vidaXL 153658

vidaXL Interior Door - Tempered Glass & Aluminum, 29.9" x 79.3" Instruction Manual

1. INTRODUCTION

This manual provides comprehensive instructions for the assembly, installation, operation, and maintenance of your vidaXL Interior Door. This modern door features a slim aluminum frame and tempered glass panels, designed to enhance light flow and provide a contemporary aesthetic to your home or office space. Please read all instructions carefully before beginning assembly or installation.

2. SAFETY INFORMATION

- Always wear appropriate safety gear, including gloves and eye protection, during assembly and installation.
- Tempered glass, while strong, can break under extreme impact. Handle glass panels with care to prevent damage or injury.
- Ensure the door frame is securely mounted and level before hanging the door to prevent misalignment or instability.
- Keep small parts and tools out of reach of children.
- Assembly requires at least two people due to the weight and size of the door components.

3. PACKAGE CONTENTS

Verify that all components are present and undamaged before beginning assembly. If any parts are missing or

damaged, contact customer support.

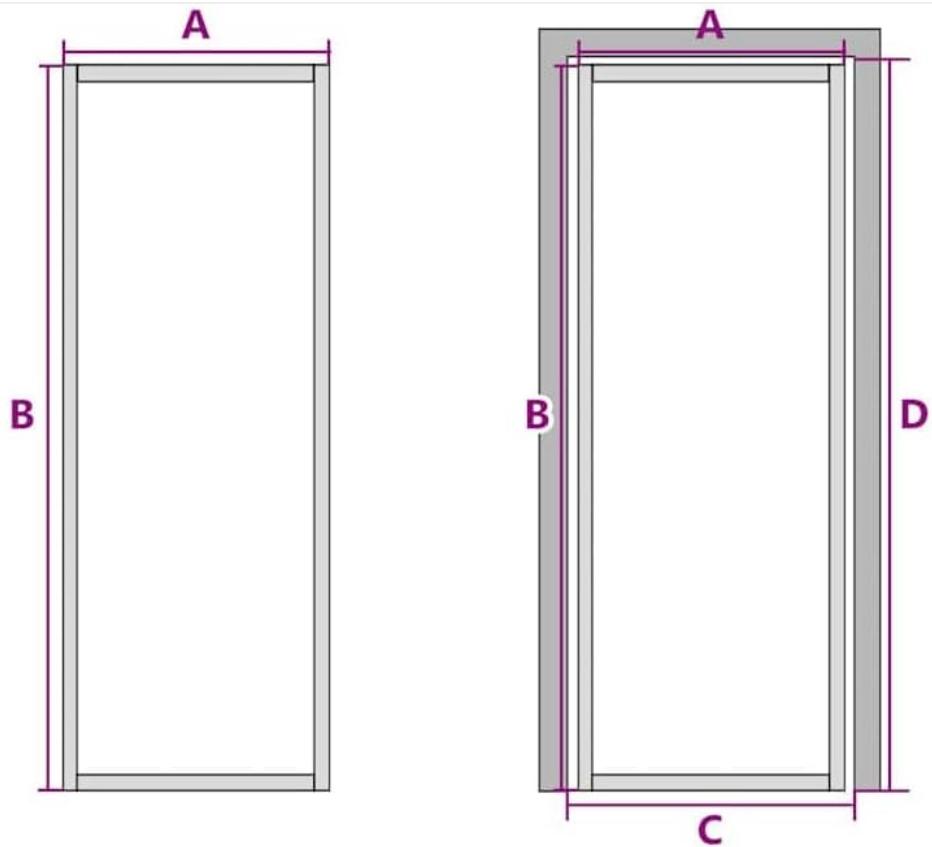

- Door panels (tempered glass)
- Aluminum frame components
- Mounting materials (screws, hinges, etc.)
- Door handle and latch assembly
- Instruction manual

4. SETUP AND ASSEMBLY INSTRUCTIONS

The vidaXL Interior Door requires assembly. Follow these general steps. Refer to the detailed diagrams for specific component placement.

4.1. Prepare the Opening

Ensure your door frame opening is within the recommended dimensions. The door is designed for a 1.4"-2" door frame.

