SLuB J33

SLuB 12000mAh Portable Charger Instruction Manual

Model: J33 | Brand: SLuB

1. INTRODUCTION

Thank you for choosing the SLuB 12000mAh Portable Charger. This power bank is designed to provide reliable and fast charging for your mobile devices on the go. Its compact design, high capacity, and multiple safety features make it an essential accessory for daily use, travel, and outdoor activities. Please read this manual carefully before using the product to ensure proper operation and to maximize its lifespan.

2. SAFETY INFORMATION

To ensure safe and efficient use of your SLuB Portable Charger, please observe the following safety precautions:

- Do not expose the power bank to extreme temperatures (above 60°C/140°F or below 0°C/32°F), direct sunlight, or fire.
- Do not immerse the power bank in water or other liquids.
- Avoid dropping, hitting, or disassembling the device. Any damage may lead to malfunction or fire.
- Keep out of reach of children.
- Use only certified charging cables and adapters.
- Do not use the power bank if it is damaged, swollen, or leaking.
- Dispose of the power bank responsibly according to local regulations. Do not dispose of it with household waste.
- The power bank is compliant with aviation flight standards and can be carried on planes.

3. PACKAGE CONTENTS

Please check the package for the following items:

- 1 x SLuB 12000mAh Portable Charger
- 1 x USB-C Cable
- 1 x User Manual (This document)
- 1 x Customer & Warranty Service Card

4. PRODUCT OVERVIEW

The SLuB 12000mAh Portable Charger features a sleek design with multiple ports for versatile charging. Its compact size makes it easy to carry, and the digital display provides clear battery status.

Figure 4.1: SLuB 12000mAh Portable Charger (Black)

Key Features:

- **12000mAh High Capacity:** Provides multiple charges for most smartphones and other mobile devices.
- **3A USB-C High-Speed Output/Input:** Equipped with a versatile USB-C port for fast charging and recharging.
- **Multiple Charging Ports:** Includes 1 USB-C (5V/3A) output/input port, 1 USB-A (5V/2A) output port, and 1 Micro-USB (5V/2A) input port, allowing simultaneous charging of two devices.

- **LCD Power Display:** Clear digital display shows remaining power in 25%, 50%, 75%, and 100% increments.
- **Slim and Lightweight Design:** Easy to carry for work, business trips, travel, and camping.
- **Advanced Safety Protection:** Built-in smart chip provides comprehensive protection against voltage, current, battery, loop, charging, temperature, short circuit, and reset issues. CE and UL certified for safety.

5. SETUP

5.1 Initial Charging of the Power Bank

Before first use, it is recommended to fully charge your SLuB Portable Charger.

1. Connect the provided USB-C cable to the USB-C input/output port on the power bank.
2. Connect the other end of the USB-C cable to a compatible USB wall charger (not included) or a computer's USB port.
3. The LCD display will show the charging progress. The power bank is fully charged when the display shows "100".
4. Alternatively, you can use a Micro-USB cable to charge the power bank via the Micro-USB input port.

6. OPERATING INSTRUCTIONS

6.1 Charging Your Devices

The SLuB Portable Charger can charge up to two devices simultaneously.

1. Connect your device's charging cable to the appropriate output port on the power bank (USB-A or USB-C).
2. Connect the other end of the cable to your mobile device.
3. The power bank will automatically begin charging your device. The LCD display will show the remaining battery percentage.
4. To stop charging, simply disconnect the cable from your device or the power bank.

6.2 Checking Battery Level

The LCD digital display provides a clear indication of the power bank's remaining battery charge.

- Simply press the power button once to activate the display.
- The percentage shown on the screen indicates the current battery level (e.g., 100 for full, 25 for low).

7. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the surface of the power bank. Do not use harsh chemicals or abrasive materials.
- **Storage:** Store the power bank in a cool, dry place away from direct sunlight and extreme temperatures. If storing for a long period, charge it to about 50% every three months to maintain battery health.
- **Avoid Drops:** Protect the device from physical shocks and drops, which can damage internal components.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
Power bank not charging	Cable is faulty or not properly connected; wall adapter is not working; power bank battery is completely depleted.	Ensure cables are securely connected. Try a different cable or wall adapter. Allow the power bank to charge for a longer period if completely depleted.
Device not charging from power bank	Device cable is faulty; power bank battery is low; device is incompatible; power bank is in protection mode.	Try a different charging cable. Recharge the power bank. Ensure your device is compatible. Disconnect and reconnect the device.
LCD display not working	Power button not pressed; internal malfunction.	Press the power button firmly. If the issue persists, contact customer support.
Slow charging	Cable quality; device's charging input limit; multiple devices charging simultaneously.	Use high-quality cables. Ensure your device supports fast charging. Charging multiple devices simultaneously may reduce individual charging speeds.

9. SPECIFICATIONS

Model Number	J33
Battery Capacity	12000 mAh
USB-C Output/Input	5V/3A (15W Max)
USB-A Output	5V/2A

Micro-USB Input	5V/2A
Product Dimensions	6 x 4 x 0.7 inches
Item Weight	7.1 ounces
Color	Black
Special Features	Digital Display, Fast Charging, Slim Design
Certifications	CE, UL (as per product description)

10. WARRANTY AND SUPPORT
