Kenneth Cole REACTION Out of Bounds 24-Inch Checked, 5705054RR

Kenneth Cole REACTION Out of Bounds 24-Inch Checked Hardshell Spinner Luggage User Manual

Model: Out of Bounds 24-Inch Checked (5705054RR)

1. IMPORTANT SAFETY INFORMATION

- Do not overload the luggage beyond its intended capacity to prevent damage to the zippers, handles, and structure.
- Always ensure the telescoping handle is fully extended and locked before pulling the luggage.
- Exercise caution when lifting the luggage, especially when fully packed, to avoid personal injury. Use both top and side grab handles for heavy loads.
- Keep the luggage away from extreme heat sources or open flames.
- Avoid exposing the luggage to sharp objects that could puncture or scratch the hardshell exterior.
- When placing the luggage in overhead compartments or on luggage racks, ensure it is securely stowed to prevent it from falling.

2. PRODUCT FEATURES

The Kenneth Cole REACTION Out of Bounds luggage is engineered for durability and ease of travel. Its robust construction and thoughtful design elements ensure a smooth journey.

- **Ultralight & Durable Construction:** Made with a hard shell ABS & PC material and molded corner guards for extra protection against impacts. The interior features a tear-resistant polyester lining.
- **4-Wheel, 360-Degree Spinners:** Provides smooth, quiet, and effortless maneuvering across various surfaces, allowing for multi-directional movement.
- **Telescoping Trolley Handle:** A sturdy, user-friendly push-button release handle allows for simple, one-handed use and adjusts to multiple heights for comfortable navigation.
- **Flexible Top and Side Grab Handles:** Designed for easy lifting and carrying, providing convenience when loading into vehicles or onto luggage belts.
- **Spacious Interior with Dual-Sided Packing:** Features a fully lined interior with a large zippered U-shape pocket and elastic clothing compression straps to keep belongings secure and organized.

3. SETUP

Your Kenneth Cole REACTION luggage is designed for immediate use with minimal setup required.

- **Unpacking:** Remove all packaging materials and protective films from the luggage.
- **Handle Adjustment:** Press the push-button on the top handle and extend the telescoping handle to your desired height. Ensure it locks securely into place.
- **Interior Preparation:** Unzip the interior divider panels and release the compression straps. The interior is now ready for packing.

4. OPERATING INSTRUCTIONS

- **Packing:** Place heavier items at the bottom of the main compartment. Utilize the zippered divider to separate items and the compression straps to secure your belongings and maximize space. The hanging zipper pocket is ideal for small accessories.
- **Closing:** Ensure all items are within the luggage and the zippers can close smoothly without excessive force. Interlock the zipper pulls if using a padlock (not included).
- **Maneuvering:** Use the telescoping handle for rolling the luggage on its four spinner wheels. For stairs or uneven surfaces, retract the handle and use the top or side grab handles to carry the luggage.

5. MAINTENANCE

- **Cleaning the Exterior:** Wipe the hardshell exterior with a soft, damp cloth and mild soap. Avoid abrasive cleaners or solvents.
- **Cleaning the Interior:** Spot clean the interior lining with a damp cloth and mild detergent. Allow to air dry completely before closing.
- **Wheel Care:** Periodically check the spinner wheels for any debris or hair that may hinder smooth movement. Clean as necessary.
- **Zipper Maintenance:** Ensure zippers are kept clean and free of obstructions. If a zipper becomes stiff, a small amount of silicone lubricant can be applied.
- **Storage:** Store the luggage in a cool, dry place away from direct sunlight when not in use.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Telescoping handle sticks or won't extend/retract.	Debris in the mechanism, bent handle tubes, or button malfunction.	Check for obstructions and clear them. If bent, avoid forcing it. Contact customer support if the issue persists.
Wheels are not spinning smoothly.	Hair or debris caught in the wheel mechanism.	Turn the luggage upside down and carefully remove any obstructions from the wheels.
Zippers are difficult to close or get stuck.	Overpacking, fabric caught in the zipper, or zipper teeth misalignment.	Reduce contents if overpacked. Gently pull fabric away from the zipper. Apply a small amount of lubricant if teeth are stiff.
Hardshell exterior shows scratches or scuffs.	Normal wear and tear from travel.	Minor scuffs can sometimes be reduced with a specialized plastic cleaner or polish. Deep scratches are permanent.

7. SPECIFICATIONS
