MOFII Milk Tea Colorful-B

MOFII Wireless Keyboard and Mouse Combo User Manual

Model: Milk Tea Colorful-B

Product Overview

The MOFII Wireless Keyboard and Mouse Combo in Milk Tea Colorful-B offers a full-size keyboard with a number pad and an optical mouse, designed to enhance productivity and brighten your workspace. This combo provides a stable and interference-free wireless connection, ergonomic comfort, and intelligent power-saving features.

Key Features

- **Universal Compatibility:** Works seamlessly with PCs, desktops, and laptops, supporting both Windows and Mac operating systems.
- **Effortless 2.4G Wireless:** Enjoy stable, interference-free connection up to 33 feet (10m) with a single USB receiver.
- **Ergonomic Comfort:** Features a keyboard with a foldable stand and anti-slip pads for an ideal typing angle, and a contoured mouse for comfortable use.
- **Intelligent Power Saving:** Both keyboard and mouse enter auto-sleep mode after 8-10 minutes of inactivity, extending battery life up to 18 months.
- **Stylish Design:** Vibrant retro typewriter-style design with removable keycaps for easy cleaning.

Package Contents

Please verify that all items are present in your package:

- 1 x MOFII Wireless Keyboard
- 1 x MOFII Wireless Optical Mouse
- 1 x USB Receiver (stored inside the mouse battery compartment)
- 1 x Cleaning Brush
- 1 x User Manual (this document)

Setup Guide

1. Battery Installation

The keyboard requires two AAA batteries, and the mouse requires one AA battery. Batteries are not included and must be purchased separately.

1. Locate the battery compartment on the underside of the keyboard and mouse.
2. Open the battery covers.
3. Insert the batteries, ensuring correct polarity (+/-).
4. Close the battery covers securely.

2. Connecting the Combo

The MOFII Wireless Keyboard and Mouse Combo uses a single 2.4G USB receiver for both devices.

1. Remove the USB receiver from the battery compartment of the mouse.
2. Plug the USB receiver into an available USB port on your computer (PC or laptop).
3. Turn on the keyboard and mouse using their respective power switches (usually located on the underside).
4. The devices should automatically connect to your computer. No additional drivers are typically required.

Operating Instructions

Basic Usage

Once connected, the keyboard and mouse function like standard input devices. The full-size keyboard includes a numeric keypad for efficient data entry. The optical mouse provides precise cursor control.

Image: A person typing on the MOFII keyboard with the mouse positioned nearby, demonstrating typical usage in a home or office setting.

Power Saving Mode

To conserve battery life, both the keyboard and mouse are equipped with an intelligent auto-sleep function. If left inactive for 8-10 minutes, they will automatically enter a low-power sleep mode. To wake them up, simply press any key on the keyboard or move/click the mouse.

Compatibility

This combo is designed for broad compatibility with various operating systems, including Windows 7/8/10 and Mac OS. It is suitable for use with most PCs, desktops, and laptops.

Maintenance

Cleaning the Keyboard

The keyboard features removable keycaps, making cleaning simple and effective.

1. Gently pull up on the keycaps to remove them.
2. Use the provided cleaning brush to remove dust, crumbs, and other debris from the keyboard base.
3. Wipe the keycaps with a soft, damp cloth if necessary. Ensure they are completely dry before reattaching.
4. Align the keycaps with their respective switches and press down firmly until they click into place.

Battery Replacement

When the devices stop responding or exhibit intermittent connectivity, it is likely time to replace the batteries. Follow the battery installation steps outlined in the Setup Guide.

Troubleshooting

If you encounter issues with your MOFII Wireless Keyboard and Mouse Combo, please refer to the following common problems and solutions:

Problem	Solution

Problem	Solution
Keyboard/Mouse not responding	Ensure batteries are correctly installed and not depleted. Replace if necessary. Check if the power switch on both devices is in the 'ON' position. Verify the USB receiver is securely plugged into a working USB port on your computer. Try a different USB port. Restart your computer.
Lagging or intermittent connection	Ensure the devices are within the 33-foot (10m) operating range of the USB receiver. Move the computer closer to the keyboard and mouse, or move any large metal objects that might be causing interference. Avoid placing the receiver near other wireless devices (e.g., Wi-Fi routers, cordless phones).
Specific keys not working	Remove the affected keycap and clean any debris underneath using the provided brush. Ensure the keycap is properly reattached.
Mouse cursor erratic or not moving	Clean the optical sensor on the underside of the mouse. Ensure you are using the mouse on a suitable surface (not highly reflective or transparent).
