5. MAINTENANCE

To ensure the longevity and optimal performance of your VRURC Portable Charger, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the exterior of the charger. Do not use liquid cleaners or aerosols.
- **Storage:** Store the charger in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** For best battery health, avoid fully discharging the charger frequently. Recharge it when the battery level is low.
- **Handling:** Avoid dropping the charger or subjecting it to strong impacts, which can damage internal components.

6. TROUBLESHOOTING

If you encounter any issues with your VRURC Portable Charger, please refer to the following common problems and solutions:

- **Device not charging:**
 - Ensure the portable charger has sufficient battery charge (check the digital display).
 - Verify that the charging cable is securely connected to both the charger and your device.
 - Try using a different built-in cable or an external USB/USB-C port.
 - Test with a different device to rule out device-specific issues.
- **Portable Charger not recharging:**
 - If using the built-in AC wall plug, ensure it is fully extended and firmly inserted into a live wall outlet.
 - If using an external USB cable, ensure the cable is not damaged and the power adapter is functioning correctly.
 - Try a different wall outlet or USB power source.
- **Digital display not working:**
 - Press the power button firmly.
 - If the issue persists, the battery might be completely depleted. Try charging the unit for a few hours.
