NUBWO G08-BT

NUBWO G08 Wireless Gaming Headset User Manual

Model: G08-BT
Brand: NUBWO

1. INTRODUCTION

The NUBWO G08 Wireless Gaming Headset is designed to provide an immersive audio experience for gamers across multiple platforms. Featuring versatile connectivity options, extended battery life, and a comfortable design, this headset ensures clear communication and rich sound for prolonged gaming sessions.

Figure 1: NUBWO G08 Wireless Gaming Headset in Desert color.

This manual provides detailed instructions for setting up, operating, maintaining, and troubleshooting your NUBWO G08 headset.

2. WHAT'S IN THE BOX

Please verify that all items are present in the package:

- NUBWO G08 Wireless Gaming Headset
- USB Dongle (for 2.4GHz wireless connection)
- 3.5mm Audio Cable
- USB Charging Cable

3. SETUP

3.1 Charging the Headset

Before initial use, fully charge the headset. Connect the supplied USB charging cable to the headset's charging port and a compatible USB power source. A full charge takes approximately 4 hours. The headset provides a low battery alert tone when recharging is needed.

Figure 2: The headset offers up to 100 hours of gaming time on a 4-hour charge, with low battery alerts.

3.2 Wireless Connection (2.4GHz USB Dongle)

For a stable, lag-free wireless connection with PS5, PS4, PC, or Mac:

1. Insert the USB dongle into an available USB port on your gaming console or computer.
2. Power on the NUBWO G08 headset. The headset will automatically connect to the dongle.

3.3 Bluetooth Connection

To connect via Bluetooth for mobile devices or other Bluetooth-enabled platforms:

1. Double-press the power button on the headset to switch to Bluetooth mode.
2. On your device, navigate to Bluetooth settings and select "NUBWO G08" from the list of available devices to pair.

SIMULTANEOUS CONNECTION

Default startup mode is 2.4GHz wireless. It supports simultaneous use of wireless and Bluetooth modes, ensuring you won't miss important calls while gaming.

Figure 3: The headset supports simultaneous 2.4GHz wireless and Bluetooth connections, allowing for seamless audio transitions.

3.4 Wired Connection (3.5mm)

For wired use with devices such as Xbox Series X, Xbox One, Nintendo Switch, or mobile devices:

1. Connect one end of the 3.5mm audio cable to the headset's 3.5mm jack.
2. Connect the other end to the 3.5mm audio port on your device.

4. OPERATING INSTRUCTIONS

4.1 Audio Performance

The NUBWO G08 headset features 50mm drivers and 2 double chamber drivers, delivering rich stereo audio for an immersive gaming experience.

