- **Posing:** Gently manipulate the figure's limbs and joints to achieve desired poses. The internal stainless steel skeleton allows for a wide range of motion.

## MAINTENANCE

Proper care will extend the life and appearance of your action figure:

- **Cleaning:** Use a soft, dry cloth to gently wipe away dust. For stubborn marks, a slightly damp cloth with mild soap can be used, followed by thorough drying. Avoid harsh chemicals or abrasive materials.
- **Storage:** Store the figure away from direct sunlight, extreme temperatures, and high humidity to prevent material degradation or discoloration. Keep it in a clean, dust-free environment.
- **Handling:** Always handle the figure by its body, avoiding excessive pressure on delicate areas like joints or thin sections of the silicone skin.

## TROUBLESHOOTING

If you encounter any issues with your figure, refer to the following common solutions:

- **Loose Joints:** If a joint feels loose, gently try to reposition it. Avoid excessive force. If the issue persists, contact customer support.
- **Difficulty Posing:** Ensure the figure is at room temperature. Cold temperatures can make the silicone less flexible. Gently warm the figure with your hands if needed.
- **Discoloration:** Avoid prolonged contact with certain materials (e.g., dark fabrics, certain plastics) that may stain the silicone body. If discoloration occurs, it may be permanent.
