ESR Geo Magnetic Wallet with Find My Functionality and Adjustable Stand User Manual

Brand: ESR | Model: 2K6090101

1. INTRODUCTION AND OVERVIEW

The ESR Geo Magnetic Wallet is designed to enhance your iPhone experience by combining secure card storage with advanced tracking capabilities and versatile stand functionality. This manual provides essential information for setting up, operating, and maintaining your Geo Wallet.

2. WHAT'S INCLUDED

- ESR Geo Magnetic Wallet
- Charging Cable
- User Manual

3. SETUP AND PAIRING

3.1 Initial Charging

Before first use, fully charge your ESR Geo Magnetic Wallet using the provided charging cable. The wallet features a small LED indicator that will show charging status.

Image: The ESR Geo Magnetic Wallet connected to its charging cable, illustrating the charging process. Ensure the stand is closed before charging.

3.2 Pairing with Apple Find My

The ESR Geo Magnetic Wallet integrates with Apple's Find My network for location tracking. Follow these steps to pair your wallet:

1. Ensure Two-Factor Authentication is enabled on your iPhone.
2. Turn on Bluetooth and Location Services on your iPhone.
3. Press the power button on your Geo Wallet once (a beep indicates it's on).
4. Open the 'Find My' app on your iPhone.
5. Navigate to 'Items' > 'Add Item' > 'Other Supported Item'.
6. Tap 'Connect' when 'ESR HaloLock Geo Wallet Stand' is detected and follow the on-screen instructions to name and register it to your Apple ID.

3.3 Compatibility

The ESR Geo Magnetic Wallet is compatible with:

- iPhones with MagSafe (iPhone 12 series and later, except SE models).
- ESR HaloLock cases and official MagSafe cases.
- ESR HaloLock Universal Rings.

It is NOT compatible with iPhone 13/12 mini or non-magnetic cases.

Compatibility

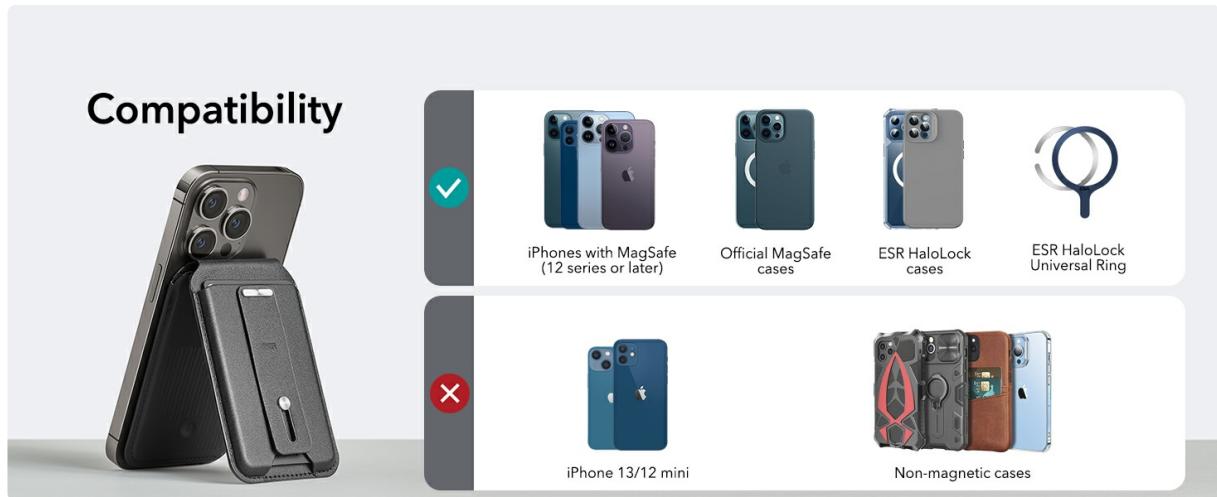

Image: A clear diagram illustrating the compatibility of the ESR Geo Magnetic Wallet with various iPhone models and case types, indicating both compatible and incompatible scenarios.

