Homhedy 47.2L x 19.7W x 19.7H

Homhedy Cat Litter Box Enclosure User Manual

Model: 47.2"L x 19.7"W x 19.7"H, White

INTRODUCTION

This manual provides instructions for the assembly, operation, and maintenance of your Homhedy Cat Litter Box Enclosure. This product is designed to offer a private space for your cats while seamlessly integrating into your home decor as a functional piece of furniture.

This image displays the Homhedy Cat Litter Box Enclosure in a white finish. A grey tabby cat is shown exiting through the arched side entrance. The enclosure features a flat top surface, suitable for placing decorative items or books, integrating it into home decor.

SAFETY INFORMATION

To ensure the longevity and safety of the product, please observe the following:

- Do not expose the product to direct sunlight.
- Do not place the product in a damp environment.
- Ensure the product is assembled on a flat, stable surface.
- Keep small parts away from children and pets during assembly.

PACKAGE CONTENTS

Verify that all components are present before beginning assembly:

- 1 x Homhedy Cat Litter Box Enclosure (Disassembled components)
- 1 x Accessory Kit (Includes hardware and small tools)
- 1 x Instructions Manual (Detailed assembly guide)

SETUP AND ASSEMBLY

The Homhedy Cat Litter Box Enclosure requires assembly. Detailed, step-by-step instructions are provided in the separate instruction manual included in your package. Please follow these instructions carefully. All necessary tools and hardware are included in the accessory kit.

It is recommended to assemble the unit on a soft, clean surface to prevent scratches. Ensure all connections are secure before use.

This diagram provides detailed measurements of the Homhedy Cat Litter Box Enclosure. It illustrates the total length of 47.2 inches, width of 19.7 inches, and height of 19.7 inches. Internal compartment dimensions, including door openings and internal space, are also indicated for proper litter box and cat bed selection.

OPERATING INSTRUCTIONS

Litter Box Enclosure Function

The enclosure provides a private and contained space for your cat's litter box. Its design helps to minimize litter tracking and reduce odors in your living area. The double room design allows for two separate litter boxes or a combination of a litter box and a cat bed.

An interior view of the enclosure reveals two distinct compartments. The left compartment houses a cat litter box, with a cat using it. The right compartment contains a soft cat bed, occupied by an orange cat, demonstrating the dual functionality for litter management and pet resting.

Cat House Functionality

Beyond litter management, the enclosure can serve as a cozy cat house. Place a comfortable cat bed inside to create a quiet and secure resting spot for your feline companion. The side entry/exit holes allow cats to access their private space easily.

Multi-functional Furniture Use

This enclosure is designed to blend with your home furniture. Its sturdy top surface can be used as an end table, coffee table, or a display surface for plants, books, or other decorative items. This allows the unit to serve multiple purposes within your home.

Cat House

Cat Washroom

Litter Box Enclosure

End Table

TV Stand

The enclosure is shown as a functional piece of furniture within a living room environment. Accompanying icons visually represent its versatile applications: as a dedicated cat house, a private cat washroom, a hidden litter box enclosure, an end table, or even a TV stand, emphasizing its adaptability to various household needs.

MAINTENANCE

Cleaning

The enclosure features a water-resistant veneered surface, making it easy to clean. Wipe down the exterior and interior surfaces regularly with a damp cloth and mild detergent. Avoid abrasive cleaners that may damage the finish. The double cabinet doors provide convenient access for scooping litter and cleaning the interior.

No cat litter scattered around

This image highlights the benefit of the enclosure in containing litter. The top portion shows the enclosure with a cat resting on a cushion placed on its top surface. The bottom portion contrasts this with an image of a cat using an open litter box, surrounded by scattered litter, demonstrating how the enclosure helps maintain cleanliness.

General Care

Periodically check all screws and connections to ensure they remain tight. Avoid placing excessively heavy items on the top surface to prevent damage.

TROUBLESHOOTING

If you encounter any issues during assembly or use, please refer to the detailed instruction manual provided with the product. For common assembly concerns such as misaligned parts, re-check the steps and ensure all components are correctly oriented before tightening screws. If a part appears damaged or missing, please contact customer support.
