## SETUP AND INITIAL PLACEMENT

---

### Unpacking and Airing Out

Upon receiving your rug, carefully unroll it. It is recommended to allow the new rug to air out for a few days in a well-ventilated area to dissipate any initial manufacturing smell. This is a normal process for new textile products.

## Rug Pad Recommendation

This rug is expertly woven from cotton and is lightweight, without a rubber backing. For optimal results and to prevent movement, it is highly recommended to pair it with a suitable rug pad. A rug pad will also provide additional cushioning and protect your flooring.

The Lahome Checkered Boho Hallway Runner is designed for versatile indoor use. Its rectangular shape and dimensions make it suitable for various areas in your home. Consider placing it in:

- **Hallways and Entryways:** To define the space and add warmth.
- **Kitchens:** Ideal for placement in front of sinks or along narrow kitchen areas.

- **Bathrooms:** Provides a soft surface and absorbs moisture.
- **Bedrooms:** Adds comfort and style beside beds or in seating areas.
- **Laundry Rooms:** Offers a comfortable standing surface.

## CARE AND MAINTENANCE

### Regular Cleaning

To maintain the rug's appearance and cleanliness, regularly use a broom or vacuum cleaner to remove dust and debris. For best results, vacuum in the direction of the pile.

### Washing Instructions

The Lahome Checkered Boho Hallway Runner is machine washable. Follow these steps for washing:

1. Wash in cold water on a gentle cycle.
2. Use a mild detergent.
3. Do not bleach.
4. After washing, it is recommended to air dry the rug. Lay it flat or hang it to dry completely.
5. **Note:** A slight amount of floating fluff may appear after the first wash. This is normal and will decrease with subsequent washes.

## TROUBLESHOOTING

- **Rug Movement:** If the rug slides on your floor, ensure you are using a rug pad as recommended in the Setup section. A non-slip rug pad will significantly improve stability.
- **Initial Odor:** New rugs may have a slight odor upon unrolling. This is normal. Allow the rug to air out in a well-ventilated area for a few days until the smell dissipates.
- **Shedding/Fluff after Washing:** It is normal for a slight amount of floating fluff to appear after the first wash. This is due to the natural fibers and manufacturing process and will reduce with subsequent washes.
- **Pet Paws Catching Threads:** Pet paws may occasionally hook into the threads of the cotton woven rug. Regular trimming of pet nails can help minimize this. If threads are pulled, carefully trim them with scissors; do not pull them further.
