## 2. SAFETY INFORMATION

---

Please read all safety instructions carefully before using this product. Failure to follow these instructions may result in electric shock, fire, or damage to the device.

- Do not expose the monitor to rain, moisture, or extreme temperatures.
- Avoid placing the monitor near heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
- Use only attachments/accessories specified by the manufacturer.
- Unplug this apparatus during lightning storms or when unused for long periods of time.
- Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way.
- Ensure proper ventilation around the monitor. Do not block any ventilation openings.
- Use only the power adapter provided with the monitor.

## 3. PACKAGE CONTENTS

---

Please check the package contents upon opening. If any items are missing or damaged, contact UPERFECT customer support immediately.

- 1 x UPERFECT 16-inch 2K 144Hz Portable Monitor
- 1 x Mini HDMI to HDMI Cable
- 2 x USB Type-C to Type-C Cables (for power and display)

- 1 x Power Adapter
- 1 x Protective Cover (doubles as a stand)
- 1 x User Manual

## 4. PRODUCT OVERVIEW

Familiarize yourself with the various components and ports of your UPERFECT portable monitor.

Image: Diagram illustrating the various ports and buttons on the UPERFECT portable monitor, including Speaker, Power/Back button, Pulley Button (OSD control), Audio jack, Type-C ports, and Mini HDMI port.

### 4.1 Ports and Buttons

- **Speaker:** Built-in stereo speakers for audio output.
- **Power/Back Button:** Press and hold to power on/off. Press briefly to go back in OSD menu.
- **Pulley Button (OSD Control):** Roll up/down to move between menu options. Press to select.
- **Audio Jack (3.5mm):** Connect headphones or external speakers.
- **Type-C Ports (Full Function):** Two USB-C ports supporting both power delivery and video signal transmission.
- **Mini HDMI Port:** Connect to devices via HDMI for video and audio input.

## 4.2 Key Features

- **2K QHD Resolution (2560x1600):** Offers a sharper and more detailed image than 1080P.
- **144Hz Refresh Rate:** Provides smoother visuals, especially beneficial for gaming and fast-paced content.
- **IPS Matte Screen:** Ensures wide viewing angles (178°) and reduces glare.
- **High Brightness (400 nits) & Contrast (1200:1):** Delivers vibrant colors and deep blacks.
- **10-bit Color (8-bit + FRC):** Supports 1.07 billion colors for professional-grade color accuracy.
- **AMD FreeSync Premium & HDR:** Enhances gaming experience by eliminating screen tearing and improving dynamic range.
- **VESA Compatible (75x75mm):** Allows for mounting on monitor arms or wall mounts.
- **Smart Cover:** Protects the screen and functions as an adjustable stand.
- **Blue Light Filter & Flicker-Free:** Designed to reduce eye strain during prolonged use.

## 5. SETUP

Follow these steps for initial setup of your UPERFECT portable monitor.

### 5.1 Powering the Monitor

1. Connect the provided power adapter to one of the monitor's USB Type-C ports (full function).
2. Plug the power adapter into a wall outlet.
3. Press and hold the Power/Back button on the monitor to turn it on.

**Note:** The 2K display requires higher power. It is recommended to use the included power adapter for stable operation, especially when connecting to devices that may not provide sufficient power (e.g., some smartphones or older laptops).

## 5.2 Connecting to Devices

The monitor supports various devices via its Mini HDMI and full-function USB Type-C ports.

### 5.2.1 USB Type-C Connection (Full Function)

This method allows for both video signal and power delivery through a single cable, provided your device's USB-C port supports DisplayPort Alternate Mode (Alt Mode) and Power Delivery.

1. Connect one end of the provided USB Type-C to Type-C cable to a full-function USB-C port on your device (e.g., laptop, smartphone, MacBook).
2. Connect the other end of the cable to one of the USB Type-C ports on the monitor.
3. If your device cannot provide enough power, connect the monitor to the power adapter as described in Section 5.1.

### 5.2.2 Mini HDMI Connection

Use this method for devices with an HDMI output (e.g., PC, laptop, game console like PS4/PS5, Xbox, Nintendo Switch).

