Relxhome AS19

Relxhome AS19 Bone Conduction Headphones User Manual

Model: AS19

INTRODUCTION

Thank you for choosing the Relxhome AS19 Bone Conduction Headphones. This manual provides essential information for the safe and efficient use of your device. Please read it thoroughly before operation and retain it for future reference. The Relxhome AS19 headphones feature advanced bone conduction technology, Bluetooth 5.3 connectivity, a built-in 32GB MP3 player, and an IPX8 waterproof rating, making them ideal for various sports and activities, including swimming, running, and cycling.

PRODUCT OVERVIEW

Key Features

- **Bone Conduction Technology:** Transmits sound through cheekbones, keeping ears open to ambient sounds for enhanced safety.
- **IPX8 Waterproof:** Designed for use in water, resistant to sweat and rain. Suitable for swimming (MP3 mode recommended for underwater use).
- **Built-in 32GB MP3 Player:** Store thousands of songs directly on the device for equipment-free listening.
- **Bluetooth 5.3:** Stable wireless connection for audio streaming from compatible devices.
- **8-Hour Battery Life:** Extended listening time on a single charge.
- **Lightweight and Ergonomic Design:** Comfortable and secure fit for various activities.

IP68 ÉTANCHE

Submersible dans l'eau jusqu'à deux mètres de profondeur pendant 3 heures maximum

Image: A person in a swimming pool wearing the Relxhome AS19 headphones, emphasizing their IPX8 waterproof capability for aquatic activities.

Confort à oreille ouverte

Pas d'intra-auriculaire, pas de douleur, plus confortable.
Conception à oreille ouverte ultra-légère pour un
confort tout au long de la journée

Transferring Music to MP3 Player (32GB Internal Memory)

To use the MP3 player function, connect the headphones to a computer using the charging cable. The headphones will appear as a removable drive. Drag and drop your MP3 audio files into the drive folder. Ensure files are in MP3 format for compatibility. Disconnect safely after transfer.

OPERATING INSTRUCTIONS

Power On/Off

- **Power On:** Press and hold the Power button until the LED indicator lights up.
- **Power Off:** Press and hold the Power button until the LED indicator turns off.

Bluetooth Mode

1. **Pairing:** With the headphones powered off, press and hold the Power button until the LED indicator flashes red and blue, indicating pairing mode.
2. **Connect:** On your device (smartphone, tablet, etc.), enable Bluetooth and select "AS19" from the list of available devices. The LED will turn solid blue once connected.
3. **Playback:** Use the media controls on the headphones or your connected device to play, pause, skip tracks, and adjust volume.

Note: Bluetooth signals do not transmit effectively underwater. Use MP3 mode for swimming.

MP3 Player Mode

- **Switching Modes:** Press the Mode button to switch between Bluetooth and MP3 player modes.
- **Playback:** Once in MP3 mode, the headphones will automatically play stored music. Use the media controls to manage playback.

Controls

Button/Action	Function
Power Button (Long Press)	Power On/Off
Power Button (Short Press)	Play/Pause (in both modes)
Volume Up (+)	Increase Volume
Volume Down (-)	Decrease Volume
Volume Up (+) (Long Press)	Next Track
Volume Down (-) (Long Press)	Previous Track
Mode Button	Switch between Bluetooth Mode and MP3 Player Mode

MAINTENANCE

- **Cleaning:** Wipe the headphones with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** Store the headphones in a cool, dry place away from direct sunlight and extreme temperatures.
- **Water Exposure:** While IPX8 waterproof, it is recommended to rinse the headphones with fresh water after use in chlorinated or saltwater and allow them to dry completely before charging.
- **Charging Port:** Ensure the charging port is dry before connecting the charging cable to prevent damage.

TROUBLESHOOTING

Problem	Possible Solution
Headphones do not power on.	Ensure the headphones are fully charged. Connect to a power source and check the charging indicator.

Problem	Possible Solution
Cannot pair via Bluetooth.	<ul style="list-style-type: none"> ◦ Ensure headphones are in pairing mode (flashing red and blue LED). ◦ Make sure Bluetooth is enabled on your device. ◦ Move closer to your device and away from potential interference. ◦ Forget "AS19" from your device's Bluetooth list and try pairing again.
No sound in MP3 mode.	<ul style="list-style-type: none"> ◦ Ensure the headphones are in MP3 mode. ◦ Check if MP3 files have been successfully transferred to the internal memory. ◦ Verify the volume level is not set to minimum.
Sound quality is poor underwater.	Ensure you are using MP3 mode for underwater listening. Bluetooth does not work effectively underwater. Ensure the headphones are properly positioned.
Headphones not recognized by computer.	Try a different USB port or cable. Ensure the cable is securely connected. Restart your computer.
