iClever Meow Lollipop HS25 Wired Kids Headphones Instruction Manual

Model: HS25 | Brand: iClever

[Instructions](#) [Maintenance](#) [Setup](#) [Operating](#) [Troubleshooting](#) [Specifications](#) [Warranty](#) [Support](#)

1. SETUP

Follow these steps to set up your iClever Meow Lollipop HS25 headphones:

What's in the Box:

- Meow Lollipop Cat Ear Kids Headphones
- Exquisite Stickers
- User Manual

Connecting the Headphones:

The iClever Meow Lollipop HS25 headphones are wired and connect via a standard 3.5mm audio jack. Simply plug the 3.5mm audio cable into the headphone jack of your compatible device.

Compatible Devices: Cellphones, Desktops, Laptops, Tablets, iPad.

LED Light Batteries:

The LED lights in the cat ears require 2 CR2032 batteries (included). These batteries are pre-installed. If the lights do not function, ensure the battery tab is removed or replace the batteries as needed.

2. OPERATING INSTRUCTIONS

Volume Control and Safe Listening:

These headphones feature a 2nd Generation 85dBA Safe Volume limit, recommended for children's hearing protection during extended use. The volume is controlled directly from your connected device.

LED Light Operation:

The cat ears feature dazzling LED lights. Locate the small button on the back of one of the cat ears. Press the button to cycle through the light modes:

- **Single Click:** Static Light (lights remain steadily on)
- **Double Click:** Quick Flash (lights flash rapidly)
- **Triple Click:** Slow Flash (lights flash slowly)
- **Fourth Click:** Turn off lights

Adjusting for Comfort:

- **Adjustable Headband:** The headband can be extended or retracted to fit various head sizes. Gently slide the earcups up or down along the headband for a comfortable fit.
- **110° Swivel Ear Cups:** The ear cups can swivel 110 degrees, allowing for a flexible and comfortable fit around the ears.
- **Foldable Design:** For easy storage and portability, the headphones can be folded. Gently fold the earcups inwards towards the headband.

Audio Quality:

Equipped with a built-in 40mm dynamic driver, these headphones deliver an immersive sound profile with balanced mids and crystal-clear highs, ensuring a pleasant listening experience.

3. MAINTENANCE

Cleaning Instructions:

To clean your headphones, use a soft, dry cloth. For stubborn dirt, a slightly damp cloth with mild soap can be used, ensuring no moisture enters the earcups or electronic components. Avoid harsh chemicals.

Storage:

When not in use, fold the headphones and store them in a dry, cool place away from direct sunlight and extreme temperatures. This helps prolong the lifespan of the materials (Acrylonitrile Butadiene Styrene (ABS) and Leather).

Water Resistance:

These headphones are *not water resistant*. Avoid exposure to water, rain, or excessive moisture to prevent damage.

Cable Care:

The tangle-free cord is designed for durability. Avoid excessive pulling or bending of the cable to prevent internal wire damage.

4. TROUBLESHOOTING

No Sound or Low Volume:

- Ensure the 3.5mm audio jack is fully inserted into both the headphone port and the device's audio output.
- Check the volume settings on your connected device.
- Test the headphones with a different device to rule out device-specific issues.
- Inspect the audio cable for any visible damage.

LED Lights Not Working:

- Ensure the battery tab (if present from initial packaging) has been removed.
- Replace the 2 CR2032 batteries. Ensure they are inserted with the correct polarity.
- Press the LED light button firmly to cycle through modes.

Uncomfortable Fit:

- Adjust the headband by sliding the earcups up or down until a comfortable fit is achieved.
- Utilize the 110° swivel feature of the earcups to position them correctly over the ears.

5. SPECIFICATIONS

Brand	iClever
Model Name	Meow Lollipop
Item Model Number	HS25
