## YOLENY 12' x 14' Hardtop Gazebo

# YOLENY 12' x 14' Hardtop Gazebo Instruction Manual

Model: 12' x 14' Hardtop Gazebo | Brand: YOLENY

### IMPORTANT SAFETY INFORMATION

---

Please read and understand all instructions and safety warnings before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- **Assembly Personnel:** A minimum of 5 people are required for safe and efficient assembly.
- **Tools Required:** Ensure you have a wrench, electric screwdriver, step ladder, hammer, tape measure, and pistol drill for installation.
- **Level Ground:** Always install the gazebo on level ground. Utilize the ground stakes provided for stability.
- **Anchoring:** It is not recommended to permanently anchor this gazebo to a hard surface such as a wood deck or concrete floor without proper anchoring hardware. Ensure the four anchors are firmly secured to the ground.
- **Weather Conditions:** Check snow capacity and wind rating specifications. Clear snow regularly from the roof. Take protective measures, such as removing curtains and nettings, when wind speeds reach rated values to prevent damage.
- **Fire Safety:** Keep all flame and heat sources away from the tent fabric (curtains and nettings). This fabric is made with material that meets CPAI-84 specification for flame resistance, but it is not fireproof. The fabric will burn if left in continuous contact with any flame source.

### PACKAGE CONTENTS

---

Your YOLENY 12' x 14' Hardtop Gazebo is typically shipped in 3 boxes. Before beginning assembly, carefully unpack all boxes and verify that all parts are present and undamaged by comparing them against the parts list provided in your physical manual. If any parts are missing or damaged, please contact YOLENY customer service.

## ASSEMBLY INSTRUCTIONS

Follow these steps carefully for proper assembly. It is highly recommended to have at least 5 people for the assembly process, especially during the frame and roof installation.

### 1. Prepare the Installation Area

- Choose a level and stable location for your gazebo.
- Clear the area of any debris or obstacles.
- Gather all necessary tools as listed in the safety section.

### 2. Assemble the Frame

Begin by assembling the main support posts and horizontal beams. The frame features a durable aluminum structure with a wood-like appearance.

- Attach the base plates (J, J1) to the bottom of each post (A, A1) using the specified bolts (M6x15).
- Connect the horizontal beams (B11, B12, B8) using connector plates (P) and bolts (M6x15).
- Secure the triangular support brackets (H, H1) to the posts and beams using bolts (M6x15) for enhanced stability.
- Ensure all connections are tightened securely.

### 3. Install the Roof Frame

The roof frame provides the structure for the galvanized steel panels.

- Assemble the upper roof frame components (E4, E5, L5) as per the diagram, ensuring all screws (M6x15) are installed before releasing support for L5.
- Attach the roof support beams (E6, E7, E8, F8) to the main frame and central hub (N, N1) using bolts (M6x15).
- Install the upper roof frame (G1, G7, G8) components, securing them with bolts (M6x15).

### 4. Assemble the Galvanized Steel Panels

The galvanized steel double roof offers excellent protection and ventilation.

- Install the roof panels (R1, R2, R3, R4, P5, P6, P7, P8, P9, S1, S2, S3) in sequence, starting from the lower sections and working upwards.
- Secure the panels using the provided screws (Y, Z, Z1, Z2).
- Attach the top cap (M5) to complete the roof assembly using bolts (M6x15).

### 5. Install Curtains and Nettings

The gazebo includes a dual rail system for easy installation and removal of curtains and nettings.

**Suitable for a Party of Eight**

**Suitable for a Variety of Furniture**

• Conversation Set • Patio Dining Set • Fire Pit Table • BBQ Grill

*Image: Features like top hooks for accessories, two-in-one Velcro ties for curtains, and insect-resistant top nets.*

- Hang the mosquito nettings (T1) on the inner track using the provided hooks (U).
- Hang the privacy curtains (T) on the outer track using the provided hooks (U).
- The curtains and nettings feature zippers for full enclosure and Velcro ties for securing them to the posts when open.

## USAGE GUIDELINES

The YOLENY Hardtop Gazebo is designed to enhance your outdoor living space with versatility and comfort.

- **Sun Protection & Privacy:** Utilize the fully enclosed zippered double-layer sidewalls (curtains) to protect from direct sunlight and provide privacy.
- **Insect Protection:** The mesh nettings keep insects out while allowing airflow.
- **Ventilation:** The double-layer galvanized steel roof provides excellent ventilation and airflow, preventing heat buildup.
- **Accessory Hooks:** The gazebo is equipped with 3 hooks for hanging lights or fans, enhancing your outdoor experience.

## MAINTENANCE

---

Regular maintenance will ensure the longevity and appearance of your gazebo.

- **Cleaning:** Clean the frame and roof panels periodically with mild soap and water. Avoid abrasive cleaners.
- **Snow Removal:** Regularly clear snow from the roof to prevent excessive weight accumulation, which can cause structural damage.
- **Curtains & Nettings:** Remove curtains and nettings during strong winds or heavy snowfall to prevent damage. Clean them as needed according to fabric care instructions.
- **Fasteners:** Periodically check all bolts and screws to ensure they remain tight. Tighten if necessary.
- **Drainage System:** Ensure the eaves and drainage holes are clear of debris to allow for proper water runoff.

## TROUBLESHOOTING

---

Here are solutions to common issues you might encounter:

- **Roof Leaks:** If the roof panels leak, inspect the seams where panels slide into the tracking system. Apply a compatible sealant between each track slot and panel to ensure no gaps for water to enter.
- **Missing Parts:** If you discover missing parts during assembly, refer to the parts list in your manual and contact YOLENY customer service for assistance.
- **Instability:** Ensure the gazebo is installed on level ground and all anchoring bolts are firmly secured. Check that all frame connections are tight.

## SPECIFICATIONS

---

Feature	Specification
Product Dimensions	168"L x 144"W x 82.8"H (14'L x 12'W x 6.9'H)
Floor Area	168 Square Feet
Item Weight	313.72 Pounds
Frame Material	Alloy Steel, Aluminum (Wood Grain Finish)
Roof Material	Galvanized Steel (Double Roof)
Water Resistance Level	Waterproof
Ultraviolet Light Protection	100%
Assembly Required	Yes
Color	Brown

## WARRANTY AND SUPPORT

---

For warranty information, missing parts, or any other support needs, please refer to the warranty card included with your product or contact YOLENY customer service directly. Keep your purchase receipt for warranty claims.
