SETUP AND OPERATION

Power On/Off

To power on the stylus, simply tap the top button. The indicator lights will illuminate. To power off, tap the top button again. The stylus will automatically turn off after 5-10 minutes of inactivity to conserve power.

Charging

The HATOKU Stylus Pen features fast charging. A full charge takes approximately 15 minutes and provides up to 8 hours of continuous use. Use the included Type-C charging cable to charge the pen. The energy indicator lights will show the current power level:

- 3 lights: 70% to full charge
- 2 lights: 30% to 70% charge
- 1 light: 5% to 30% charge
- Flashing blue light: Battery remaining is less than 5%, requiring immediate charging.

FAST CHARGING & POWER DISPLAY

- 15 Minutes Fast Charging
- 8 Hours Working Time
- 5 Minutes Auto Shutdown
- 1 Year Standby Time

Connectivity

No Bluetooth pairing or app connection is required. Simply power on the pen, and it is ready to use directly with your compatible iPad.

Key Features

- **Palm Rejection:** Rest your hand naturally on the iPad screen without worrying about accidental marks.
- **Tilt Sensitivity:** The thickness of the line depends on the angle at which you hold the pen, allowing for varied strokes. Note: This is not pressure sensitivity.
- **Magnetic Adsorption:** The stylus can attach magnetically to the side of compatible iPad models (iPad Pro 12.9" 3rd/4th/5th, iPad Pro 11"/13", iPad Air M2/M3/4th/5th, iPad Mini 6) for convenient storage and to prevent loss.

MAGNETIC DESIGN

It can be attached to the side of iPad and not easily lost

Note: The magnetic suction feature is only available for iPad Pro 12.9" 3rd/4th/5th, iPad Pro 11", iPad Air 4th/5th

Image: A hand resting on an iPad screen while using the stylus, highlighting the palm rejection feature.

TILT SENSITIVITY

The thickness of the line depends on the angle you place it.

MAINTENANCE

Replacing Pen Tips

The HATOKU Stylus Pen comes with 3 replaceable POM tips. If the tip becomes worn or damaged, gently twist the old tip counter-clockwise to remove it. Align a new tip and twist clockwise until it is securely in place.

Incompatible

iPad Released in 2017 and Before

Notes:

Not work with iPhone,
Andriod, Microsoft devices.

TROUBLESHOOTING

- **Pen not responding:** Ensure the pen is charged and powered on. If the issue persists, try restarting your iPad.
- **Inaccurate writing/drawing:** Check if the pen tip is securely attached and not damaged. Replace the tip if necessary.
- **Magnetic adsorption not working:** Verify your iPad model is listed as compatible with the magnetic suction feature.
- **Charging issues:** Ensure the Type-C cable is properly connected to both the pen and a power source. Check the indicator lights for charging status.
