## 1. INTRODUCTION

---

This manual provides instructions for the Luminox Leatherback SEA Turtle Giant Watch, model XS.0324. This timepiece is designed for durability and readability, featuring Luminox Light Technology (LLT) for constant visibility in all light conditions. It is suitable for various activities, including those involving water exposure.

## 2. SETUP

---

### 2.1 Setting the Time

1. Pull the crown out to position 3. The watch will stop.
2. Turn the crown clockwise or counter-clockwise to set the hour and minute hands to the desired time.
3. Push the crown back into position 1 to start the watch.

### 2.2 Setting the Date

1. Pull the crown out to position 2. The watch will continue to run.
2. Turn the crown clockwise to set the date. Avoid setting the date between 9 PM and 3 AM to prevent damage to the movement.
3. Once the date is set, push the crown back into position 1.

### 3. OPERATION

---

#### 3.1 Water Resistance

The Luminox Leatherback SEA Turtle Giant Watch (XS.0324) has a water resistance depth of 100 meters (10 ATM). This makes it suitable for swimming, snorkeling, and other water sports, but not for deep-sea diving. Ensure the crown is fully pushed in before any water exposure.

#### 3.2 Luminox Light Technology (LLT)

This watch features self-powered illumination, providing constant glow for up to 25 years. This technology ensures visibility in all light conditions without requiring external light sources or battery power for illumination.

Image 3.1: The watch dial illuminated by Luminox Light Technology, showing clear visibility in darkness.

## 4. MAINTENANCE

---

### 4.1 Cleaning

To maintain the appearance of your watch, clean the case and strap regularly with a soft, damp cloth. For water-resistant models, you can rinse the watch under lukewarm tap water after exposure to saltwater or chlorine, then dry it thoroughly with a soft cloth.

### 4.2 Battery Replacement

The watch is powered by a LR44 battery. When the battery needs replacement, it is recommended to have it replaced by an authorized Luminox service center to ensure water resistance is maintained. Do not attempt to replace the battery yourself.

### 4.3 General Care

- Avoid exposing the watch to extreme temperatures or sudden temperature changes.
- Keep the watch away from strong magnetic fields.
- Avoid impacts or drops that could damage the watch.

## 5. TROUBLESHOOTING

---

Problem	Possible Cause	Solution
Watch stops or runs intermittently	Depleted battery	Replace battery at an authorized service center.
Date does not change at midnight	Time is set for AM instead of PM, or vice versa	Advance the time by 12 hours.
Condensation inside the watch	Temperature change or compromised water resistance	Contact an authorized service center immediately.

## 6. SPECIFICATIONS

---

- **Model Name:** Sea Turtle Giant
- **Model Number:** XS.0324
- **Brand:** Luminox
- **Case Material:** CARBONOX™
- **Case Diameter:** 44 Millimeters
- **Case Thickness:** 12 Millimeters
- **Band Material:** Silicone
- **Band Width:** 19 Millimeters
- **Dial Color:** Black
- **Crystal:** Mineral Glass
- **Movement Type:** Quartz
- **Power Source:** Battery Powered (1 LR44 battery required)
- **Water Resistance Depth:** 100 Meters (10 ATM)

- **Clasp Type:** Tang Buckle
- **Item Weight:** 50 Grams
- **Product Dimensions:** 5.91 x 1.73 x 0.47 inches
- **Origin:** Made in Switzerland

## 7. WARRANTY & SUPPORT

---

### 7.1 Warranty Information

Luminox watches are manufactured to high-quality standards. For specific warranty terms and conditions, please refer to the warranty card included with your purchase or visit the official Luminox website. The warranty typically covers manufacturing defects under normal use.

### 7.2 Customer Support

For technical assistance, service, or inquiries regarding your Luminox watch, please contact Luminox customer support or an authorized service center. Contact information can usually be found on the official Luminox website or in the documentation provided with your watch.
