IMPORTANT SAFETY INFORMATION

- Read all instructions carefully before assembly and use.
- Keep children and pets away during assembly. Small parts can be a choking hazard.
- Ensure all connections are secure before placing items on the desk.
- Do not overload the desk or shelves beyond their recommended weight capacity (Maximum Weight Recommendation: 62.3 Pounds).
- Use only the provided power cord and avoid using damaged cords or outlets.
- Do not expose the desk to excessive moisture or direct sunlight.
- Always unplug the desk from the power source before cleaning or performing maintenance.
- Avoid overtightening screws during assembly to prevent damage to the engineered wood.

PACKAGE CONTENTS

Please verify that all components listed below are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

- Desk Panels (Engineered Wood)
- Metal Frame Components
- Built-in LED lighting strip
- Power Outlet Unit (3 standard plug outlets, 2 USB ports)
- Monitor Stand
- Storage Shelves (2-tier)
- Assembly Hardware (screws, Allen wrench, etc.)
- Instruction Manual

SETUP AND ASSEMBLY

Assembly typically requires two people for optimal ease, though it is possible with one. Please follow the step-by-step diagrams provided in your physical manual for detailed instructions. Ensure you have adequate space for assembly.

Reversible L-Shape Design

This desk features a reversible design, allowing you to configure it as a left-corner or right-corner desk to best suit your room layout and preferences. Refer to the assembly diagrams for specific instructions on how to achieve your desired orientation.

Larger Space for Your Seat & Chair Mat

Key Assembly Tips:

