ANCTOR HK-QBF-25

ANCTOR Queen Bed Frame User Manual

Model: HK-QBF-25 | Brand: ANCTOR

1. Introduction

Thank you for choosing the ANCTOR Queen Bed Frame. This upholstered platform bed is designed for comfort and convenience, featuring a storage headboard with a built-in charging station and three under-bed storage drawers. This manual provides essential information for assembly, operation, maintenance, and troubleshooting to ensure optimal use and longevity of your bed frame.

Figure 1.1: ANCTOR Queen Bed Frame with Storage Headboard and Drawers

Key Features:

- **Storage Headboard with Charging Station:** Integrated shelf for items and convenient 110V/12A AC outlets and 5V/2A USB ports.
- **Space-saving Drawers:** Three steel drawers on rolling wheels for easy access and secure storage.
- **Comfortable Upholstered Design:** Wider headboard with high-density sponge and side pockets for additional storage.
- **Sturdy Construction:** Solid metal frame, twelve thickened wooden slats, and heavy-duty steel support bar for a weight capacity of 1100 lbs.
- **Quick and Noise-Free Assembly:** Hook and loop fastener design for slats and EVA silent strip to reduce noise. No box spring required.

2. Safety Information

Please read and understand all safety warnings before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- **Do not exceed the maximum weight capacity of 1100 lbs for the bed frame.**
- **Exercise caution around sharp edges during assembly and when operating drawers.**
- **Always follow the assembly instructions precisely to ensure structural stability and prevent collapse.**
- Ensure all connections are secure before use. Periodically check and tighten all fasteners.
- Keep small parts and packaging materials away from children to prevent choking hazards.

3. Setup and Assembly

The ANCTOR Queen Bed Frame is designed for easy assembly, typically by one person. An all-in-one package includes all necessary accessories and clear instructions. For detailed step-by-step instructions, please refer to the official Installation Manual (PDF) provided with your purchase or available online.

General Assembly Tips:

- Unpack all components and verify against the parts list in the manual.
- Lay out all parts on a soft, clean surface to prevent scratches.
- Do not fully tighten any screws until all components for a section are loosely assembled. This allows for easier alignment.
- The bed slats feature a hook and loop fastener design for quick and secure installation.
- The EVA silent strip should be positioned between the bed frame and the iron frame to reduce frictional noise.

4. Operating Instructions

4.1 Storage Headboard and Charging Station

The headboard features a convenient shelf for placing personal items such as glasses, books, or decorative pieces. It also includes a built-in charging station with 110V/12A AC outlets and 5V/2A USB ports, allowing you to charge your electronic devices within easy reach.

4.2 Under-Bed Storage Drawers

The bed frame includes three steel drawers designed for efficient under-bed storage. These drawers are equipped with rolling wheels for smooth and easy pulling in and out. A special lock design ensures the drawers remain securely in place when closed.

5. Maintenance

Regular maintenance will help preserve the appearance and functionality of your ANCTOR bed frame.

- **Cleaning:** For the upholstered parts, spot clean with a damp cloth and mild detergent if necessary. Avoid harsh chemicals. For wood and metal surfaces, wipe with a soft, dry cloth.
- **Fasteners:** Periodically check all screws and bolts to ensure they remain tight. Re-tighten as needed to maintain stability and prevent squeaking.
- **Drawers:** Keep the drawer wheels free of debris to ensure smooth operation. If drawers become difficult to slide, check for obstructions or damage to the wheels.
- **Charging Station:** Ensure the power cord is not pinched or damaged. Do not overload the outlets.

6. Troubleshooting

If you encounter any issues with your bed frame, please refer to the following common troubleshooting tips:

- **Squeaking Noises:** Ensure all assembly bolts are securely tightened. Verify that the EVA silent strip is correctly positioned between the metal frame and wooden slats.
- **Drawers Not Sliding Smoothly:** Check the rolling wheels for any trapped debris or damage. Ensure the drawers are properly aligned within their tracks.
- **Charging Station Not Working:** Confirm the power cord is fully plugged into a functional wall outlet and securely connected to the headboard unit. Test with a different device to rule out device-specific issues.
- **Missing Parts or Damaged Components:** If you find any parts missing or damaged upon arrival, please contact customer service immediately for assistance.

If these steps do not resolve your issue, please contact ANCTOR customer support for further assistance.

7. Specifications

Figure 7.1: Product Specifications Overview

Feature	Detail
Brand	ANCTOR
Model Number	HK-QBF-25
Size	Queen
