KEENZ Keenz XC+ 2.0

Keenz XC+ 2.0 Luxury Comfort Stroller Wagon User Manual

Model: Keenz XC+ 2.0 | Brand: KEENZ

Product Overview

The KEENZ XC+ 2.0 Luxury Comfort Stroller Wagon is designed to provide a versatile and secure transportation solution for families. This stroller wagon combines style, functionality, and convenience, accommodating up to four children with individual 5-point safety harnesses. It features an adjustable and removable canopy for protection against elements, and a compact folding mechanism for easy storage and transport. The design emphasizes durability and ease of use across various terrains.

Key Features

- **Unrivaled Versatility:** Seamlessly transitions between a stroller and a wagon, allowing for effortless navigation on any terrain.
- **Ample Space:** Comfortably accommodates up to four children, making it suitable for growing families or playdates. Each passenger seat is equipped with its own 5-point safety harness.
- **Customizable Comfort:** Includes an adjustable and removable canopy to protect children from sun, wind, or rain.
- **Convenient Features:** Enhances the experience with accessories such as a snack tray, providing a designated space for snacks and drinks. Its foldable design ensures compact and easy storage.
- **Luxury and Durability:** Constructed with premium materials, the KEENZ XC+ 2.0 offers exceptional quality and longevity, designed to withstand extended use.

Safety Guidelines

The Keenz XC+ 2.0 Stroller Wagon is designed with safety as a priority. Adhere to the following guidelines to ensure the well-being of all occupants:

- Always use the 5-point adjustable safety harness for each child. Ensure straps are snug but comfortable.
- Do not exceed the maximum weight capacity of 326 lbs (147.8 kg) for the wagon, or 55 lbs (24.9 kg) per passenger seat.
- Ensure the stroller wagon is fully locked in its open position before placing children inside.
- Engage the brake pedal when the wagon is stationary, especially on inclines or uneven surfaces.
- Never leave children unattended in the stroller wagon.
- Keep hands and fingers clear of moving parts during folding and unfolding.

- Regularly inspect all components for wear, damage, or loose parts. Discontinue use if any damage is found.
- The product is JPMA Safety Tested & Certified to meet or exceed the highest safety standards.

Setup and Assembly

The Keenz XC+ 2.0 Stroller Wagon is designed for straightforward assembly. Follow these general steps to prepare your wagon for use:

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify that all components listed in the packing list (if provided with the physical product) are present.
2. **Unfold Frame:** Place the main frame on a flat, stable surface. Release any locking mechanisms and extend the frame until it

clicks securely into the fully open position.

3. **Attach Wheels:** Securely attach the wheels to the designated axles. Ensure they are firmly locked in place and spin freely.
4. **Install Canopy:** Slide or clip the adjustable canopy onto the frame's designated attachment points. Ensure it is securely fastened and can be adjusted smoothly.
5. **Insert Seats and Harnesses:** Place the reclining and removable seats into their positions. Ensure the 5-point adjustable harnesses are correctly routed and accessible.
6. **Attach Accessories:** Install the removable snack tray and any other accessories like storage pockets as per their specific instructions.
7. **Final Check:** Before first use, double-check all connections, locking mechanisms, and safety features to ensure they are properly engaged and functioning.

Operating Instructions

Folding and Unfolding

- **To Unfold:** Release the folding latch. Pull the handlebars apart until the frame fully extends and locks into place. Ensure all locking mechanisms are engaged before use.
- **To Fold:** Empty the wagon of all contents and remove children. Engage the brake. Locate the folding release mechanisms (usually levers or buttons near the handlebars or frame joints). Activate these mechanisms and push the handlebars together to collapse the frame. Secure with the folding latch.

Using the Canopy

- The canopy can be adjusted to various positions to provide optimal shade and protection.
- It features blackout panels and UV protection. Extend these panels as needed for increased coverage.
- The canopy is removable for situations where it is not required.

Snack Tray and Storage

- The removable snack tray provides a convenient surface for food and drinks. Ensure it is securely attached before use.
- Utilize the integrated storage pockets for personal items, diapers, or other necessities.

Maintenance and Care

Regular maintenance ensures the longevity and safe operation of your Keenz XC+ 2.0 Stroller Wagon.

- **Cleaning:**
  - Wipe down the frame with a damp cloth and mild soap. Dry thoroughly.
  - Fabric components can be spot cleaned with a mild detergent and water. Allow to air dry completely before folding or storing.
  - Do not use abrasive cleaners or solvents.
- **Wheel Maintenance:**

- Periodically check wheels for debris and remove any obstructions.
- Ensure wheels rotate smoothly. Lubricate axles if necessary with a silicone-based lubricant.

- **Storage:** Store the stroller wagon in a dry, cool place away from direct sunlight and extreme temperatures to prevent material degradation.
- **Inspections:** Regularly check all screws, rivets, and fasteners to ensure they are tight. Inspect the harness system, buckles, and fabric for any signs of wear, tears, or damage.

Troubleshooting

This section addresses common issues you might encounter with your Keenz XC+ 2.0 Stroller Wagon.

Problem	Possible Cause	Solution
Wagon does not fold/unfold smoothly.	Locking mechanisms are stuck or obstructed.	Ensure all children and items are removed. Check for any debris or fabric caught in the folding joints. Apply a small amount of silicone lubricant to moving parts if necessary.
Wheels are squeaking or difficult to maneuver.	Dirt/debris in axles, lack of lubrication.	Clean wheels and axles thoroughly. Apply a silicone-based lubricant to the wheel axles.
Harness buckles are stiff or difficult to operate.	Accumulation of dirt or food residue.	Clean buckles with a damp cloth. Ensure no foreign objects are lodged inside. Do not force buckles.
Canopy does not stay in position.	Attachment points are loose or damaged.	Check that the canopy is correctly attached to the frame. Inspect attachment points for damage.

If you encounter issues not listed here or if solutions do not resolve the problem, please contact customer support.

Product Specifications