4. OPERATING INSTRUCTIONS

4.1 Attaching to iPhone

Align the ESR Geo Magnetic Wallet with the MagSafe area on the back of your compatible iPhone or MagSafe-compatible case. The strong magnets will securely attach the wallet.

Stronger Magnetic Lock

Locks on with more than 2x the strength of other magnetic wallets

Magnetic strength

ESR with ESR case

3,000 gf

ESR with caseless iPhone

1,500 gf

Others

700 gf

4.2 Card Storage

The wallet is designed to securely hold 1-3 cards. Insert cards into the designated slot. To easily retrieve cards, use the push-out slot at the bottom.

Smart Card Storage

Holds 1-3 cards equally secure

Image: A user inserting a card into the ESR Geo Magnetic Wallet, showcasing its smart card storage design that holds 1-3 cards securely.

4.3 Adjustable Stand Function

The integrated hinge allows the wallet to fold out, creating a stable stand for your iPhone. Adjust the angle between 15° and 170° for optimal viewing in both portrait and landscape orientations.

Fully Adjustable 2-Way Stand

Image: The ESR Geo Magnetic Wallet functioning as a multi-view stand, supporting an iPhone in both portrait and landscape orientations with adjustable angles.

4.4 Secure Finger Loop

Utilize the durable finger loop on the back of the wallet for a more secure grip on your phone, reducing the risk of accidental drops.

Secure Grip

Adjustable finger loop ensures a comfortable hold

5. FEATURES

5.1 Full Apple Find My Functionality

The ESR Geo Magnetic Wallet is Apple-Certified for full Find My functionality. This allows you to:

- See its real-time location on a map.
- Play a sound to help locate it when nearby.
- Receive 'Left Behind' notifications if you accidentally leave it behind.

Full Find My Functionality

Image: An iPhone screen displaying the Apple Find My app, showing the location of the ESR Geo Magnetic Wallet and the option to play a sound to locate it.

5.2 Enhanced Magnetic Lock

Experience a powerful magnetic lock with up to 3,200-g strength, more than double that of official magnetic wallets, ensuring your important items remain secure.

5.3 RFID Blocking Technology

The wallet features built-in RFID-blocking technology to protect your credit cards, IDs, and personal data from unauthorized scans and digital theft.

6. MAINTENANCE

6.1 Battery Life and Charging

The integrated battery provides approximately 3 months of use from a 1.5-hour full charge. Recharge using the provided magnetic charging cable when the battery is low to maintain Find My functionality.

Long Battery Life

3 months of use from a 1.5-hr full charge

*Close stand prior to charging

Image: A detailed view of the ESR Geo Magnetic Wallet's charging port, showing the magnetic charging cable connected. The text indicates 3 months of battery life from a 1.5-hour charge.

7. TROUBLESHOOTING

7.1 Find My Not Working

- Ensure the wallet is charged.
- Verify Bluetooth and Location Services are enabled on your iPhone.

- Confirm the wallet is powered on (press the button once for a beep).
- Check your iPhone's Find My app settings for the wallet.

7.2 Cards Difficult to Insert/Remove

The dynamic tension spring is designed to hold cards securely. If cards are too tight, ensure you are not exceeding the 3-card capacity. Use the bottom push-out slot for easier removal.

8. SPECIFICATIONS

Product Dimensions	11 x 3.1 x 11 inches
Item Weight	2.93 ounces (83 Grams)
Item Model Number	2K6090101
Material	Leather
Color	Dark Black
Special Features	Geo Magnetic Wallet with Full Find My Functionality, Wallet Tracker with Adjustable Stand, RFID Blocking

9. WARRANTY AND SUPPORT

Your ESR Geo Magnetic Wallet comes with a standard warranty. Please refer to the included User Manual for detailed warranty information and registration instructions. For further assistance, visit the official ESR support website or contact customer service.
