SETUP AND ASSEMBLY

Assembly of the Vente-unique LEANDRE bed and nightstands is required. It is recommended to have at least two people for assembly. Please ensure you have sufficient space and the necessary tools (e.g., screwdriver, hammer) before starting.

1. **Unpack and Verify:** Carefully unpack all components and compare them against the parts list provided in the separate assembly guide. Contact customer support immediately if any parts are missing or damaged.
2. **Prepare the Area:** Clear a spacious area for assembly, preferably near the final placement of the bed. Lay down a blanket or cardboard to protect the floor and furniture parts from scratches.
3. **Assemble the Bed Frame:** Follow the step-by-step instructions in the included assembly manual to construct the main bed frame. Ensure all connections are firm.
4. **Attach the Headboard:** Securely attach the storage headboard to the bed frame as per the instructions.

5. **Install Drawers and Storage:** Assemble and install the under-bed drawers and the foot-end storage chest. Ensure they slide smoothly.
6. **Assemble Nightstands:** Construct the two accompanying nightstands, ensuring drawers operate correctly.
7. **Final Check:** Once assembly is complete, re-check all screws and fittings to ensure they are tight and secure.

Note: A mattress and bed base (slatted frame) are **not included** with this product. The bed is designed for a 140 x 190 cm mattress and a compatible bed base.

- **Bed feels wobbly:** Check all assembly screws and bolts. Re-tighten any loose fasteners. Ensure the bed is on a level surface.
- **Drawers are difficult to open/close:** Verify that the drawer runners are correctly installed and aligned. Ensure the drawers are not overloaded. Check for any obstructions within the drawer mechanism.
- **Parts missing or damaged during assembly:** Refer to the parts list in your assembly guide. Contact Vente-unique customer support with the specific part numbers for assistance.
