

## JAMJAKE Stylus Pen for iPad

# JAMJAKE Stylus Pen for iPad User Manual

Model: Stylus Pen for iPad

## INTRODUCTION

Thank you for choosing the JAMJAKE Stylus Pen for iPad. This high-precision, high-sensitivity stylus is designed to enhance your digital writing and drawing experience on compatible iPad models. It features tilt recognition, magnetic adsorption, and palm rejection technology, making it a versatile and user-friendly tool for various tasks, from note-taking to artistic creation.

Please read this manual carefully to ensure proper use and maintenance of your stylus pen.

## PACKAGE CONTENTS

- JAMJAKE Stylus Pen
- USB-C Charging Cable
- Replacement Pen Tips (3x)
- User Manual

## SETUP

### 1. Initial Charging

Before first use, fully charge the stylus pen. Connect the provided USB-C charging cable to the charging port on the pen and a compatible USB-C power adapter (not included).

# USB急速充電、長時間使用

充電時間約: 35時間

稼働時間約: 10時間

自動スリープ: 5分間

待機時間約: 30日

Image: The JAMJAKE Stylus Pen being charged via its USB-C port. A red light indicates charging, and a green light indicates a full charge. The pen can be used for approximately 10 hours after a 35-minute full charge.

- **Charging Indicator:** A red light will illuminate during charging.
- **Charging Complete:** The light will turn green when fully charged.
- **Charging Time:** Approximately 35 minutes for a full charge.
- **Usage Time:** Up to 10 hours of continuous use on a full charge.

## 2. Powering On/Off

The JAMJAKE Stylus Pen does not require Bluetooth pairing. Simply tap the top of the pen to power it on or off.

# 使いやすい

Bluetooth接続とアプリの必要がなく、iPadペンの上部を軽くタップすると、電源の切り替えができるように仕様です。

タップで開閉

Image: Instructions for powering the pen on/off by tapping the top. Also illustrates how to twist and replace the pen tip, showing three spare tips included.

- **Power On:** Lightly tap the top of the stylus.
- **Power Off:** Lightly tap the top of the stylus again.
- **Automatic Sleep:** The pen will enter sleep mode after 5 minutes of inactivity to conserve battery.
- **Automatic Shut-off:** The pen will automatically turn off after 30 minutes of inactivity.

## OPERATING INSTRUCTIONS

### 1. High Precision and Sensitivity

The improved pen tip offers ultra-high precision and sensitivity, allowing you to draw fine lines and intricate details without lag or skipping. It provides a natural writing experience, similar to writing on paper.

## 高精度、高感度

遅延なし、画面を傷つけません、紙にペンで書くのようです。

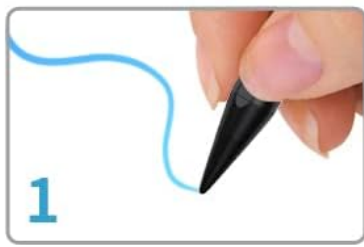

Image: A hand using the JAMJAKE Stylus Pen to draw on an iPad screen, highlighting its high precision and smooth performance for drawing and writing.

### 2. Tilt Recognition Function

The stylus supports tilt recognition, allowing you to dynamically adjust the thickness of your lines by changing the angle at which the pen tip is placed on the screen. This feature is ideal for sketching and drawing, providing a more natural and versatile artistic experience.

- **Supported Apps:** This feature is compatible with drawing applications such as SketchBook, Procreate, Paper, Noteshef, and Artset.

## 傾き感知機能

チップの配置角度によって線の太さを動的に調節することができ、ペン先の傾斜面積が大きいほど、線が太くなります。絵描き最適!

∠15° 

∠30° 

∠60° 

Image: A visual representation of the tilt recognition function, demonstrating how tilting the pen at angles like 15°, 30°, and 60° affects line thickness, making it suitable for various drawing styles.

### 3. Palm Rejection Function

With palm rejection technology, you can rest your hand comfortably on the iPad screen while writing or drawing, just like you would on paper. This prevents unintended marks and allows for a more natural and comfortable creative process without needing to wear gloves.

