SETUP AND ASSEMBLY

Most components of the TOOKYLAND Montessori Toy Set come pre-assembled. Minimal setup is required to prepare the toys for play.

Pound Bench Assembly

- Insert the wooden pegs into the designated holes on the bench.
- Ensure the pegs are securely seated but can still be pushed through with the hammer.

Wooden Stacker Setup

- Place the central wooden peg firmly into the base of the circular board.
- The colored rings can be placed on the peg or in the circular indentations around the base.

OPERATING (HOW TO PLAY)

This section provides guidance on how to engage with each toy to maximize its educational benefits.

Stacking Cups

- **Stacking:** Encourage your child to stack the cups from largest to smallest to build a tower, promoting size

recognition and fine motor skills.

- **Nesting:** Guide your child to nest the cups inside each other, enhancing spatial reasoning.
- **Water Play:** The cups can be used during bath time or at the beach for pouring and scooping activities.

3-in-1 Educational Box

- **Carrot Harvest Game:** Place the wooden carrots into the holes on the green top. Encourage your child to pull them out, developing fine motor skills and hand-eye coordination.
- **Matchstick Color Drop Game:** Replace the green top with the pegboard top. Guide your child to insert the colored wooden sticks into the corresponding colored holes, promoting color recognition and precision.
- **Coin Box:** Use the slotted top and wooden coins. Encourage your child to push the coins through the slot, teaching object permanence and cause-and-effect.

My Mood Picture Book

- Read through the book with your child, pointing to the different emotions and discussing them. This helps in developing emotional intelligence and vocabulary.

Flexible Wooden Stacker

- Encourage your child to stack the colored rings onto the central peg in any order, or by color/size sequence for a greater challenge. This promotes color perception, exploration, and fine motor skills.

Pound Bench

- Using the wooden hammer, encourage your child to pound the pegs through the bench. Once all pegs are down, flip the bench over to continue play. This activity promotes physical development, motor skills, and hand-eye coordination.

Shape Puzzle

- Guide your child to match the geometric shapes (triangle, circle, square) to their corresponding slots on the wooden board. This enhances shape recognition and problem-solving abilities.

MAINTENANCE

To ensure the longevity and safety of your TOOKYLAND Montessori Toy Set, please follow these maintenance guidelines:

- **Cleaning:** Wipe toys with a damp cloth and mild soap if necessary. Avoid harsh chemicals or abrasive cleaners.
- **Drying:** Air dry thoroughly after cleaning. Do not immerse wooden toys in water for extended periods.
- **Storage:** Store toys in a dry, cool place away from direct sunlight to prevent warping or fading.
- **Inspection:** Regularly inspect all components for any signs of wear, damage, or loose parts. Discontinue use if any damage is found.

TROUBLESHOOTING

If you encounter any issues with the toy set or your child's engagement, consider the following:

- **Lack of Engagement:** If your child is not engaging with a particular toy, try introducing it in a different way, demonstrating its use, or putting it away for a few days and reintroducing it later. Children's interests can vary.
- **Difficulty with Tasks:** If a task seems too challenging, simplify it. For example, with the stacker, start with just a few rings. With the puzzle, demonstrate how to place one piece at a time.
- **Missing Parts:** Verify all components against the product description. If parts are missing upon arrival, contact customer support.