THRILLING SOUND WITH 50MM DRIVERS

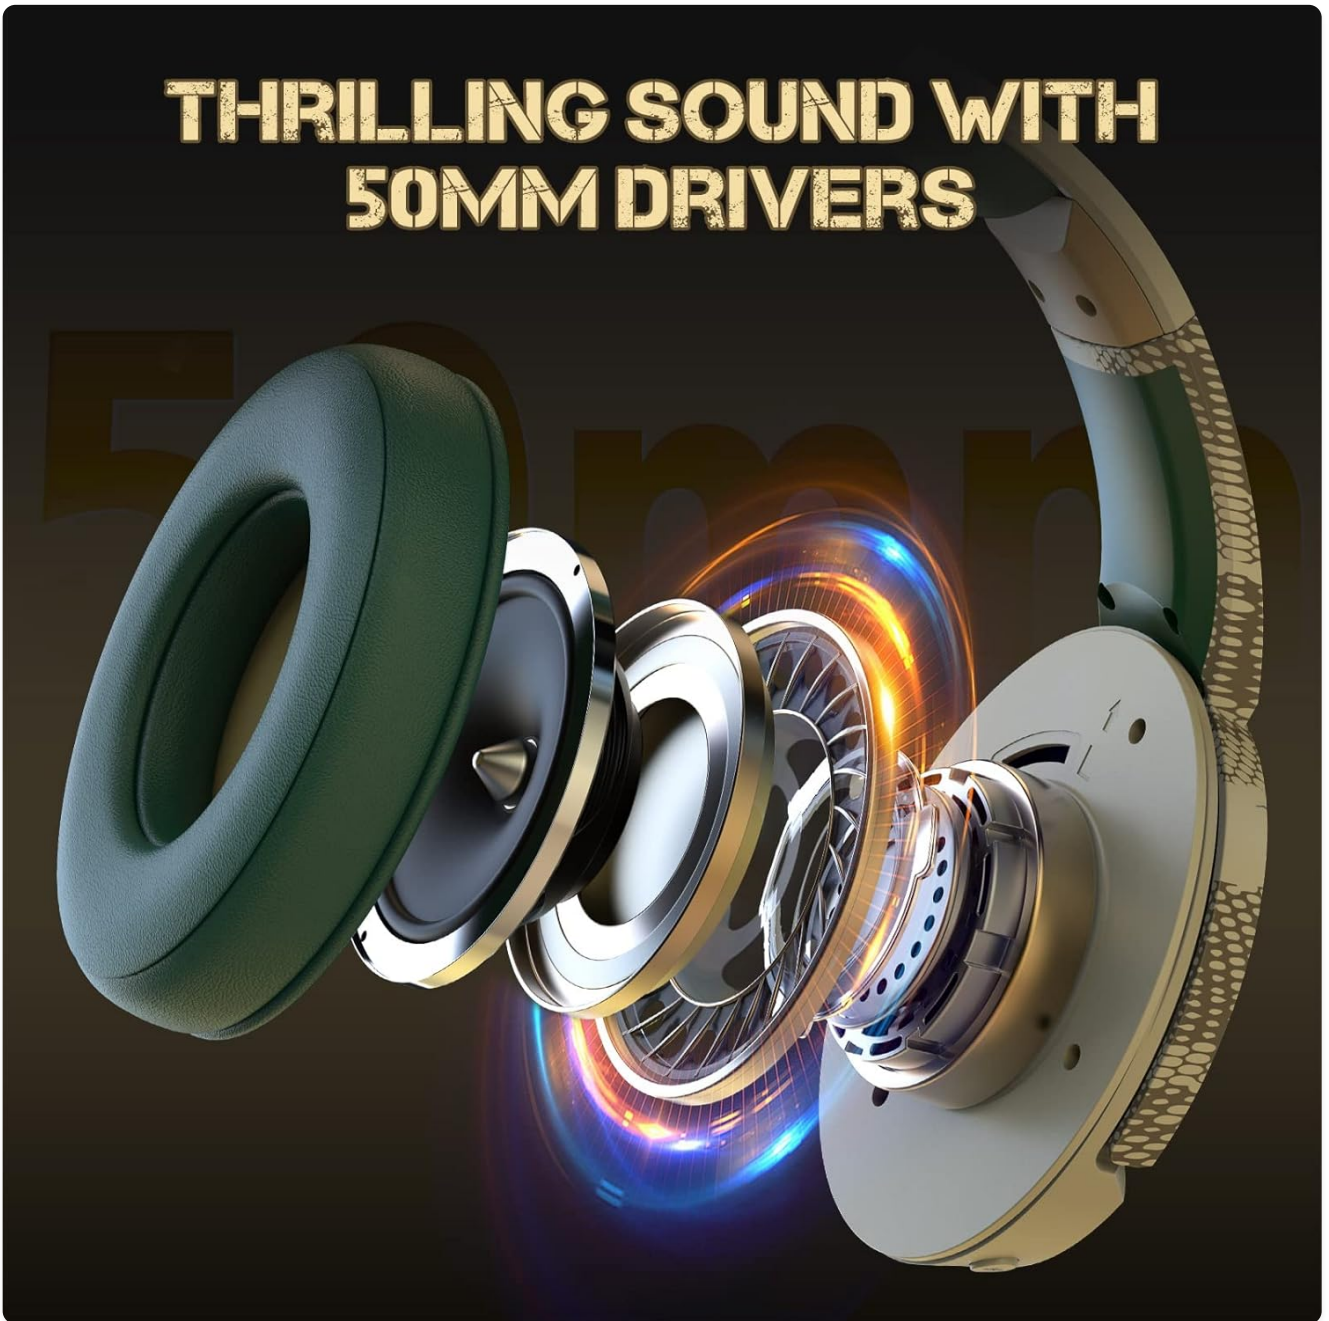

Figure 4: Internal view of the 50mm drivers and double chamber design for enhanced audio.

4.2 Microphone Usage

The headset includes a bendable cardioid microphone designed for clear team communication by reducing background noise. Adjust the microphone's position for optimal voice pickup.

BENDABLE CARDIOID MICROPHONE

for Clear Team Communication

Figure 5: The bendable cardioid microphone ensures clear voice pickup for effective team communication.

4.3 Switching Between Modes

The headset allows for quick switching between 2.4GHz wireless and Bluetooth modes. This feature enables users to manage incoming calls from a phone connected via Bluetooth while maintaining focus on gaming. A single 1-second long press of the power button can manage incoming calls.

Figure 6: Seamlessly switch between gaming audio and phone calls without interruption.

