### Vente-unique TALCA

## TALCA 3-Seater Manual Recliner Sofa User Manual

Model: TALCA | Brand: Vente-unique

### PRODUCT OVERVIEW

The Vente-unique TALCA 3-seater manual recliner sofa is designed for comfort and relaxation. Featuring a soft microfiber upholstery in anthracite with light grey bands, it offers a pleasant 'peach skin' touch. This sofa includes a manual reclining mechanism, allowing you to adjust your seating position for optimal comfort. Its robust construction ensures durability and stability.

### SAFETY WARNINGS

- Keep the sofa away from liquids and high heat sources to prevent damage and fire hazards.
- Supervise children and pets around the sofa, especially when operating the reclining mechanism, to avoid entrapment risks.
- Ensure the sofa is placed on a level surface to prevent tipping.

- Do not stand on the sofa or use it as a step stool.

## SETUP AND ASSEMBLY

The TALCA sofa requires self-assembly. Please follow these instructions carefully to ensure proper setup and stability.

### Package Contents Verification

Upon delivery, verify that all packages have been received. The sofa is typically delivered in two packages:

- **Package N°1:** Length 103 cm, Width 78 cm, Height 66 cm, Weight 42 kg.
- **Package N°2:** Length 103 cm, Width 78 cm, Height 66 cm, Weight 42 kg.

### Assembly Steps

1. Unpack all components from both packages. Lay them out on a clean, soft surface to prevent scratches.
2. Identify the main frame sections, backrests, and armrests.
3. Attach the backrests to the main frame. Ensure they click securely into place. Refer to the included assembly diagram for specific connection points.
4. Connect the armrests to the main frame. Tighten any bolts or fasteners as indicated in the diagram.
5. Carefully turn the sofa upright. Attach the feet to the base of the sofa.
6. Test the reclining mechanism on both seats to ensure smooth operation.
7. Ensure all connections are secure before using the sofa.

## OPERATING INSTRUCTIONS

The TALCA sofa features a manual reclining function for enhanced comfort. This mechanism operates through body pressure and does not require an electrical power source.

### Using the Manual Recliner

- To Recline:** Locate the handle situated on the side of the armrest. Pull the handle to release the footrest. Lean back gently to recline the backrest to your desired angle, up to a maximum inclination of 135 degrees.
- To Return to Upright Position:** Push down on the footrest with your legs while simultaneously leaning forward. The mechanism will retract, and the backrest will return to its upright position. Ensure the footrest is fully closed before getting off the sofa.

## MAINTENANCE AND CARE

---

Proper care will extend the life and maintain the appearance of your TALCA sofa.

### General Cleaning

- **Regular Dusting:** Gently vacuum the sofa regularly using an upholstery attachment to remove dust and loose debris.
- **Spot Cleaning:** For spills, immediately blot the area with a clean, dry cloth. Do not rub. For stubborn stains, use a mild soap solution specifically designed for microfiber, applied sparingly to a clean cloth. Test on an inconspicuous area first.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or strong detergents, as these can damage the microfiber fabric.

### Preventative Measures

- **Sunlight Exposure:** Avoid placing the sofa in direct sunlight for prolonged periods, as this can cause fading.
- **Pet Care:** Keep pets from scratching or chewing on the sofa to prevent damage to the fabric.
- **Weight Distribution:** Distribute weight evenly across the sofa. Avoid sitting on armrests or the very edge of the cushions.

## TROUBLESHOOTING

---

If you encounter any issues with your TALCA sofa, refer to the following common troubleshooting tips:

| Problem                                       | Possible Cause  | Solution  |
|---|---|---|
| Reclining mechanism is stiff or not engaging. | Mechanism might be obstructed or require lubrication.         | Check for any objects obstructing the mechanism. Apply a silicone-based lubricant to moving parts if accessible. Ensure the handle is fully pulled. |
| Sofa feels wobbly after assembly.             | Loose connections or uneven placement.                        | Re-check all assembly bolts and fasteners to ensure they are tightened securely. Ensure the sofa is on a flat, level floor.                         |
| Fabric appears discolored or stained.         | Spills not cleaned promptly or improper cleaning agents used. | Refer to the "Maintenance and Care" section for proper cleaning instructions. For severe stains, consider professional upholstery cleaning.         |
