3. SETUP INSTRUCTIONS

1. **Verify Compatibility:** Ensure your device is a Philips Avent SCD610, SCD610/10, SCD610/00, or SCD610/01 Digital Video Baby Monitor. Using this adapter with incompatible devices may cause damage.
2. **Connect to Device:** Insert the DC output plug of the adapter firmly into the power input port of your Philips Avent baby monitor.
3. **Connect to Power Outlet:** Plug the AC input prongs of the adapter into a standard wall power outlet (100-240V AC, 50/60Hz).
4. **Power On:** Once connected, your baby monitor should receive power and begin charging or operating.

4. OPERATING INSTRUCTIONS

The Marg AC/DC Adapter provides stable and efficient power to your compatible Philips Avent baby monitor.

- **Charging:** When connected, the adapter will charge the internal battery of your baby monitor (if applicable) and/or power the device directly.
- **Continuous Power:** The adapter is designed for continuous use, providing reliable power for extended periods.
- **Efficient Charging:** This adapter is designed for efficient power delivery, potentially reducing charging times compared to less optimized chargers.