# パームリジェクション機能

パームリジェクション機能が搭載し、紙に描いているよう、自然的に手をiPadに置けます。

手を空中に置く必要はありません

手袋必要なし

Image: Two examples showing the palm rejection feature in action. A user's hand rests on the iPad screen while drawing, indicating that gloves are not required for comfortable use.

## 4. Magnetic Adsorption

The JAMJAKE Stylus Pen features magnetic adsorption, allowing it to conveniently attach to the side of compatible iPad models. This makes storage and portability easy, reducing the risk of losing your pen during travel or meetings.

### • Compatible Devices for Magnetic Adsorption:

- iPad Pro 12.9" (3rd, 4th, 5th, 6th Generation)
- iPad Pro 11" (all generations)
- iPad mini (6th Generation)
- iPad Air (4th, 5th Generation)

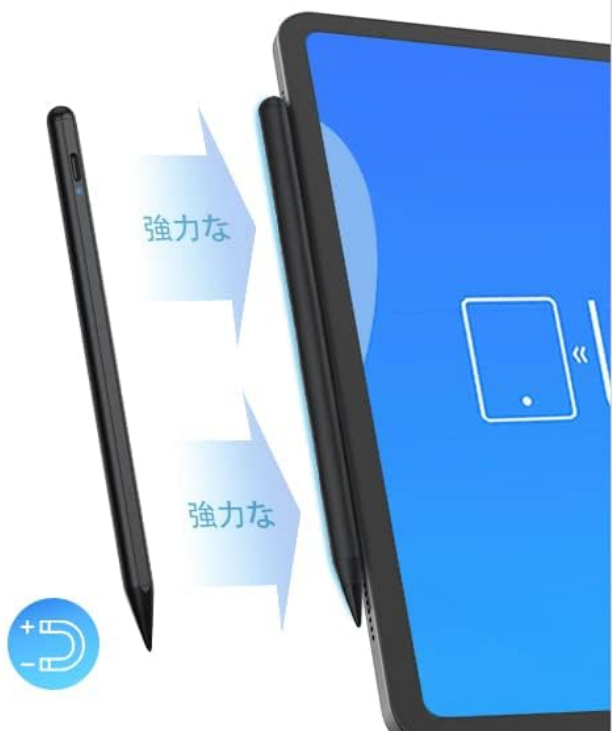

# 磁気吸着機能

磁気吸着機能が付き、出張、会議などに持ち運びに便利です。

**ご注意:** 磁気吸着機能対応デバイス: iPad Pro 12.9” (第三/四/五/六世代); iPad Pro 11” ; iPad mini第六世代; iPad air(第四/五世代)

## 当社

超強力吸着  
保管と持ち運びが簡単

## 他社

磁石なし  
iPad ケースが必要、便利ではない

Image: A comparison demonstrating the strong magnetic adsorption of the JAMJAKE pen to an iPad, contrasting it with a pen lacking this feature, which would require an iPad case for storage.

## MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the stylus. Do not use abrasive cleaners or solvents.
- **Storage:** Store the stylus in a cool, dry place. Utilize the magnetic adsorption feature on your iPad for secure storage when not in use.
- **Pen Tip Replacement:** If the pen tip becomes worn or damaged, replace it with one of the provided spare tips. To replace, gently twist the old tip counter-clockwise to remove, then twist a new tip clockwise to secure.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Pen not responding	Low battery; Pen is off; iPad not compatible; Another stylus connected.	Charge the pen fully. Tap the top to turn it on. Verify iPad compatibility. Disconnect any other styluses (e.g., Apple Pencil) from your iPad's Bluetooth settings.
Inaccurate or delayed response	Worn pen tip; Screen protector interference; App compatibility issue.	Replace the pen tip. Ensure your screen protector is thin and properly installed. Try using the pen in different apps to check if the issue is app-specific.
Palm rejection not working	App does not support palm rejection; iPad settings.	Ensure the app you are using supports palm rejection. Check your iPad's settings for any conflicting stylus settings.
Pen not magnetically attaching	iPad model not supported for magnetic adsorption.	Refer to the "Magnetic Adsorption" section for a list of compatible iPad models. Not all iPads support this feature.
