

## penkou Neck fan

# penkou Portable Neck Fan Instruction Manual

MODEL: NECK FAN

Brand: penkou

## Introduction

---

Thank you for choosing the penkou Portable Neck Fan. This hands-free bladeless fan is designed to provide personal cooling comfort in various indoor and outdoor environments. Please read this manual carefully before use to ensure proper operation and maintenance.

## Product Features

---

- **360° Omnidirectional Cooling:** Equipped with 72 wind outlets and 60 twin-turbine fan blades, providing comprehensive airflow around the neck and face.
- **Adjustable 3-Speed Settings:** Easily switch between low, medium, and high fan speeds to suit your comfort needs.
- **Lightweight and Comfortable Design:** Weighing only 8.8 ounces, crafted from food-grade TPE material for comfortable, durable, and safe wear.
- **Ultra-Quiet Operation:** Operates at less than 20 decibels, ensuring minimal disturbance during use.
- **Long-Lasting Battery:** Features a 4000mAh large capacity battery, offering 3-16 hours of working duration depending on the selected speed.
- **USB Rechargeable:** Conveniently rechargeable via USB.

## Package Contents

---

Please check the package for the following items:

- 1 x penkou Portable Neck Fan
- 1 x USB Charging Cable
- 1 x User Manual

## Setup

---

### Initial Charging

Before first use, fully charge your neck fan. Connect the provided USB charging cable to the fan's charging port and a compatible USB power source (e.g., wall adapter, computer USB port, power bank). The charging indicator light will show the charging status. A full charge typically takes several hours.

### Wearing the Fan

Gently place the neck fan around your neck. The flexible design allows it to conform comfortably to different neck sizes. Ensure the air outlets are positioned to direct airflow towards your face and neck for optimal cooling.

## Operating Instructions

---

### Power On/Off

Press and hold the power button located on the side of the fan for a few seconds to turn the device on or off.

### Adjusting Fan Speed

Once the fan is on, short press the power button repeatedly to cycle through the three available fan speeds:

1. **Speed 1 (Low):** Gentle breeze for extended use.
2. **Speed 2 (Medium):** Cool breeze for moderate heat.
3. **Speed 3 (High):** Strong wind for maximum cooling.

## Maintenance

---

### Cleaning

To clean the fan, gently wipe the surface with a soft, dry cloth. Do not use abrasive cleaners or immerse the device in water. Ensure the air outlets are free from dust and debris for optimal performance.

### Storage

When not in use, store the neck fan in a cool, dry place away from direct sunlight and extreme temperatures. Keep it away from children and pets.

## Troubleshooting

---

- **Fan not turning on:** Ensure the battery is charged. Connect to a power source and try again.
- **Weak airflow:** Check if the air outlets are blocked by hair, clothing, or debris. Clean if necessary. Ensure the battery is sufficiently charged.
- **Not charging:** Verify that the USB cable is securely connected to both the fan and the power source. Try a different USB cable or power adapter.

If you encounter any other issues, please refer to the support information below.
