AECOJOY Hardtop Gazebo for Patio

AECOJOY 10' x 10' Wall Mounted Gazebo Instruction Manual

Brand: AECOJOY | Model: Hardtop Gazebo for Patio

INTRODUCTION

Thank you for choosing the AECOJOY 10' x 10' Wall Mounted Gazebo. This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your new outdoor structure. Please read all instructions carefully before beginning installation and retain this manual for future reference.

SAFETY INFORMATION

General Safety Precautions

- **WARNING:** Ensure the gazebo is assembled correctly according to the manufacturer's instructions. Improper assembly may cause instability or damage.
- Always follow local building codes and regulations when installing this structure.
- Do not hang heavy objects from the gazebo frame or roof.
- In extreme weather conditions (e.g., severe storms, heavy snowfall exceeding load-bearing capacity, or winds above 50 mph), it is recommended to take additional precautions or temporarily dismantle the structure if possible.
- Keep children and pets away from the assembly area during installation.

PRODUCT FEATURES

The AECOJOY Wall Mounted Gazebo is designed to enhance your outdoor living space with durability and style.

- **Impressive Load-bearing:** Tested to withstand 66 lbs/ , capable of handling heavy snow and harsh weather when securely fastened.
- **Resilient Panels:** Flexible panels effectively disperse impact from severe weather like hailstorms, outperforming fragile hardtop panels.
- **Comprehensive Protection:** The roof provides 100 sq. ft. of shelter, protecting against UV rays and rainwater.

- **Wall-Mounted Stability:** Designed for maximum stability when mounted against a wall using provided nails.

Flexible panels surpass rigid panels in reducing impact force from events like hailstorms. Install against the wall for strong wind resistance and high load-bearing capacity.

-  **Anti-UV**
-  **Fire-resistant**
-  **Waterproof**
-  **Smooth Drainage**
-  **Windproof: 40-70Mph**
-  **Feavy-duty Frame**

SPECIFICATIONS

Attribute	Detail
Brand	AECOJOY
Model Number	Hardtop Gazebo for Patio
Color	Dark
Material	Aluminum, Alloy Steel
Frame Material	Metal, Aluminum, Alloy Steel
Item Weight	66 Pounds
Product Dimensions	120 x 120 x 98.4 inches (10' x 10' x 8.2')

Water Resistance Level	Waterproof
Ultraviolet Light Protection	True (UPF 50+, 99% UV block)
Occupancy	5 People
Assembly Required	Yes

DIMENSIONS

10 X 10 FT HARDTOP GAZEBO

SETUP AND INSTALLATION

The AECOJOY gazebo requires assembly. It is recommended to have at least two people for installation. Please ensure all parts are present before beginning. Note that the gazebo may arrive in two separate packages with different delivery times.

Important Installation Notes:

- For maximum stability, the gazebo must be mounted against a sturdy wall using the provided nails/anchors.

- During assembly, do not fully tighten screws until all components are loosely fitted and aligned. This allows for easier adjustment and proper alignment of all holes.
- Refer to the detailed installation video for visual guidance.

OPERATING INSTRUCTIONS

Once assembled, your AECOJOY gazebo provides a versatile outdoor space. It is ideal for:

- Creating a shaded area near a pool or hot tub.
- Setting up an outdoor dining area.
- Establishing a comfortable entertainment space.

The flexible panels allow for indirect light while providing UV and rain protection. The robust design ensures stability

under normal weather conditions.

MAINTENANCE AND CARE

To ensure the longevity and optimal performance of your AECOJOY gazebo, regular maintenance is recommended:

- **Cleaning:** Periodically clean the roof panels and frame with mild soap and water. Avoid abrasive cleaners or harsh chemicals that could damage the finish or panels.
- **Snow Removal:** While the gazebo is designed to withstand up to 2.4 inches of snow accumulation, it is advisable to clear excessive snow buildup to prevent potential stress on the structure.
- **Inspection:** Regularly inspect all screws and connections to ensure they remain tight. Re-tighten as necessary.
- **Weather Preparedness:** In anticipation of severe weather conditions (e.g., strong winds exceeding 50 mph or heavy hailstorms), consider temporarily removing any hanging decorations or furniture from beneath the gazebo to prevent damage.

TROUBLESHOOTING

Common Issues and Solutions

Issue: Gazebo feels unstable after assembly.

Solution: Ensure all screws are fully tightened, especially those connecting the frame to the wall and the ground. Verify that the gazebo is securely anchored as per installation guidelines. Check for any missing components or incorrect assembly steps by reviewing the installation video and instructions.

Issue: Water leakage from the roof panels.

Solution: Inspect the sealing around the panels and ensure they are properly seated. Verify that the panels with water leakage holes are installed facing upward as indicated in the installation guide (Part G). Ensure all connections are tight to prevent gaps.

Issue: Panels appear discolored or damaged.

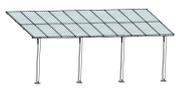

Solution: While panels are resilient, prolonged exposure to extreme conditions or improper cleaning can affect them. Ensure regular cleaning with mild solutions. If damage is significant, contact customer support for replacement parts.

WARRANTY AND SUPPORT

AECOJOY stands behind the quality of its products. Your gazebo comes with **at-1-year warranty** from the date of purchase.

For any questions, missing parts, or assistance with assembly or troubleshooting, please do not hesitate to contact our customer-friendly service team. We are available **24/7** to assist you.
