NOVGOBHOT MPJ-001

NOVGOBHOT Cat Wall Shelves Furniture Set Instruction Manual

Model: MPJ-001

Introduction

This manual provides detailed instructions for the assembly, installation, and maintenance of your NOVGOBHOT Cat Wall Shelves Furniture Set, Model MPJ-001. This product is designed to offer a multi-level activity space for cats, including climbing, perching, scratching, and resting areas. Please read all instructions carefully before beginning assembly and installation.

Safety Information

- **Weight Capacity:** Do not exceed the maximum weight capacity of 25 lbs (11.3 kg) for any single shelf or the entire unit. This product is suitable for multiple cats or larger breeds within the specified weight limit.
- **Proper Installation:** Ensure all components are securely fastened to the wall according to the installation instructions to prevent accidents and ensure stability. Improper installation can lead to injury or damage.
- **Rounded Edges:** The shelves and perches feature rounded edges to minimize the risk of injury to your cat.
- **Sisal Rope:** The scratching posts are made of durable sisal rope, designed for cat scratching. Regularly inspect for wear and tear.
- **Supervision:** Monitor your cat's initial use of the furniture to ensure they adapt safely.

Package Contents

Verify that all components listed below are present before beginning assembly.

Setup and Installation

The NOVGOBHOT Cat Wall Shelves Furniture Set is designed for wall mounting. Ensure you have the necessary tools and a suitable wall surface before beginning. The furniture is compatible with concrete, natural dense stone, solid brick, solia lime sand brick, and lightweight concrete walls.

Recommended Tools (Not Included):

- Impact Drill
- Phillips Screwdriver
- Level
- Measuring Tape
- Pencil
- Hammer

Installation Steps:

1. **Plan Layout:** Determine the desired arrangement of the shelves on your wall. Use a pencil and level to mark the precise locations for drilling. Consider your cat's movement and access.
2. **Drill Holes:** Using an impact drill, drill holes into the wall at the marked locations. Ensure the drill bit size matches the provided wall anchors.
3. **Clean Debris:** After drilling, use a brush or vacuum to clean any dust or debris from the drilled holes.
4. **Insert Wall Anchors:** Insert the wall anchors into the drilled holes. Gently tap them into place with a hammer until they are flush with the wall surface.

5. **Secure Brackets:** Align the shelf brackets with the installed wall anchors. Use a Phillips screwdriver to insert and tighten the screws, securing the brackets firmly to the wall.
6. **Attach Shelves:** Once the brackets are secure, attach the wooden shelf components to the brackets using the provided hardware. Ensure all connections are tight and stable.

Note: For optimal stability, especially for heavier cats or multiple cats, consider attaching at least one mounting point to a wall stud if possible. Some users have found alternative heavy-duty drywall anchors or toggle bolts to provide additional security.

Operating and Usage

The NOVGOBHOT Cat Wall Shelves Furniture Set provides a versatile environment for your cat's natural behaviors.

- **Climbing and Exploration:** Cats can use the steps and shelves to climb and explore vertical spaces, satisfying their natural instincts.

- **Perching and Resting:** The various platforms and the cat bed offer elevated vantage points for resting, observing surroundings, and feeling secure.
- **Scratching:** The sisal rope scratching posts provide a designated area for your cat to sharpen claws, helping to protect other furniture.
- **Hiding:** The enclosed cat condo offers a private and secure space for your cat to retreat and relax.

Maintenance

- **Cleaning:** The wooden components can be wiped clean with a damp cloth. Avoid harsh chemicals. The manufacturer recommends hand washing for general care.
- **Sisal Rope:** Inspect the sisal scratching posts regularly for fraying or damage. Replace if necessary to maintain effectiveness and safety.
- **Hardware Check:** Periodically check all screws and mounting hardware to ensure they remain tight and secure. Retighten as needed.

Troubleshooting

- **Wobbly Shelves:** If shelves feel wobbly after installation, re-check all mounting screws and ensure they are fully tightened. Verify that the wall anchors are properly seated. Consider using stronger wall anchors or securing to a wall stud if possible.
- **Screws Not Fitting:** Ensure you are using the correct screws for the designated holes. If screw holes appear misaligned or too small, do not force screws. Contact customer support for assistance.
- **Cat Not Using Furniture:** Cats may need time to adjust to new furniture. Encourage use with treats, catnip, or by placing familiar toys on the shelves. Ensure the placement is in an area your cat feels safe and comfortable.
