- **Dusting:** Regularly dust all surfaces to prevent buildup.

If you encounter issues with your wardrobe, refer to these common solutions:

- **Wobbly Wardrobe:** Ensure the wardrobe is on a level surface. Check that all assembly screws are fully tightened. If necessary, use shims under the base.
- **Doors Not Aligning:** Adjust the hinges on the doors. Most hinges allow for minor adjustments in height, depth, and side-to-side positioning using a screwdriver.
- **Drawers Sticking:** Check that the drawer slides are properly aligned and free of obstructions. Ensure the drawer is not overloaded. Lubricate slides if needed.
