purevox utv sound bar

purevox UTV Sound Bar Instruction Manual

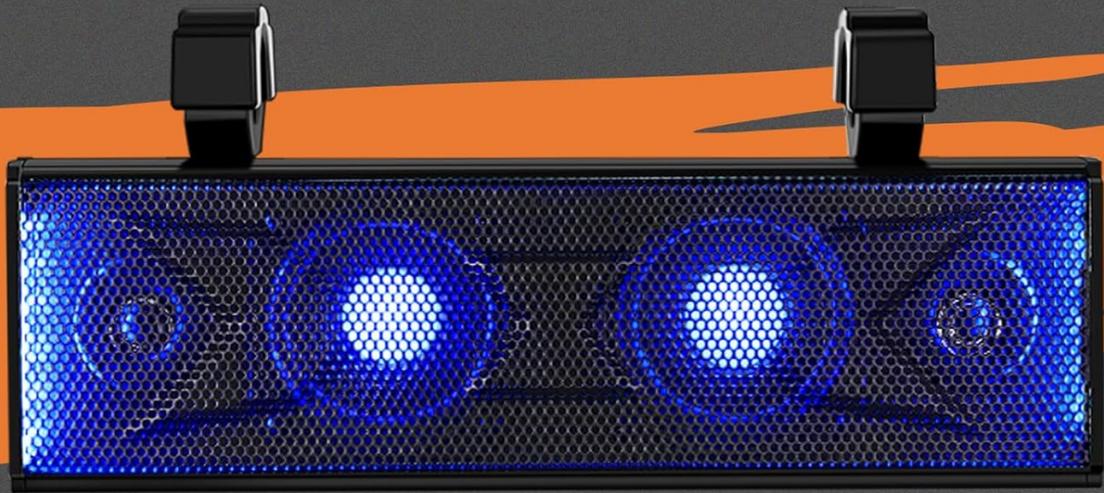

Model: utv sound bar

1. PRODUCT OVERVIEW

The purevox UTV Sound Bar is a robust audio system designed for outdoor vehicles such as UTVs, ATVs, golf carts, and marine boats. It features powerful sound output, durable waterproof construction, versatile connectivity options, and dynamic LED lighting.

The purevox UTV Sound Bar, showcasing its sleek design and vibrant blue LED illumination.

LIGHTS BEAT WITH MUSIC

RGB

The sound bar features RGB multi-color lights that can flash to the music beat, offering various illuminating modes including music sync, solid, fading, or off, controllable via wireless remote or onboard buttons.

4" Full-range Speakers **x2**

1" Tweeters **x2**

400W

400W powerful
Built-In Class A/B Amplifier

Equipped with two 4-inch full-range speakers and two 1-inch soft dome tweeters, powered by a high-performance built-in Class A/B amplifier for optimized bass performance and 400-Watt peak power.

IP65

WATERPROOF

The sound bar boasts an IP65 waterproof rating, providing complete protection from dust, oil, and non-corrosive materials, as well as a good level of protection against water, suitable for various environments and weather conditions.

Key Features:

- **RGB Multi-color LED Lighting:** Lights beat with music, offering various illuminating modes (music sync, solid, fading, or off) controlled by wireless remote or onboard button.
- **400-Watt Powerful Audio:** Features two 4-inch full-range speakers and two 1-inch soft dome tweeters, powered by a high-performance built-in Class A/B amplifier for optimized bass.
- **IP65 Waterproof Rating:** Provides complete protection from dust, oil, and non-corrosive materials, and a good level of protection against water.
- **Wireless & Wired Connectivity:** Compatible with Bluetooth V5.0 Audio Streaming, 3.5mm aux input, and USB port for versatile music playback.
- **Easy Installation:** Designed for mounting on 1.75" to 2.25" roll cages of UTVs, ATVs, Golf Carts, Jeeps, and Marine Boats, requiring no drilling.