5. MAINTENANCE

5.1 Cleaning

To maintain hygiene and prolong the life of your headset:

- Wipe the headset's exterior with a soft, dry cloth.
- For the breathable and soft ear cushions, gently wipe with a slightly damp cloth and allow to air dry completely before use. Avoid harsh chemicals or abrasive materials.

BREATHABLE AND SOFT EAR CUSHIONS

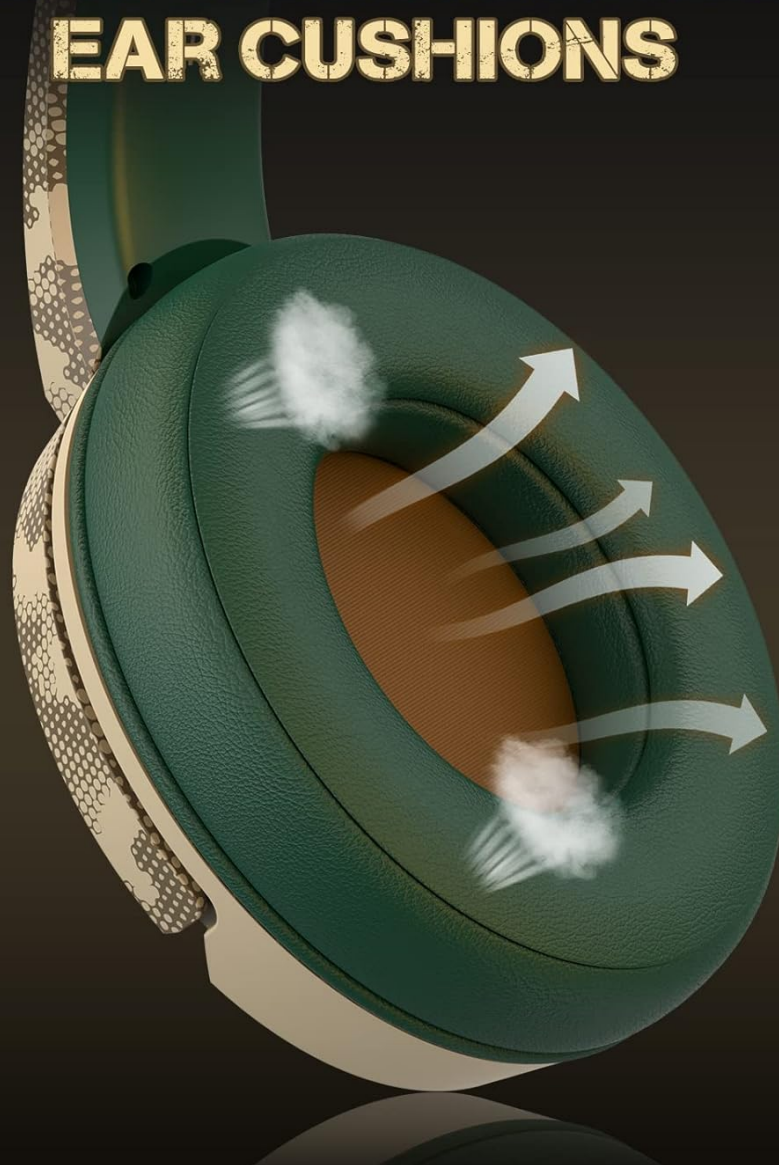

Figure 7: The breathable and soft ear cushions are designed for comfort during extended use.

5.2 Storage

When not in use, store the headset in a cool, dry place away from direct sunlight and extreme temperatures to prevent damage.

6. TROUBLESHOOTING

If you encounter issues with your NUBWO G08 headset, please refer to the following common solutions:

6.1 No Sound

- **Check Connections:** Ensure the USB dongle is securely plugged in for wireless mode, or the 3.5mm cable is fully inserted for wired mode.
- **Verify Mode:** Confirm the headset is in the correct mode (2.4GHz wireless, Bluetooth, or wired) for your device.
- **Adjust Volume:** Increase the volume on both the headset and your connected device.
- **Power On:** Ensure the headset is powered on and has sufficient battery charge.

6.2 Microphone Not Working

- **Check Mute:** Ensure the microphone is not muted on the headset or within your device's settings.
- **Software Settings:** Verify microphone input settings on your PC or console.
- **Wired Connection (Xbox):** Note that an Xbox wired adapter for Windows may be required for microphone functionality (not included).

6.3 Connection Issues (Wireless/Bluetooth)

- **Range:** Ensure the headset is within the 10-meter wireless range of your device.
- **Interference:** Move away from other wireless devices that might cause interference.
- **Re-pair:** For Bluetooth, try unpairing and re-pairing the headset with your device.
