

Yard Force YF22-HWT

Yard Force 22 in. 163cc Briggs and Stratton 675Exi Gas Walk Behind String Trimmer Mower User Manual

Model: YF22-HWT

INTRODUCTION

This manual provides essential information for the safe operation, assembly, maintenance, and troubleshooting of your Yard Force 22 in. 163cc Briggs and Stratton 675Exi Gas Walk Behind String Trimmer Mower. Please read this manual thoroughly before operating the machine to ensure proper use and to prevent injury or damage.

Figure 1: The Yard Force 22-inch Walk Behind String Trimmer Mower, showcasing its overall design and components.

SAFETY INFORMATION

Always prioritize safety when operating power equipment. Familiarize yourself with all safety decals on the machine and follow all instructions in this manual. Failure to do so can result in serious injury or property damage.

- Read and understand the entire manual before operation.
- Wear appropriate personal protective equipment (PPE), including eye protection, hearing protection, and sturdy footwear.
- Ensure the work area is clear of bystanders, children, and pets.
- Never operate the trimmer mower under the influence of alcohol or drugs.

- Inspect the machine before each use for loose parts, damage, or wear.
- Keep hands and feet away from rotating parts.

SETUP AND ASSEMBLY

The Yard Force Walk Behind String Trimmer Mower requires some assembly before initial use. Follow these steps carefully.

1. **Unpacking:** Carefully remove all components from the packaging. Verify all parts are present according to the packing list.
2. **Handle Assembly:** Attach the upper handle to the lower handle using the provided hardware. The foldable handle feature allows for compact storage once assembled. Ensure all bolts are securely tightened.
3. **Wheel Attachment (if necessary):** Ensure the 14-inch rubber-wrapped rear wheels are securely attached to the axle.
4. **Initial Fluid Checks:**
 - **Engine Oil:** The Briggs & Stratton 675EXi engine features 'Just Check & Add' technology, eliminating the need for regular oil changes. However, check the oil level before first use and add oil if it is low. Refer to the engine manual for specific oil type and capacity.
 - **Fuel:** Fill the fuel tank with fresh, unleaded gasoline. Do not overfill.

Figure 2: Front view of the trimmer mower, illustrating the handle and engine components during the assembly process.

OPERATING INSTRUCTIONS

Follow these steps for safe and effective operation of your trimmer mower.

1. Starting the Engine:

- Ensure the spark plug wire is securely connected.
- Move the throttle lever to the "FAST" position.
- For cold starts, press the primer bulb 3-5 times (refer to engine manual for exact number).
- Pull the starter rope firmly and smoothly until the engine starts.

2. Adjusting Cutting Height: The trimmer mower is designed to cut through thick grass and weeds. Adjust the cutting head as needed for different terrain and vegetation types.

3. Operating the Trimmer Mower:

- Push the machine forward at a steady pace. The 22-inch cutting swath allows for efficient clearing of large

areas.

- Maintain a firm grip on the handle.
- Avoid operating on excessively steep slopes.

4. **Stopping the Engine:** Release the operator presence control bar (if equipped) or move the throttle lever to the "STOP" position.

Figure 3: An individual demonstrating the use of the trimmer mower in an area with tall grass and weeds, highlighting its capability for clearing dense vegetation.

Figure 4: An individual operating the trimmer mower along a concrete wall, demonstrating its maneuverability for edge trimming and clearing along obstacles.

MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your trimmer mower.

- **Engine Maintenance:** The Briggs & Stratton 675EXi engine features 'Just Check & Add' technology, eliminating the need for regular oil changes. Simply check the oil level before each use and add oil if it is low. Refer to the engine manual for specific maintenance schedules for air filter, spark plug, and other components.
- **Cutting Line Replacement:** The trimmer uses 0.155" cutting line. Periodically inspect the line for wear and replace as needed. Refer to the cutting head instructions for proper line installation.
- **Cleaning:** After each use, clean grass clippings and debris from the deck, wheels, and engine cooling fins. This prevents buildup and ensures proper operation.
- **Storage:** When storing the trimmer mower for extended periods, ensure the fuel tank is empty or treated with a fuel stabilizer. Clean the machine thoroughly and store it in a dry, protected area. The foldable handle allows for compact

storage.

