Play time

Image 3.1: Overview of the GenXenon X50 headphones, highlighting the microphone, Type-C charging port, '+' button (also power), and '-' button.

- **Microphone:** For calls and voice assistant.
- **Type-C Charging Port:** For charging the device.
- **'+' Button:** Multi-functional button for power, volume up, next song, and call management.
- **'-' Button:** Multi-functional button for volume down, previous song, and voice assistant activation.

4. SETUP AND PAIRING

4.1 Initial Charging

Before first use, fully charge your headphones. Connect the provided USB Type-C cable to the charging port on the headphones and the other end to a USB power source. The indicator light will show charging status.

Image 4.1: The GenXenon X50 headphones connected to a charging cable, illustrating the Type-C fast charging port.

4.2 Power On/Off

- **Power On:** Press and hold the '+' button for approximately 3 seconds until the indicator light flashes.
- **Power Off:** Press and hold the '+' button for approximately 3 seconds until the indicator light turns off.

4.3 Bluetooth Pairing

1. Ensure the headphones are powered off.
2. Press and hold the '+' button for 3 seconds to turn on the headphones. They will automatically enter pairing mode, indicated by a flashing light.
3. On your mobile device, enable Bluetooth and search for available devices.
4. Select "X50" from the list of devices to connect.
5. Once connected, the indicator light will stop flashing and remain solid.

- **Next Song:** Press and hold the '+' button for 1 second.
- **Previous Song:** Double click the '-' button.
- **Volume Up:** Click the '+' button once.
- **Volume Down:** Click the '-' button once.

5.2 Call Management

- **Answer Call:** Click the '+' button once.
- **Hang Up/Reject Call:** Long press the '+' button for 1 second.

5.3 Voice Assistant

- **Activate Voice Assistant (e.g., Siri):** Press and hold the '-' button for 1 second.

6. MAINTENANCE

To ensure the longevity and optimal performance of your GenXenon X50 headphones, follow these maintenance guidelines:

- **Cleaning:** Wipe the headphones with a soft, dry cloth. Avoid using abrasive cleaners or solvents.
- **Water Resistance:** The headphones are IPX5 water-resistant, meaning they can withstand sweat and light splashes. Do not submerge them in water or expose them to heavy rain.
- **Storage:** Store the headphones in a cool, dry place away from direct sunlight and extreme temperatures.
- **Charging:** Use only the provided charging cable or a certified USB Type-C cable. Avoid overcharging.

7. TROUBLESHOOTING

If you encounter issues with your GenXenon X50 headphones, refer to the following common solutions:

Problem	Possible Cause	Solution
Headphones do not power on.	Low battery.	Charge the headphones fully using the provided Type-C cable.
Cannot pair with device.	Bluetooth is off on device; headphones not in pairing mode; too far from device.	Ensure Bluetooth is enabled on your device. Put headphones in pairing mode (long press '+' for 3s). Keep headphones within 10 meters of your device.
No sound during playback.	Volume too low; headphones not connected; incorrect audio output selected.	Increase volume on both headphones and device. Repair headphones. Check device audio settings.
Poor call quality.	Weak signal; microphone obstruction.	Move to an area with better signal. Ensure microphone is not covered.