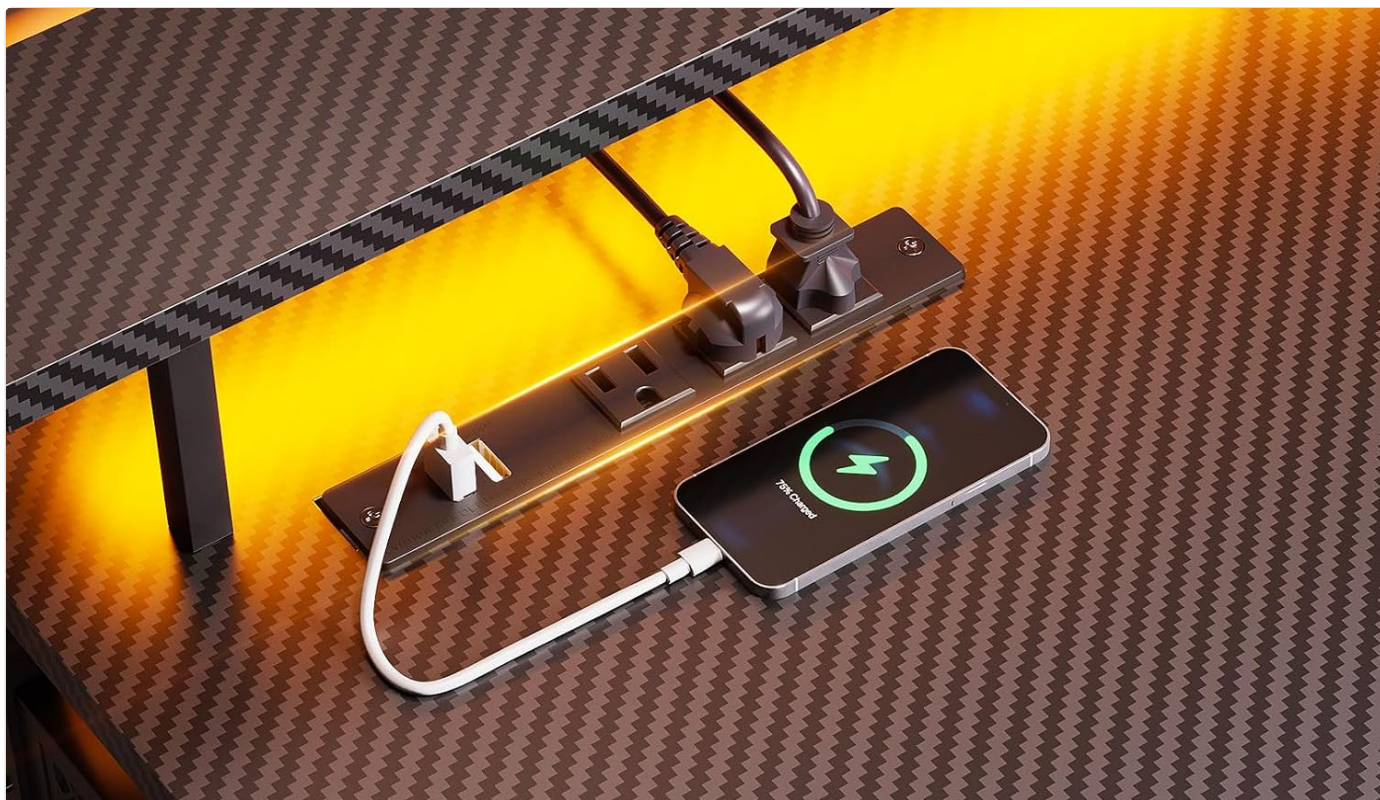

- **Identify Parts:** Before starting, lay out all parts and identify them using the provided parts list in your physical manual.
- **Do Not Overtighten:** Tighten screws firmly but avoid overtightening, especially when attaching the desktop panels, to prevent damage to the engineered wood.
- **Power Outlet Installation:** The recessed power strip should be installed according to the diagrams. Ensure the power cord is routed safely and does not pose a tripping hazard.
- **LED Light Installation:** The LED lighting strip is typically adhesive-backed. Plan its placement under the monitor stand or desk edge for optimal illumination before adhering.

OPERATING INSTRUCTIONS

LED Lighting System

The integrated LED lighting system offers customizable ambiance for your setup.

- **Colors:** Features 10 distinct colors.
- **Lighting Modes:** Offers 10 different lighting modes (e.g., static, pulsating, color cycling).
- **Memory Function:** The LED lights retain the last selected mode when turned off and on again.
- **Control:** Control the lights using the attached controller.

Recessed Power Strip

3 AC Outlets
120V/12A

2 USB Port
5V/2A

Power Cord
6.6 Foot

Image: A close-up view highlighting the RGB LED strips under the desk, emphasizing the 10 lighting modes and 10 color variations available.

Integrated Power Outlet and USB Ports

The desk includes a convenient recessed power strip to power your devices directly.

- **AC Outlets:** 3 standard 120V/12A AC plug outlets.
- **USB Ports:** 2 USB ports (5V/2A) for charging smaller devices.
- **Power Cord:** Features a 6.6-foot power cord for flexible placement.
- **Usage:** Plug in laptops, monitors, phones, gaming gear, and other electronics directly into the desk's power unit.

Customize Your Storage Space

| Multifunctional Two-Tier Shelves

Storage Solutions

The desk is designed with ample storage to keep your workspace organized.

- **Monitor Stand:** Elevates your monitors for improved ergonomics and provides additional space underneath.
- **2-Tier Under Bookshelf:** Distinctive grid design for books, accessories, or small electronics.
- **Computer Tower Stand:** Dedicated space for your PC tower, keeping it off the floor and easily accessible.
- **Adjustable Storage:** The 2-tier storage offers flexibility to accommodate items of various sizes.

