### 3. INSTALLATION

---

#### 3.1 Site Requirements

- A dedicated electrical GFCI outlet is required for operation.
- Ensure adequate clearance for product dimensions: 28.5"D x 15.5"W x 27"H.
- Distance to water supply lines: 12" (305 mm).
- Distance to electrical outlet: 11 13/16" (300 mm).

## 3.2 ReadyLock System

The patented ReadyLock installation system simplifies the process of securing the toilet to the floor. Refer to the detailed installation guide provided with your product for step-by-step instructions.

## 4. OPERATING INSTRUCTIONS

---

### 4.1 Remote Control Functions

The Innate Smart Toilet is operated via a touch screen wall-mount remote control. The remote allows access to various functions:

# Touch Screen Wall-Mount Remote

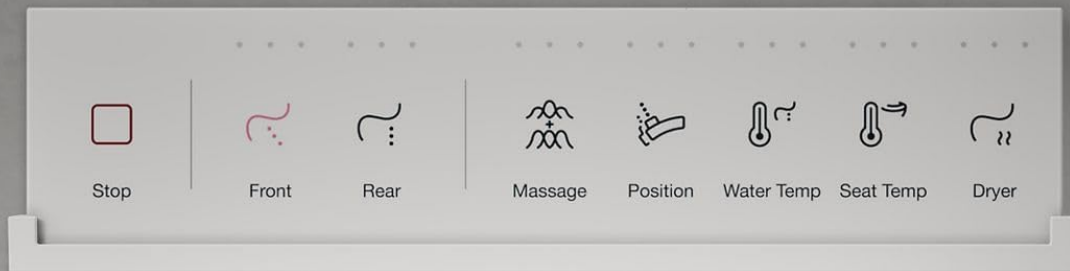

Figure 6: Touch Screen Wall-Mount Remote.

- **Stop:** Halts any active bidet or drying function.
- **Front/Rear Wash:** Activates the bidet for front or rear cleansing.
- **Massage:** Provides a pulsating bidet spray.
- **Position:** Adjusts the bidet nozzle position.
- **Water Temp:** Controls the bidet water temperature.
- **Seat Temp:** Adjusts the heated seat temperature.
- **Dryer:** Activates the warm air dryer.
- **Eco Flush/Full Flush:** Selects the desired flush volume.
- **Cover/Seat:** Manually controls the opening/closing of the lid and seat.
- **Deodorize:** Activates the integrated deodorizer.
- **Clean:** Initiates self-cleaning cycles for the bidet nozzle.

## 4.2 Automatic Functions

- **Motion Detection:** The lid and seat will automatically open and close when motion is detected.

- **Auto Flush:** The toilet will automatically flush after use.

### 4.3 Manual Flush

In case of a power outage or other electrical issues, a manual flush button is located on the side of the toilet for emergency use.

## 5. MAINTENANCE

---

### 5.1 Cleaning

- Regularly clean the toilet surfaces with a mild, non-abrasive cleaner.
- The hygienic design helps inhibit bacterial growth, but thorough cleaning is still recommended before and after use.
- The bidet nozzle has a self-cleaning function; activate it periodically using the remote control.
- The ReadyLatch hinge allows for easy removal of the seat for cleaning or adjustment.

### 5.2 Bidet Nozzle Care

Figure 7: Pre-use bowl mist for efficient rinsing.

The bidet nozzle performs a pre-use bowl mist for more efficient rinsing during flushing. Ensure the nozzle area is kept clear of obstructions.

## 6. TROUBLESHOOTING

---

- **No Power:** Check the GFCI outlet and ensure the toilet is properly plugged in. Verify the circuit breaker.
- **Bidet Not Functioning:** Ensure the water supply valve is open. Check remote control battery.
- **Lid/Seat Not Opening/Closing Automatically:** Ensure the motion sensor is clean and unobstructed.
- **Poor Flush Performance:** Check water pressure. Ensure the bowl is clean and free of blockages.
- For persistent issues, refer to the full troubleshooting guide in your product's comprehensive manual or contact KOHLER customer support.

## 7. SPECIFICATIONS

---

Attribute	Value
Model Number	K-29777-PA-0
Brand	Kohler
Color	White
Product Dimensions (D x W x H)	28.5" x 15.5" x 27"
Item Weight	117.2 Pounds
Material	Stainless Steel (internal components), Plastic (seat)
Installation Method	Floor Mounted
UPC	885612989352
Shape	Oblong (Elongated)
