6. MAINTENANCE

Proper maintenance will ensure the longevity and appearance of your LEVNARY cabinet.

- **Cleaning:** The cabinet features a high-quality waterproof surface that is smooth and easy to clean. Wipe surfaces with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, which can damage the finish. For acrylic doors, use a non-abrasive cleaner specifically designed for plastics.
- **Stability Check:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary to maintain structural integrity.
- **Environmental Conditions:** Avoid prolonged exposure to direct sunlight, extreme temperatures, or high humidity, which

can cause warping or discoloration.

- **Weight Distribution:** Distribute weight evenly across shelves and the tabletop to prevent stress on the cabinet structure.

7. TROUBLESHOOTING

If you encounter any issues with your LEVNARY Black Cabinet, consider the following common solutions:

- **Wobbly Cabinet:** Ensure all screws are fully tightened. Check that the cabinet is placed on a level surface. Adjust the legs if they have levelers.
- **Doors Not Closing Properly:** Verify that hinges are correctly installed and tightened. Check for any obstructions inside the cabinet or along the door path.
- **Missing or Damaged Parts:** If you discover any missing or damaged components upon unboxing, do not proceed with assembly. Contact LEVNARY customer support immediately for assistance.
- **Assembly Difficulties:** Refer back to the detailed Installation Manual (PDF link in Section 4). Ensure each step is followed precisely. If still struggling, consider seeking assistance from another person.
