4. Setup

1. **Initial Charging:** Before first use, fully charge the MP3 player using the provided USB data cable connected to a computer USB port or a compatible USB wall adapter. The charging indicator will show progress and turn off when fully charged.

2. **Insert Micro SD Card:** Locate the Micro SD card slot on the side of the device. Gently insert the included 32GB Micro SD card (or your own up to 128GB) until it clicks into place. Ensure the card is inserted in the correct orientation.

3. **Power On/Off:** Press and hold the Power button (usually located on the side or top) for a few seconds to turn the device on or off.

4. **Language Settings:** Upon first power-on, you may need to select your preferred language. If not prompted, navigate to the 'Settings' menu (represented by a gear icon), select 'Language Settings' (usually the first option), choose your desired language (e.g., English), and confirm.

5. Operating Instructions

5.1. Basic Navigation

The device features a central navigation pad with directional buttons (Up, Down, Left, Right), a central 'OK' or 'Enter' button, and dedicated 'Menu' and 'Back' buttons. Use these to navigate through menus and select options.

5.2. Music Playback

1. From the main menu, select 'Music'.
2. You can browse music by 'All Songs', 'Folders', 'Albums', 'Artists', or 'Favorites'.
3. Select a song to begin playback.
4. During playback, use the navigation buttons to control volume, skip tracks, or pause/play.
5. Access playback options (repeat, shuffle, single cycle, sequential) and equalizer styles (8 preset options) from the 'Menu' button during playback.

5.3. Video Playback

1. From the main menu, select 'Video'.
2. Browse and select an AMV/AVI format video file.
3. Use navigation buttons for playback control (play, pause, fast forward, rewind).

5.4. FM Radio

1. From the main menu, select 'FM Radio'.
2. Ensure earphones are connected as they act as the antenna.
3. Use the menu options to auto-scan for stations or manually tune.

5.5. Voice Recording

1. From the main menu, select 'Recorder'.
2. Choose 'Start Recording' to begin.
3. Press 'Stop' to end and save the recording.

5.6. E-book Reading

1. From the main menu, select 'E-book'.
2. Browse and select a compatible text file.
3. Use navigation buttons to scroll through pages.

5.7. Bluetooth Connection

1. From the main menu, select 'Bluetooth'.
2. Turn Bluetooth 'On'.
3. Place your Bluetooth headphones or speaker in pairing mode.
4. On the MP3 player, select 'Search for Devices'.
5. Once your device appears in the list, select it to pair.
6. After successful pairing, audio will be routed through the connected Bluetooth device.

6. Maintenance

- **Cleaning:** Use a soft, dry cloth to clean the device. Do not use liquid cleaners or aerosols.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the device regularly, even if not in use for extended periods.
- **Storage:** Store the device in a cool, dry place away from direct sunlight, extreme temperatures, and humidity.
- **Data Management:** Regularly back up important files from your Micro SD card to a computer to prevent data loss.

7. Troubleshooting

- **Device does not turn on:** Ensure the battery is charged. Connect the device to a power source and try again. If the issue persists, perform a hard reset (refer to device specific instructions if available, or hold power button for 10-15 seconds).
- **Cannot connect to Bluetooth device:** Ensure both the MP3 player and the Bluetooth device are in pairing mode and within range. Make sure the Bluetooth device is not already connected to another device. Restart both devices and try again. Remember, the MP3 player cannot connect to phones or computers via Bluetooth.
- **No sound:** Check the volume level. Ensure earphones are properly plugged in if not using the built-in speaker or Bluetooth. If using Bluetooth, ensure it is correctly paired and connected.
- **Files not playing:** Verify that the file format is supported (e.g., MP3, WMA, WAV, FLAC, APE, OGG for audio; AMV/AVI for video). Ensure the files are not corrupted.
- **Device freezes or becomes unresponsive:** Press and hold the Power button for an extended period (e.g., 10-15 seconds) to force a restart.
- **Appearance damaged or accessories missing upon receipt:** If you notice any physical damage or missing components immediately after receiving the product, please contact customer support for assistance and replacement.
