP AND INSTALLATION

These shelves are compatible with wood stud walls, brick, concrete, and drywall. The installation process is similar for all wall types, with specific hardware usage for each.

General Installation Steps:

1. **Choose Location:** Select a suitable wall location, ensuring it is free from electrical wires or plumbing.
2. **Marking:** Hold a bracket against the wall at the desired height. Use a level to ensure it is straight. Mark the screw hole positions with a pencil. Repeat for the second bracket for the same shelf, ensuring proper spacing for the shelf board.
3. **Drilling Pilot Holes:** Using a power drill, drill pilot holes at the marked positions. The drill bit size will depend on the wall anchors provided and your wall material.

4. **Insert Wall Anchors:** For drywall or concrete, gently tap the plastic wall anchors into the pilot holes with a hammer until flush with the wall surface. For wood studs, anchors may not be necessary, but ensure screws are driven directly into the stud.
5. **Attach Brackets:** Align the metal brackets with the installed anchors/pilot holes. Secure them to the wall using the provided screws. Ensure they are firmly attached and level.
6. **Place Shelf Board:** Position the MDF shelf board onto the attached brackets. The board should rest securely on the brackets.
7. **Secure Shelf Board:** Use the smaller fixed screws to attach the shelf board to the brackets from underneath, if applicable, for added stability.
8. **Repeat:** Follow these steps for the remaining shelves.

5. OPERATING AND USAGE

Once installed, your AMADA HOMEFURNISHING Floating Shelves are ready for use. Consider the following guidelines:

- **Weight Distribution:** Always distribute the weight of items evenly across the shelf surface. Avoid placing all heavy items on one end.
- **Item Placement:** Place items carefully on the shelves. Avoid sudden impacts or dropping heavy objects onto the shelves.
- **Suitable Items:** Ideal for displaying photos, small plants, decorative items, books, or small kitchen/bathroom essentials.

6. MAINTENANCE

To maintain the appearance and longevity of your shelves, follow these simple care instructions:

- **Cleaning:** Wipe the shelves with a dry, soft cloth to remove dust and light dirt.
- **Avoid Moisture:** While the shelves are wear-resistant and waterproof, avoid prolonged exposure to excessive moisture or standing water. Immediately wipe up any spills.
- **Chemicals:** Do not use harsh chemical cleaners, abrasive materials, or polishes, as these may damage the finish.
- **Regular Checks:** Periodically check the tightness of the mounting screws and ensure the shelves remain securely attached to the wall.

7. TROUBLESHOOTING

If you encounter any issues during or after installation, refer to the following common problems and solutions:

- **Shelf is not level:** Ensure the marked points for drilling were level. If not, remove the brackets, patch the old holes, and re-mark/re-drill. Use a level frequently during installation.
- **Shelf feels unstable:** Verify that the wall anchors are fully inserted and the screws are tightened securely. Ensure you used the correct type of anchor and screw for your wall material. If mounting to drywall, ensure you hit a stud or used appropriate heavy-duty drywall anchors.
- **Difficulty drilling into the wall:** Ensure you are using the correct drill bit for your wall material (e.g., masonry bit for brick/concrete). If hitting an unexpected obstruction, stop drilling and choose a different location.
- **Missing parts:** If any components were missing from the package, contact AMADA HOMEFURNISHING customer support for assistance.

8. SPECIFICATIONS

Feature	Specification
Model Name	Floating Shelves
Model Number	AMFS21
Brand	AMADA HOMEFURNISHING

Feature	Specification
Material	Engineered Wood (MDF Boards), Metal Brackets
Color	Grey
Number of Shelves	3
Shelf Dimensions (D x W x H)	5.9"D x (11.42"/14.17"/15.75"W) x 4.92"H
Shelf Thickness	0.59 Inches
Weight Limit	40 Pounds (per shelf)
Installation Type	Wall Mount
Assembly Required	Yes
Product Care Instructions	Wipe with Dry Cloth