	A	B	C	D
cm	76	201,5	76,5 ($\pm 0,1$)	202,4 ($\pm 0,1$)
inch	29.9	79.3	30.1 (± 0.1)	79.6 (± 0.1)

Image 4.1: Installation dimensions. A: 76 cm (29.9 inches), B: 201.5 cm (79.3 inches), C: 76.5 cm (30.1 inches), D: 202.4 cm (79.6 inches).

4.2. Assemble the Frame

1. Carefully unpack all aluminum frame components.
2. Connect the vertical and horizontal frame pieces using the provided connectors and screws. Ensure all connections are tight and secure.
3. Verify the frame is square and level before proceeding.

Image 4.2: Detail of the slim aluminum frame profile.

4.3. Install Glass Panels

1. With assistance, carefully insert the tempered glass panels into the assembled frame.
2. Secure the glass panels using the provided gaskets or retaining strips. Ensure a snug fit to prevent rattling. Applying a thin bead of silicone sealant around the glass edges can further secure the panels and prevent rattling, as suggested by some users.

4.4. Attach Hinges and Handle

1. Attach the hinges to the door frame and the door panel according to the diagrams.

2. Install the door handle and latch assembly. Ensure the latch mechanism operates smoothly.

Image 4.4: Detail of the door handle.

4.5. Install the Door

1. With assistance, carefully lift the assembled door and align the hinges with the pre-drilled holes in your door frame.
2. Secure the door to the frame using the provided screws.
3. Test the door's swing and ensure it opens and closes smoothly without binding. Adjust hinges if necessary.

5. OPERATING INSTRUCTIONS

To open the door, depress the handle and pull or push the door. To close, gently push the door until the latch engages. Ensure the door closes fully to maintain privacy and light separation.

6. MAINTENANCE

6.1. Cleaning

- **Glass Panels:** Clean with a standard glass cleaner and a soft, lint-free cloth. Avoid abrasive cleaners or tools that could scratch the glass.
- **Aluminum Frame:** Wipe with a damp cloth and mild detergent. Dry thoroughly. Avoid harsh chemicals.

6.2. Regular Checks

- Periodically check all screws and fasteners for tightness, especially on hinges and the handle. Tighten if necessary.
- Inspect glass panels for any cracks or damage. Replace damaged panels immediately for safety.
- Lubricate hinges annually with a silicone-based lubricant to ensure smooth operation.

7. TROUBLESHOOTING

- **Door rattles:** Ensure glass panels are securely seated within the frame. Consider applying a thin bead of clear silicone sealant around the edges of the glass where it meets the frame. Check all frame connections for tightness.
- **Door does not close smoothly:** Check hinges for proper alignment and tightness. Ensure the door frame is plumb and square. Adjust hinges as needed.
- **Handle is loose:** Tighten the screws securing the handle assembly.
- **Door is stiff to open/close:** Lubricate hinges with a suitable lubricant. Check for any obstructions in the door's path.

8. SPECIFICATIONS

Brand	vidaXL
Model Number	153658
Product Dimensions	29.92 x 1.38 x 79.33 inches (76 x 3.5 x 201.5 cm)
Material	Tempered Glass, Aluminum Frame
Color	Black and transparent
Item Weight	53 pounds (24.08 Kilograms)
Assembly Required	Yes
Included Components	Door, Mounting Materials

