## 5. OPERATING INSTRUCTIONS

### 5.1. Charging Station

The integrated charging station provides convenient power access for your devices. It includes:

- 2 AC Outlets (1500W 12A)
- 1 USB-C Port (5V/2A)
- 1 USB-A Port (5V/2A)

Simply plug your devices into the appropriate ports on the tabletop for charging. A separate wire connects the LED light without occupying any charging station ports.

## 7. MAINTENANCE

To maintain the appearance and longevity of your LAKEMID Nightstands, follow these care instructions:

- **Cleaning:** Wipe surfaces gently with a damp cloth. Avoid using harsh chemicals, abrasive cleaners, or polishes that may damage the finish.
- **Spills:** Clean spills immediately with a soft, dry cloth to prevent staining.
- **Stability:** Periodically check and tighten all screws and connections to ensure the nightstand remains stable. Adjust the feet as needed to prevent wobbling.

## 8. TROUBLESHOOTING

If you encounter any issues with your nightstands, refer to the following common troubleshooting tips:

- **LED Lights Not Working:**
  - Ensure the light strip is properly connected to the power source and the controller.
  - Check if the power outlet is functioning correctly.
  - Verify that the power button on the controller is pressed.

- **Charging Station Not Functioning:**

- Confirm the nightstand's main power cord is securely plugged into a working wall outlet.
- Check if the device you are trying to charge is properly connected to the USB or AC outlet.
- Ensure the device itself is not fully charged or has a charging issue.

- **Nightstand Wobbles:**

- Adjust the four adjustable feet at the bottom of the nightstand to level it on uneven surfaces.
- Ensure all assembly screws are tightened securely.

If problems persist, please contact LAKEMID customer support for assistance.