Ample Storage Space

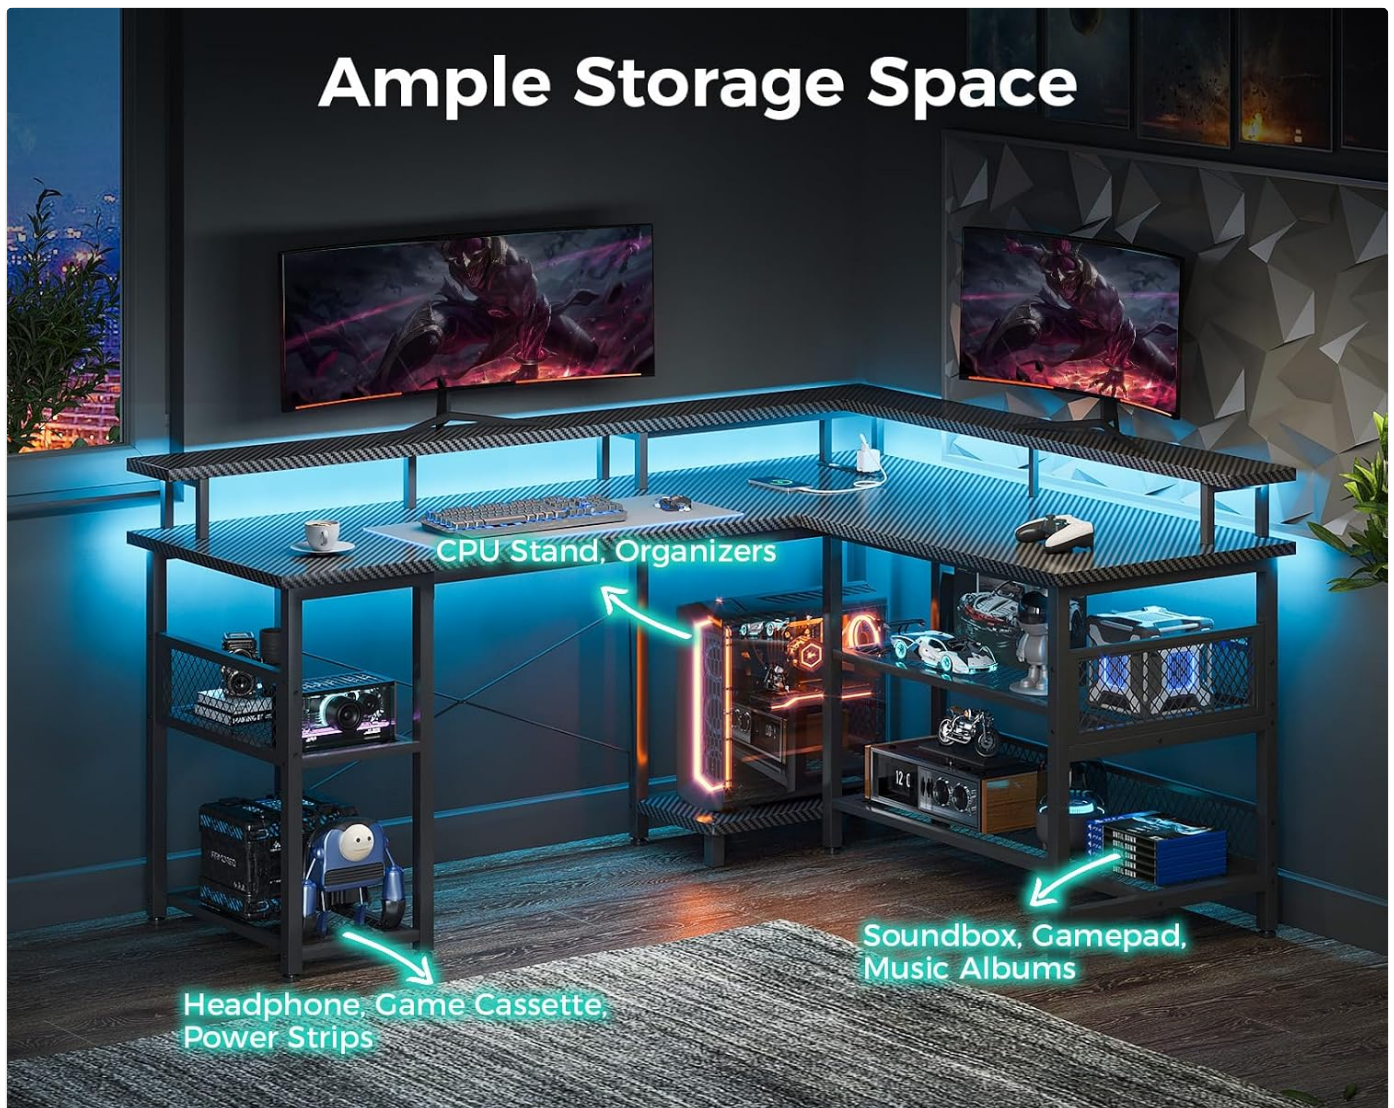

Image: The ODK L-shaped desk demonstrating its ample storage, including the CPU stand, monitor stand, and two-tier shelves, with various items neatly organized.

MAINTENANCE

- **Cleaning:** Wipe the desk surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Dusting:** Regularly dust the desk and LED strips to maintain optimal appearance and performance.
- **Power Unit Care:** Keep the power outlets and USB ports free from dust and debris. Do not spill liquids into the power unit.
- **Hardware Check:** Periodically check all screws and connections to ensure they remain tight and secure. Retighten if necessary.

TROUBLESHOOTING

Problem	Possible Cause	Solution
LED lights not working.	Power connection loose; LED strip damaged; controller malfunction.	Check power cable connection to the wall outlet and to the LED strip. Ensure the controller is properly connected. If issues persist, contact customer support.

Problem	Possible Cause	Solution
Power outlets/USB ports not functioning.	Desk not plugged in; circuit breaker tripped; faulty power unit.	Verify the desk's power cord is securely plugged into a working wall outlet. Check your home's circuit breaker. Avoid overloading the outlets. If still not working, contact customer support.
Desk feels wobbly or unstable.	Loose screws; uneven floor; incorrect assembly.	Ensure all assembly screws are tightened. Check if the desk is on a level surface; use shims if necessary. Review assembly instructions to confirm all parts are correctly installed.
Parts do not align during assembly.	Incorrect orientation of parts; manufacturing defect.	Double-check the assembly diagrams, especially for the reversible sections. Ensure you are using the correct screws for each step. If parts are clearly misaligned or damaged, contact customer support.
