### labebe HY2530061

# labebe Children's Step Stool (Model HY2530061) Instruction Manual

Brand: labebe | Model: HY2530061

## INTRODUCTION

---

Thank you for choosing the labebe Children's Step Stool. This 3-in-1 Montessori learning tower is designed to safely bring your child to countertop height, allowing them to participate in various activities. It also converts into a table and chair set, and features a blackboard for creative play. This manual provides essential information for the safe assembly, operation, and maintenance of your product.

## IMPORTANT SAFETY WARNINGS

- **Maximum Load Capacity:** The step stool has a maximum load capacity of 50 kg. Do not exceed this weight limit.
- **Adult Supervision Required:** Always use the product under direct adult supervision. Never leave a child unattended on the step stool or in the table/chair configuration.
- **Proper Assembly:** Ensure the product is correctly and securely assembled according to the instructions before each use. Regularly check all fasteners for tightness.
- **Age Suitability:** Not suitable for children under 12 months. Ensure the child can stand and walk independently with good stability before using the learning tower.
- **Stable Surface:** Place the step stool on a flat, stable, and level surface. Avoid uneven floors or slippery areas.
- **Prevent Falls:** Ensure the safety rail is properly engaged when used as a learning tower. Do not allow children to climb on the outside of the unit.

- **Material Safety:** This product is constructed from solid wood and MDF. All materials and finishes comply with ASTM/CE (US) and EN71 CE (Europe) toy safety standards. Edges are rounded and polished to prevent injury.

## ASSEMBLY INSTRUCTIONS

Assembly is required for this product. Please follow these steps carefully. It is recommended to have two adults for assembly to ensure stability and safety.

### Step 1: Unpack and Identify Components

Carefully remove all parts from the packaging. Verify that all components are present and undamaged. Refer to the parts list (if provided with your product) to ensure you have everything needed.

Image: Key design features including rounded edges, safety rail, wide platform, and stable feet, highlighting the product's kid-friendly design.

### Step 2: Initial Assembly of the Learning Tower

Begin by connecting the main frame components. Ensure all screws and fasteners are tightened securely. Do not overtighten to avoid damaging the wood.

Image: The labebe Montessori Learning Tower fully assembled in its upright position, ready for use.

### Step 3: Attaching the Safety Rail and Platform

Install the safety rail and the wide standing platform. These are crucial for your child's safety and comfort. Double-check that they are firmly attached and cannot be easily dislodged.

### Step 4: Converting to Kids Desk (3-in-1 Functionality)

The learning tower can be converted into a kids' desk and chair set. Follow these steps:

1. **Unlock the Buckle:** Locate and unlock the buckles that secure the learning tower in its upright position.
2. **Lock the 2 Sides:** Carefully fold the top section down. Secure the two sides together using the designated locking mechanisms.
3. **Fold the Step Stool:** Continue folding until the unit transforms into a stable table with integrated seating.

Image: A visual guide demonstrating the three steps to convert the learning tower into a kids' desk: unlocking, securing sides, and folding.

## OPERATING MODES AND USAGE

---

Your labebe Children's Step Stool offers versatile functionality to support your child's development and engagement.

### 1. Montessori Learning Tower Mode

In this mode, the tower allows your child to safely reach adult-height surfaces like kitchen counters or sinks. This promotes independence and participation in household activities.

- Ensure the tower is fully extended and locked in the upright position.
- Always ensure the safety rail is in place and secure before your child climbs onto the platform.
- Supervise your child at all times while they are using the learning tower.

Image: A collage illustrating the versatile use of the step stool in different environments, including kitchen, washing basin, playroom, and study room.

## 2. 3-in-1 Table and Chair Set Mode

Convert the learning tower into a functional table and chair set for drawing, eating, or playing. Refer to the "Assembly Instructions" for conversion steps.

- Ensure the unit is fully converted and stable before use as a table and chair.
- The integrated blackboard can be used for drawing with chalk.

# 3 IN 1 KIDS STEP STOOL

Image: The step stool demonstrating its 3-in-1 capabilities, including a standing tower, a blackboard, and a converted table with chairs.

Image: A child actively drawing on the integrated blackboard, showcasing the creative play aspect of the product.

### 3. Adult Step Stool / Storage Shelf Mode

Once your child outgrows the need for the safety rail, it can be removed, allowing the unit to function as a regular step stool for adults or a decorative shelf for plants or ornaments.

- Remove the safety rail carefully when converting for adult use or as a shelf.
- Ensure the unit is stable and placed on a flat surface when used as a step stool or shelf.

## MAINTENANCE AND CARE

---

- **Cleaning:** Wipe the product with a dry or damp cloth. Avoid using harsh chemicals or abrasive cleaners, which can damage the wood finish.
- **Inspection:** Regularly inspect all parts, especially screws and fasteners, to ensure they remain tight. Tighten any loose connections immediately.

- **Storage:** Store the step stool in a dry environment, away from direct sunlight or extreme temperature changes, to prevent warping or damage to the wood.
- **Blackboard Care:** Use only standard chalk on the blackboard surface. Wipe clean with a damp cloth. Do not use permanent markers.

## TROUBLESHOOTING

If you encounter any issues with your labebe Children's Step Stool, please refer to the following common solutions:

Problem	Possible Cause	Solution
<b>Product feels wobbly after assembly.</b>	Loose screws or incorrect assembly.	Review the assembly instructions and ensure all screws are tightened securely. Check that all parts are correctly aligned.
<b>Difficulty converting between modes.</b>	Buckles or locking mechanisms are not fully disengaged/engaged.	Ensure all buckles are completely unlocked before attempting to fold. Apply gentle, even pressure during conversion. Do not force.
<b>Child cannot reach the counter comfortably.</b>	Child's height may not be suitable for the current platform setting (if adjustable) or the child is too young.	Ensure the child meets the recommended age and height for safe use. The platform height is fixed for this model.

If the problem persists, please contact customer support for further assistance.

## PRODUCT SPECIFICATIONS

<b>Model Number:</b>	HY2530061
<b>Brand:</b>	labebe
<b>Material:</b>	Solid Wood, MDF (Medium Density Fiber)
<b>Color:</b>	Fuchsia
<b>Product Dimensions (L x W x H):</b>	38.4 x 42 x 86.99 cm