1. Connect one end of the provided Mini HDMI to HDMI cable to the Mini HDMI port on the monitor.
2. Connect the other end of the cable to the HDMI output port on your device.
3. Connect the monitor to the power adapter using a USB Type-C cable and the provided power adapter (as described in Section 5.1) as HDMI does not provide power.

Image: Illustrations of various display modes: Extend Mode (dual monitor setup), Duplicate Mode (mirroring display), and Vertical Mode (portrait orientation for coding or document viewing).

## 6. OPERATING INSTRUCTIONS

## 6.1 On-Screen Display (OSD) Menu

The OSD menu allows you to adjust various display settings. Use the Pulley Button to navigate and select options.

1. **Accessing OSD:** When the monitor is on, press the Pulley Button to bring up the OSD menu.
2. **Navigation:** Roll the Pulley Button up or down to move between menu options.
3. **Selection:** Press the Pulley Button to select a highlighted option or confirm a setting.
4. **Exit/Back:** Press the Power/Back button to go back to the previous menu or exit the OSD.

## 6.2 Common OSD Settings

- **Brightness/Contrast:** Adjust the display's luminance and contrast levels.
- **Color Settings:** Modify color temperature, hue, saturation, and gamma.
- **Picture Mode:** Select from preset modes (e.g., Standard, Game, Movie, Text) for optimized viewing.
- **Aspect Ratio:** Adjust the display aspect ratio (e.g., 16:10, 16:9, 4:3). The monitor supports automatic image ratio adaptation.
- **Input Source:** Manually select the input source (Type-C 1, Type-C 2, Mini HDMI).
- **FreeSync/HDR:** Enable or disable AMD FreeSync Premium and HDR features for compatible devices.
- **Volume:** Adjust the volume of the built-in speakers or connected headphones.
- **Language:** Change the OSD menu language.

## 7. MAINTENANCE

Proper care and maintenance will ensure the longevity of your UPERFECT portable monitor.

### 7.1 Cleaning the Screen

- Turn off the monitor and unplug it from the power source.
- Gently wipe the screen with a soft, lint-free cloth.
- For stubborn marks, dampen the cloth lightly with water or a non-abrasive screen cleaner. Do not

spray liquid directly onto the screen.

- Avoid using alcohol, ammonia, or abrasive cleaners, as they can damage the screen surface.

## 7.2 General Care

- Keep the monitor away from direct sunlight and extreme temperatures.
- Do not place heavy objects on the monitor.
- Use the provided protective cover when transporting the monitor to prevent scratches and damage.
- Avoid dropping or subjecting the monitor to strong impacts.

Image: The smart cover being used to protect the monitor, emphasizing its dual function as a protective case and a stand.

## 8. TROUBLESHOOTING

If you encounter issues with your monitor, refer to the following common problems and solutions.

Problem	Possible Cause	Solution
No display/Power LED off	No power; Power cable loose; Monitor off.	Ensure power adapter is connected and plugged in. Check Type-C cable connection. Press Power button to turn on.
No signal	Incorrect input source; Cable not connected properly; Device not outputting signal.	Select correct input source in OSD. Reconnect video cable. Ensure source device is on and configured to output to external display.
Flickering screen	Insufficient power; Cable issue; Refresh rate mismatch.	Ensure monitor is powered by the adapter. Try a different cable. Adjust refresh rate on source device.
No audio	Volume too low; Muted; Incorrect audio output selected on device.	Increase monitor volume via OSD. Check device's audio settings.
Image distorted/incorrect aspect ratio	Aspect ratio setting incorrect; Resolution mismatch.	Adjust aspect ratio in OSD. Set source device resolution to 2560x1600.
Monitor gets warm	Normal operation; High power consumption.	It is normal for the monitor to get warm during extended use, especially when drawing high power. Ensure adequate ventilation.

## 9. SPECIFICATIONS

Detailed technical specifications for the UPERFECT 16-inch 2K 144Hz Portable Monitor.

Feature	Specification
Brand	UPERFECT
Model Number	db2da209-82be-465c-b6ba-e6934eb310e7
