

## HP 793A6AA

# HP 320 15.6-inch Laptop Backpack Instruction Manual

Model: 793A6AA

## INTRODUCTION

The HP 320 15.6-inch Laptop Backpack is designed for comfort, durability, and convenience, allowing you to transport your laptop and essentials securely. This manual provides essential information on how to use and care for your backpack.

## KEY FEATURES

- **Padded Laptop Compartment:** Protects laptops up to 15.6 inches.
- **Spacious Design:** Offers up to 21 liters of capacity, suitable for daily use or short trips.
- **Trolley Pass-Through:** Allows easy attachment to luggage handles for convenient travel.
- **Comfort Features:** Includes padded shoulder straps, a padded back panel, and a padded air mesh panel for enhanced comfort and breathability.
- **Multiple Pockets:** Features an accessories compartment, utility pockets, and two water bottle/umbrella pockets.
- **Lightweight and Durable:** Constructed from polyester for a lightweight yet robust design.
- **Easy Maintenance:** Designed for hand washing and air drying.
- **Sustainable Materials:** Hanger tag made from 100% recycled paper stock, and the LDPE bag contains 100% recycled plastic.

## SETUP

The HP 320 Laptop Backpack requires minimal setup.

1. **Unpack:** Remove the backpack from its packaging.
2. **Adjust Straps:** Adjust the padded shoulder straps to a comfortable length for your body. Ensure the backpack

sits securely on your back without excessive strain.

3. **Familiarize with Compartments:** Identify the main padded laptop compartment, the accessories compartment, and the side pockets.

## OPERATING INSTRUCTIONS

Follow these guidelines for effective use of your HP 320 Laptop Backpack.

1. **Inserting Your Laptop:** Open the top zipper and carefully slide your 15.6-inch or smaller laptop into the dedicated padded laptop compartment. Ensure it is seated properly to maximize protection.
2. **Organizing Accessories:** Utilize the spacious accessories compartment for items like your mouse, power cable, keyboard, notebooks, and other peripherals. Smaller utility pockets can hold pens, keys, or a mobile phone.
3. **Using Side Pockets:** The two mesh side pockets are suitable for water bottles or umbrellas.
4. **Trolley Pass-Through:** For travel, slide the backpack's trolley pass-through strap over the handle of your

rolling luggage. This secures the backpack to your luggage, making transit easier.

5. **Carrying Comfort:** Always use both padded shoulder straps for even weight distribution. The padded air mesh back panel enhances comfort and airflow, reducing strain during prolonged wear.

## MAINTENANCE

Proper care will extend the life and appearance of your backpack.

- **Cleaning:** The backpack is designed for **hand wash only**. Use mild soap and cold water. Do not use harsh detergents or bleach.
- **Drying:** After washing, **air dry** the backpack completely. Do not tumble dry or expose to direct heat, as this may damage the material.
- **Stain Removal:** For stubborn dirt or grime, gently scrub the affected area with a soft brush or cloth.
- **Storage:** Store the backpack in a cool, dry place away from direct sunlight when not in use.

# Stay ready to hit the road

Easily hand wash and air dry your backpack and get rid of stubborn dirt stains and grime in no time.

## TROUBLESHOOTING

Here are solutions to common issues you might encounter.

| Problem                                                 | Solution                                                                                                                                   |
|---------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------|
| Zipper is stuck or difficult to move.                   | Apply a small amount of zipper lubricant (e.g., wax or graphite) to the teeth. Gently work the zipper back and forth. Avoid forcing it.    |
| Backpack feels uncomfortable or causes shoulder strain. | Adjust both shoulder straps evenly to distribute weight. Ensure the backpack is not overloaded. Utilize the padded back panel for support. |
| Stains or dirt on the fabric.                           | Refer to the "Maintenance" section for hand washing and air drying instructions. Address stains promptly.                                  |
| Laptop does not fit in the compartment.                 | Verify your laptop size. This backpack is designed for devices up to 15.6 inches. Laptops larger than this will not fit.                   |

## SPECIFICATIONS

| Feature                        | Detail                     |
