# Liquid Stands Guitar Stool MS1092 Instruction Manual

Model: MS1092 | Brand: Liquid Stands

## INTRODUCTION

This manual provides essential instructions for the assembly, operation, and maintenance of your Liquid Stands Guitar Stool MS1092. Please read this manual thoroughly before use to ensure proper setup and safe operation. This adjustable musician's stool is designed for comfort and stability during musical performances or practice sessions.

## SAFETY INFORMATION

- Always ensure the stool is within its maximum weight limit of **225 pounds (102 kg)**. Exceeding this limit may result in damage or injury.
- Verify that all anti-slip pads on the feet and footrest are in firm contact with the surface to prevent movement or tipping.
- Before each use, confirm that all adjustment knobs and fasteners are securely tightened.
- Do not stand on the stool. It is designed for seated use only.
- Keep hands and fingers clear of moving parts during adjustment to prevent pinching.

## PACKAGE CONTENTS

The Liquid Stands Guitar Stool MS1092 package includes the following components:

- 1 x Stool Base Assembly (with integrated footrest)
- 1 x Seat Cushion
- 1 x Backrest Cushion
- Necessary adjustment knobs and fasteners (pre-attached or included)

## ASSEMBLY INSTRUCTIONS

Assembly of the Liquid Stands Guitar Stool MS1092 is straightforward and requires no additional tools.

### 1. Step 1: Unfold the Base

Carefully unfold the main base frame until it locks into an open, stable position. Ensure the footrest is correctly oriented.

## 3 EASY STEPS

NO TOOLS REQUIRES

**STEP 1 >>**

**UNFOLD BASE**

**STEP 2 >>**

**INSERT SEAT**

**STEP 3 >>**

**INSERT BACKREST**

*Description: The first step of assembly, illustrating the unfolding of the stool's base frame.*

### 2. Step 2: Insert the Seat

Align the seat post with the receiver on the unfolded base. Insert the seat post into the base and secure it using the pull-knob mechanism. Ensure it is fully seated and tightened.

## 3 EASY STEPS

NO TOOLS REQUIRES

### STEP 1 >>

## UNFOLD BASE

### STEP 2 >>

## INSERT SEAT

### STEP 3 >>

## INSERT BACKREST

*Description: The second step of assembly, showing the seat being inserted into the main base and secured.*

### 3. Step 3: Insert the Backrest

Attach the backrest post to the designated slot on the seat assembly. Secure it firmly with the provided knob. Ensure the backrest is stable.

## 3 EASY STEPS

NO TOOLS REQUIRES

### STEP 1 >>

## UNFOLD BASE

### STEP 2 >>

## INSERT SEAT

### STEP 3 >>

## INSERT BACKREST

*Description: The third step of assembly, demonstrating the attachment of the backrest to the seat assembly.*

Once assembled, visually inspect all connections to confirm they are secure before use.

## OPERATING INSTRUCTIONS: ADJUSTMENTS

The Liquid Stands Guitar Stool MS1092 offers multiple adjustment points for personalized comfort.

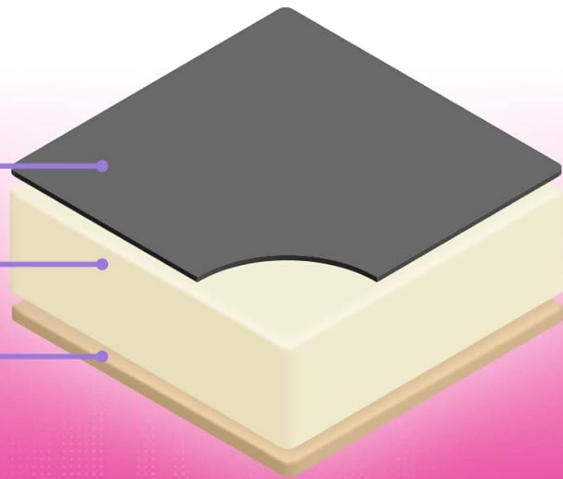

- **Seat Height Adjustment:** The seat height can be adjusted between **23 inches and 32 inches**. Loosen the main adjustment knob on the central post, raise or lower the seat to the desired height, and then firmly re-tighten the knob.
- **Backrest Height Adjustment:** The backrest height can be adjusted from **27.2 inches to 37 inches** (measured from the floor). Loosen the knob behind the backrest, slide it to the preferred height, and secure it.
- **Backrest Depth Adjustment:** The backrest depth can be adjusted to position it between **18 inches and 19 inches** from the front of the seat. Loosen the knob beneath the seat that controls the backrest position, slide the backrest forward or backward, and then re-tighten.
- **Footrest Adjustment:** The footrest height can be adjusted from **4 inches to 10.5 inches** from the floor. Loosen the knobs on the footrest bars, slide them to the desired height, and firmly re-tighten.

### MAINTENANCE

- **Cleaning:** Wipe the stool surfaces with a **dry cloth** to remove dust and debris. Avoid using abrasive cleaners or solvents, which may damage the finish or upholstery.
- **Inspection:** Periodically inspect all bolts, screws, and adjustment mechanisms to ensure they are tight and functioning correctly. Re-tighten any loose components.
- **Storage:** When not in use, store the stool in a dry environment away from extreme temperatures or direct sunlight to prolong its lifespan. The stool is lightweight and portable for easy transport and storage.

### TROUBLESHOOTING

- **Stool feels unstable:** Ensure all adjustment knobs are fully tightened. Check that the anti-slip pads on the feet are making full contact with the floor. Adjust the feet if the surface is uneven.
- **Difficulty adjusting height:** Loosen the adjustment knob completely before attempting to change the height. Ensure no debris is obstructing the sliding mechanism.
- **Squeaking noises:** Check all connection points for tightness. A small amount of lubricant can be applied to pivot points if necessary, avoiding contact with upholstery.