Figure 5: A detailed view of the trimmer mower's cutting head, showing the installed cutting lines and the mechanism for line replacement.

TROUBLESHOOTING

This section addresses common issues you might encounter with your trimmer mower. For more detailed engine-specific troubleshooting, consult the Briggs & Stratton engine manual.

Problem	Possible Cause	Solution
Engine will not start	No fuel; Stale fuel; Spark plug issue; Clogged air filter	Check fuel level; Use fresh fuel; Inspect/clean/replace spark plug; Clean/replace air filter
Engine runs rough or stalls	Clogged fuel filter; Dirty carburetor; Incorrect oil level	Replace fuel filter; Clean carburetor (professional service recommended); Check and adjust oil level
Poor cutting performance	Worn or incorrect cutting line; Excessive debris buildup	Replace cutting line with 0.155" line; Clean cutting head and deck
Excessive vibration	Loose components; Damaged cutting head	Check all fasteners for tightness; Inspect cutting head for damage and replace if necessary

WARRANTY YARD FORCE TWO YEAR LIMITED WARRANTY Product Warranty

Please keep your original purchase receipt as proof of purchase. Warranty coverage for this product begins on the date of original purchase (not assembly). The warranty period begins on the day that the product was purchased from an authorized retailer of Yard Force products. Warranty coverage only applies to the original consumer purchaser of the product. This warranty does not cover damage to products purchased and used in the USA and Puerto Rico from authorized Yard Force retailers. Products purchased and used outside the USA and Puerto Rico are not covered by this warranty. Products

2) **Two-Year Warranty - Engine**
The YF22-HWT has a 2-Year Limited Warranty from the date of purchase against manufacturer defects for residential use only. Commercial use voids the warranty. This warranty does not cover accidents, damage, misuse, or abuse. The warranty period begins on the day that the product was purchased. The warranty period is 2 years from the date of purchase. The original purchase receipt is required for warranty service. All parts and accessories used on and with this product must be original Yard Force parts. Any part or accessory not made by Yard Force is not covered by this warranty.

(b) Nine-Day Warranty - Accessories

The accessories included with the YF22-HWT, like the blade, and other minor parts are warranted against manufacturer defects for a period of 90 days from the date of purchase.

Warranty does not cover loss of use or other consequential damage arising from any of the above, nor does it cover damage made or attempted by unauthorized persons. This warranty is void if the product is used in a commercial application.

3) **Service and Warranty Claims Process**

Call toll-free 869-902-9690 Monday-Friday between 8:00 AM and 5:00 PM Eastern Time for service and warranty support.

Yard Force USA Service Support agents can help you troubleshoot problems over the phone to get you back up and running as quickly as possible. If you need to send a product in for service or warranty repair, please follow these steps:

Call toll-free 869-902-9690 or supportmerotecusa.com Monday-Friday between 8:00 AM and 5:00 PM Eastern Time.

2) **Return the product to the original retailer if applicable to confirm warranty coverage.**

3) **If service or a warranty evaluation is required, Yard Force USA will provide an RGA number that should be used in all communications with Yard Force USA and, if necessary, a list of local authorized service centers.**

4) **All shipments to Yard Force USA must have an RGA number. Any shipment received that does not have an RGA number will be returned to the shipper at the shipper's expense.**

5) **All shipments must be sent pre-paid. Yard Force USA does not pay for any shipping costs for service or warranty repair. We recommend that you use a carrier that provides tracking and delivery confirmation.**

For more information or to ask questions, please call toll-free (869) 902-9690 or supportmerotecusa.com Monday-Friday between 8:00 AM and 5:00 PM Eastern Time.
