KADAX K4235

KADAX Elegant Tall Planter User Manual

Model: K4235

1. PRODUCT OVERVIEW

The KADAX Elegant Tall Planter is designed for both indoor and outdoor use, offering a stylish and durable solution for your plants. Made from high-quality plastic, it is lightweight yet robust, and resistant to various weather conditions.

This image illustrates the KADAX Elegant Tall Planter, highlighting its two-part design: a white outer decorative pot and a black removable inner pot. The right side shows a plant successfully potted within the assembled planter.

AUS KUNSTSTOFF

KADAX

- Solide Konstruktion
- Hochwertiger Kunststoff
- Frostbeständig
- Leicht und unzerbrechlich
- Kratzfest
- Pflegeleicht

GEEIGNET FÜR DEN GARTEN, DIE TERRASSE, DEN BALKON SOWIE DAS HAUS

This image displays two KADAX tall planters positioned on a patio in a garden. One planter contains a flowering plant, showcasing its suitability for outdoor environments and its robust construction.

Key Features:

- **Weather Resistance:** Constructed from plastic that withstands various weather conditions, ensuring long-lasting durability for both indoor and outdoor placement.
- **Lightweight Design:** Despite its generous size, the planter is made from lightweight plastic, making it easy to move and position as needed.
- **Versatility:** Suitable for a wide range of environments, including homes, offices, and gardens, accommodating both indoor and outdoor plants.
- **Stability:** Features a wide base and robust design to ensure optimal stability, even with large plants or in windy conditions.
- **Multiple Sizes:** Available in various dimensions to suit different root systems and allow for diverse plant arrangements.

2. SETUP

Unpacking:

1. Carefully remove the planter and its components from the packaging.
2. Inspect all parts for any signs of damage. If any damage is found, please contact customer support.
3. Ensure all components are present: the outer decorative pot and the inner planting pot.

Assembly:

1. Place the outer decorative pot in your desired location.
2. Insert the black inner planting pot into the top opening of the outer decorative pot. Ensure it sits securely.

This image provides a detailed view of the assembly process, showing the black inner planting pot being carefully placed into the white outer decorative planter. This two-part system simplifies planting and maintenance.

This diagram provides key dimensions for the KADAX tall planter and its inner pot. The outer pot measures 34 cm x 34 cm at the top and 68 cm in height, with a 26 cm base. The inner pot is 34 cm x 34 cm at the top and 28 cm deep, indicating the planting space.

3. OPERATING INSTRUCTIONS

Planting:

1. Fill the inner planting pot with appropriate potting soil for your chosen plant.
2. Carefully place your plant into the soil within the inner pot.
3. Add more soil around the plant as needed, ensuring it is secure.
4. Water the plant thoroughly after potting.

Placement:

- The KADAX planter is suitable for both indoor and outdoor environments.
- For outdoor use, ensure the planter is placed on a stable, level surface to prevent tipping, especially in windy conditions.

- Consider the plant's light requirements when choosing a placement location.

This image shows a person watering a plant housed within a KADAX tall planter on a wooden deck. It illustrates the practical use of the planter for maintaining plants in various settings.

4. MAINTENANCE

Cleaning:

- To clean the planter, use a soft cloth and mild soap with water.
- Avoid abrasive cleaners or harsh chemicals, as these may damage the plastic surface.
- The inner pot can be easily removed for thorough cleaning or repotting.

Seasonal Care:

- The planter's plastic material is resistant to weather conditions, including frost.
- For prolonged outdoor use in extreme temperatures, ensure proper drainage to prevent water from freezing and expanding within the pot, which could potentially cause damage.

5. TROUBLESHOOTING

Issue	Possible Cause	Solution
Planter appears unstable	Uneven surface; plant too large for pot; insufficient soil.	Ensure planter is on a flat, level surface. Repot plant into a more suitable size if necessary. Add more soil to stabilize the plant.
Water accumulation in outer pot	Inner pot lacks drainage holes or is blocked; excessive watering.	Ensure inner pot has adequate drainage holes. Reduce watering frequency. The design allows for a reservoir at the bottom of the outer pot, but avoid prolonged standing water.
Discoloration or fading	Prolonged exposure to direct sunlight or harsh chemicals.	While weather-resistant, extreme prolonged UV exposure can affect color over many years. Avoid using harsh cleaning agents.

6. SPECIFICATIONS

Attribute	Detail
Brand	KADAX
Model	K4235
Color	White (Smooth)
Product Dimensions	34 x 34 x 68 cm
Material	Plastic
Special Feature	Weather Resistant
Style	Modern
Planter Shape	Plant Pot

7. WARRANTY AND SUPPORT

KADAX products are manufactured to high-quality standards. While specific warranty details may vary, general consumer rights apply. Please retain your proof of purchase for any warranty claims.

For further assistance, technical support, or inquiries regarding your KADAX Elegant Tall Planter, please contact KADAX customer service through the retailer where the product was purchased or visit the official KADAX brand store online.