2. SPECIFICATIONS

Feature	Specification
Brand	purevox
Model Name	UTV Sound Bar
Speaker Type	Soundbar
Speaker Maximum Output Power	400 Watts
Woofer Diameter	4 Inches
Tweeter Diameter	1 Inches
Frequency Response	100 Hz
Input Voltage	300 Volts
Connectivity Technology	Auxiliary, Bluetooth, USB
Wireless Communication Technology	Bluetooth
Bluetooth Range	100 Meters
Water Resistance Level	Waterproof (IP65)
Product Dimensions	16.65"D x 4.96"W x 3.94"H
Item Weight	6.3 Pounds
Mounting Type	Bar Mount, Plug Mount
Vehicle Service Type	UTV, ATV, Golf Cart, Marine Boat
Included Components	RGB Multi-color Lights, wireless remote control, built-in Class A/B amplifier

3. SETUP

3.1 Mounting the Sound Bar

The purevox UTV Sound Bar is designed for easy installation on various vehicle roll cages. It fits roll cages with diameters ranging from 1.75 inches to 2.25 inches (4.5 cm to 5.7 cm). No drilling is required for installation.

GREAT FOR UTVS AND ATVS

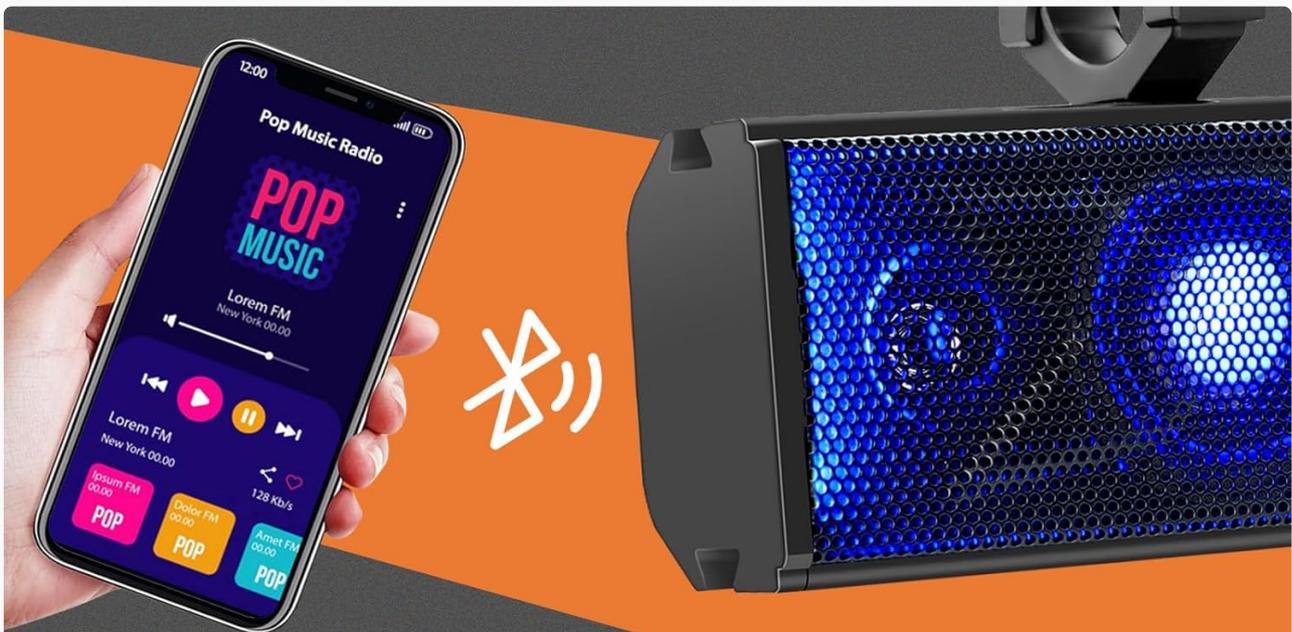

FITS 1.75 in/4.5cm-2.25in/5.7CM ROLL CAGE

The sound bar is designed to fit roll cages between 1.75 and 2.25 inches, making it suitable for UTVs, ATVs, and golf carts. The product dimensions are approximately 16.5 inches (420mm) in length, 4.96 inches (126mm) in width, and 3.9 inches (100mm) in height.