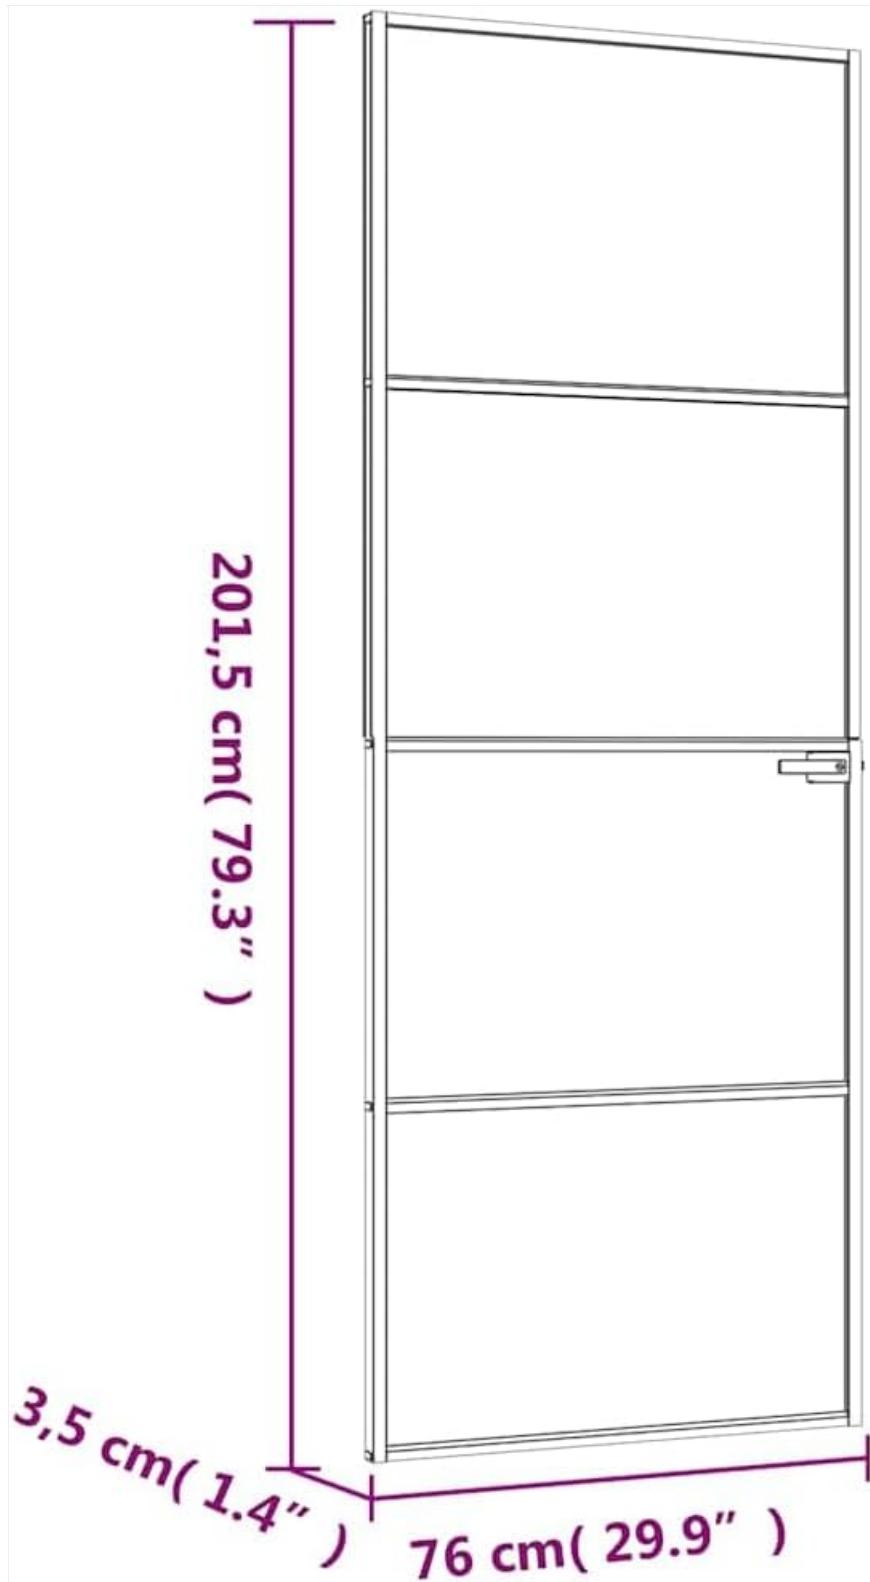

Image 8.1: Overall dimensions of the door: 76 cm (29.9 inches) width, 201.5 cm (79.3 inches) height, and 3.5 cm (1.4 inches) thickness.