Use the provided adjustable clamps to secure the sound bar to your vehicle's roll cage. Ensure the clamps are tightened securely to prevent movement during operation.

3.2 Power Connection

Connect the sound bar to your vehicle's 12V power source using the provided cigarette lighter adapter or by wiring directly to the vehicle's electrical system if preferred (professional installation recommended for direct wiring).

MULTIPLE INPUT OPTIONS

USB Port

Remote Control

3.5 MM Aux-Input

The sound bar offers multiple input options including a USB port, a connection for the remote control, and a 3.5mm auxiliary input for wired audio sources.

4. OPERATING INSTRUCTIONS

4.1 Power On/Off

Press the power button on the sound bar or the remote control to turn the unit on or off. The LED lights will illuminate upon power-on.

4.2 Bluetooth Connectivity

1. Ensure the sound bar is powered on and in Bluetooth mode. The display will show "bt".
2. On your mobile device (smartphone, MP3 player), navigate to Bluetooth settings.
3. Search for available devices and select "ADVEISE Soundbar" (or similar name) to pair.
4. Once connected, you can stream audio wirelessly from your device to the sound bar.

This video demonstrates the features of the purevox UTV Sound Bar, including its adjustable clamps, 400-Watt peak power, full-range speakers, soft dome tweeters, Bluetooth V5.0 connectivity, IP65 waterproofing, and remote control for LED lighting adjustments. It also shows the AUX input and cigarette lighter adapter connections.

4.3 Music Playback and Controls

- Use the play/pause, next track, and previous track buttons on the sound bar or remote control to manage your music.
- Adjust volume using the volume up (+) and volume down (-) buttons.

4.4 LED Lighting Control

The sound bar features dynamic RGB LED lighting. Use the wireless remote control or the onboard button to cycle through different lighting modes:

- **Music Sync:** Lights flash and change color in rhythm with the music.
- **Solid Color:** Choose from various static colors.
- **Fading:** Colors smoothly transition.
- **Off:** Turn off the LED lights.

5. MAINTENANCE

5.1 Cleaning

Due to its IP65 waterproof rating, the sound bar can withstand water splashes and dust. To clean, gently wipe the surface with a damp cloth. Avoid using harsh chemicals or abrasive cleaners that could damage the finish or internal components.

5.2 Storage

When not in use for extended periods, store the sound bar in a cool, dry place away from direct sunlight and extreme temperatures. Ensure all connections are clean and dry before storage.

6. TROUBLESHOOTING

6.1 No Sound Output

- Check if the sound bar is powered on and the volume is turned up.
- Ensure your audio source (e.g., smartphone) is playing music and its volume is also turned up.
- Verify Bluetooth connection. If using AUX, ensure the cable is securely connected to both the sound bar and the audio source.
- Confirm the correct input mode is selected on the sound bar.

6.2 Bluetooth Disconnection or Pairing Issues

- Ensure the sound bar and your device are within the 100-meter Bluetooth range.

- Turn off and on the Bluetooth function on your device and the sound bar.
- "Forget" the sound bar from your device's Bluetooth settings and attempt to re-pair.
- Ensure no other devices are actively connected to the sound bar.

6.3 LED Lights Not Working

- Check the remote control battery.
- Ensure the LED lights are not set to "Off" mode via the remote or onboard button.
- Power cycle the sound bar.

7. WARRANTY AND SUPPORT

7.1 Warranty Information

This purevox UTV Sound Bar comes with a **Limited Warranty**. Please refer to the product packaging or the original purchase documentation for specific terms and conditions of the warranty.

7.2 Customer Support

For any questions, technical assistance, or warranty claims, please contact the manufacturer or the retailer from whom you purchased the product. Contact information can typically be found on the product packaging or the manufacturer's official website.
